## A WORD ABOUT CUT FLOWERS.

Our flowers are cut fresh every day and packed carefully so they arrive in a perfect state shipped loose or made up in designs. We supply them for all purposes, such as weddings, anniversaries and also for funerals. Boxes of cut-flowers cost from \$1.00 up, according to varieties selected. For description of flowers write for our illustrated price list on cut flowers, free on request.

Funeral designs are made up on the shortest notice and packed so as to arrive in a perfect state of preservation. For a full list of Floral offerings, write for our illustrated price list, free on request.

Established 1865. Incorporated 1887.

## SPRING OF 1908.

43 years in business.

The Above is from a Photograph Showing the Interior of our Salesroom, which is on the Street Floor, 1406 Olive Street.

To our Friends and Customers:-

As has been our usual custom, we take pleasure in sending to our good friends in all parts of the world our new garden book, and with it hearty thanks for their liberal patronage and the confidence that has been so generally bestowed upon us.

Believing that in quality of stock, complete assortments, we stand second to no firm in the western country, we solicit a careful examination of this our 43rd edition of our annual catalogue. We recognize no necessity for pages of hot air about the excellence of our products or methods of doing business to secure new customers. Our development from a small local concern to the largest plant growing establishment in the west, our thousands of pleased customers in every section of the country should be a sufficient guarantee to those who favor us with their orders for the first time. There must be a feeling of confidence on the part of the public towards any house doing business through the agency of a catalogue, otherwise the house cannot succeed.

We have devoted 43 years of building up a business of this kind until Young's Seeds and Plants have stood the test of time and experience and enjoyed a wonderful reputation. That we have the largest patronage of any house of its kind in the west is because our goods are known and because it is known that the 25c, orders received the same careful attention as the \$25.00 orders, our object being to please our customers large or small in every instance. In filling your orders we shall do our best to make every shipment satisfactory and profitable to you. In every case where we fail to do this from any cause, do not hesitate to report to us at once. We believe in liberal count, careful labeling, and light secure packing. The management of our company is under the personal supervision of the Young Brothers, each of whom has been in the growing and

shipping of seeds and plants his entire life. James Young in charge of sales department, Henry Young in charge of growing department, Yours truly, C. Young & Son's Co., 1406 Olive St., St. Louis. William C. Young in charge of shipping department.

### DISCOUNTS, PREMIUMS AND TERMS TO CLUBS.

There are those who do not wish to spare the money or do not feel able to purchase flowers, although they dearly love them. Then there are those who take pleasure interesting their friends and neighbors in the cultivating of plants, for indeed all comunities are better off for a liberal display of flowers. We wish to call the attention of all such persons to the fact that while they are working for us they at the same time provide themselves with plants at no outlay of money to themselves but are practically getting them free.

On application we will send extra copies of this Catalogue for distribution among your friends to assist you in forming a club.

LIBERAL CASH PREMIUMS-Those who prefer to be paid in cash for their services in securing club orders for us, may deduct the amount due them from the remittance instead of ordering plants to the full amount.

#### Positively no discount Allowed on Orders not Accompanied by Cash.

HOW TO SEND CLUB ORDERS-Keep each person's order separate, giving his or her full name, with the amount of the order; then make your selections of the amount due you, naming plants desired as your discount, signing your name as getter up of the club.

Remember- that the getter up of the club is entitled to all discounts. We cannot allow each member of the club to select discounts, and then allow the getter up of the club to select another discount. We will however add one plant for each dollar's worth that any one member of your club may send.

HOW WE PACK CLUB ORDERS-Each person's plants will be packed separately with his or her name attached, and the whole order sent to your address, so you will have nothing to do but to deliver the bundle. If the plants are to go by mail, and you desire them to be sent direct to the person, we will do so when the order amounts to \$1.00 or more.

#### DISCOUNTS ON PLANTS

For	\$3.00	select	to the	value of	\$3.50a	profit	of	\$ .50
	5.00	**	6.6	66	6,00	6.4		1.00
	8.00	+ 6	6.6		10.00	**		2.00
**	20.00		6.6	**	25,00	**		5.00
6.6	50.00	66	6.6	"	65.00	6.6		15.00

Although we send some extras of our selections with every order, we offer no premiums on orders amounting to less than \$3.00.

These reductions do not apply to the special low-priced offers.

### Discounts on Flowers and Vegetable Seeds in Packages Only.

On all orders for seeds in packets the purchaser may select 25 cents worth extra for each \$1.00 sent us. Thus any one sending \$1.00 can select seeds in packets amounting to \$1.25. for \$2.00, seeds in packets to the value of \$2.50, and so on.

The above reductions apply to seeds in packages only. Seeds in bulk are Not Cash Prices.

The following Catalogues are printed by us and will be Mailed free to applicants: Ornamental Trees, Shrubs, etc. Beautifully Illustrated Cut Flower Price List with Designs. Also Funeral List Illustrated.

PLANTS AND SEEDS BY MAIL.

## Cases of Plants for Shipping

PACKING is executed with great care, everything being carefully labeled.

We make no charge for boxing or packing.

No charge for delivering

to any freight depot, express office or wharf in St. Louis.

For Your Name.—Most people write their name hurriedly, while the names of the articles wanted are written with care. Please remember we are perfectly familiar with the names of all our goods, and can read them when poorly written, but we do not know your name, and if poorly written, we must guess at it, which if not correct, may cause much delay and even the entire loss of goods. Therefore write your name plainly. write your name plainly.

## Important Items

WE GUARANTEE that all seeds, plants or other goods shall reach our customers safely and in good condition. Examine carefully on receipt and report at once should there be any cause for

HOW TO ORDER. Please use order sheets found in front part of every catalogue, carefully filling out blank spaces at top for shipping directions. Be sure to sign your name and give post-office and state. To avoid mistakes, do not write letters on same sheet as orders.

WHEN TO ORDER. We are prepared to fill orders as soon as this catalogue reaches you. Send in your com-bined orders for seeds, trees and plants, and if you do not wish trees and plants sent until time to plant in your locality, will send seeds at once and balance of order later. If you want part or all of order held, state it distinctly with date when shipment is to be made.

POSTPAID BY MAIL. We deliver post-paid to any Post Office in the United States any arti-cle in this Catalogue offered by mail. BY EXPRESS OR FREIGHT. Means

BY EXPRESS OR FREIGHT. Means that we deliver the stock to express or railroad here, and the purchaser pays all transportation charges on receipt of goods. No charge for packages.

EXPRESS RATES. Plants, Seeds and Trees are now taken by the Express Companies at a reduction of 20 per cent from regular rates for merchandise. When distance is not too great it is best to order by express—stronger stock in better condition can be sent.

HOW TO SEND MONEY. The safest and most convenient and by far the cheapest method of sending money is by Post Office Money Orders, and nearly all Post Offices issue them. The fee on a Money Order is only 3 or b cents for small sums, Money can also be sent by Express Company's Money Orders, Bank Dratts, Bills or Coin by Registered Letter.

We will pay expense of forwarding money begither of the control of the

Money Orders, Bank Drafts, Bills or Coin by Registered Letter.

We will pay expense of forwarding money by either of the above ways, and you may deduct the cost from the amount of the Money Order sent.

STAMPS. We will accept stamps for very small amounts only, but since we offer to meet the expenses of sending money by the above four ways, we trust you will not send stamps, unless absolutely necessary, as they will be at your risk.

Customers visiting the city and intending to purchase Plants from us to take home with them should send us their orders by mail a day or two before, and we will have the plants packed ready for them at the Store when they call.

Non-Warranty—Most of the failures with seeds, plants and bulbs are due to causes entirely beyond our control, such as unfavorable weather or soil conditions, too deep or too shallow planting, etc., which renders it impossible for us to guarantee success, and although we take all possible care to supply only such goods as will, under proper conditions, produce satisfactory results, we still give no warranty as to description, quality or productiveness of any of the seeds, plants or bulbs we sendout, and will not be in any way responsible for the crop, and every order for articles named in this catalogue, will be executed on these conditions only. It must, however, be plain to everyone who gives the matter the slightest thought, that it is to our best interests to send out only such stock as will not only grow but prove true to name and description.

In conclusion, we wish to say that all orders by mail will be as carefully and promptly filled as though

grow but prove true to name and description.

In conclusion, we wish to say that all orders by mail will be as carefully and promptly filled as though ordered in person. We cannot afford, and do not mean, to have a single customer dissatisfied, if prompt and careful attention to his wants will prevent it. Our business success depends upon pleasing our customers and giving honest value for their money.

## NOVELTIES IN VEGETABLE SEEDS FOR 1908.

## A WORD REGARDING OUR NOVELTIES.

The following sixteen pages contain a list of meritorious new vegetable and flower seeds and also such old varieties as we deem worthy of special notice. Many we have introduced ourselves, others we have obtained from good sources; all are good. Everything we find on trial to be better than or distinct from other sorts we aim to catalog and the varieties we sell are to be relied upon—all fresh seeds.

#### ASPARACUS.

Bonvallets Giant. This is one of the best varieties for home or market use. It is a very quick yielding sort. The shoots are purplish in color, much preferred over lighter green or whitish grass when planted deep and cut white, the immense stalks possess a superb flavor, Per pkt. 10c.

Snowhead. A very fine new variety, stalks pure white, free from rust, an early variety and a heavy yielder. Per pkt. 10c.

#### BEET.

Columbia. A superb early main crop beet, suitable for either market or the home garden. The roots are neat turnip shaped flesh deep red, tender and of delicious flavor. Per pkt. 5c.

Wiboltt's Half Long Blood. The bulb of this variety is tender and of fine quality. rich color, and is entirely free from roughness; fine variety for slicing; Per pkt. 10c; oz. 15c; 1/2 lb, 30c.

Asparagus, Snowhead.

Crimson Globe. The beets are of medium size, oblong form, and average 3 in. in diameter. Skin smooth, flesh is purplish crimson and free from stringiness. Foliage is small of rich bronze purple. This is one of the best varieties we know of (see cut). Per pkt. 10c; oz. 15c; ½ lb. 30c. Early Model. A splendid round early Beet, of good size, uniformly perfect and almost round, with small, dark crimson colored leaves. In quality and color it is peerless, very fine grained, tender and sweet. Color of both skin and flesh, rich blood crimson. Per pkt. 5c, oz. 10c; ½ lb. 20c.

#### Cauliflower, Young Giant Deflance.

#### CAULIFLOWER.

Young Giant Defiance. This is a very popular extra early strain, and grows fine under ordinary care, heads solid, pure white, and quite large, and dark green leaves grow very closely around the heads. Per pkt. 15c.

Emperor. An early variety producing very solid, pure white heads of finest quality; close growing compact habit. It is adapted for market or home garden. Per pkt. 15e; 4 oz. \$1.00; oz. \$3.50.

Extra Late Steadfast. The heads are of large size, firm and fine grained: a beautiful clear white and delicate in flavor. Per pkt. 15c.

**Dryweather.** This is a first class variety in all respects and is especially adapted to dry situations. It produces large solid pure white heads. Per pkt. 15c.  $\frac{1}{2}$  oz. \$1.00.

Late Metropole. Grows to an enormous size, delicate flavor and extreme whiteness. Heads have a diameter of 10 to 12 inches. Per pkt. 15c. ¼ oz. \$1.00.

#### BEANS.

Dwarf French. A very fine new sort, extra early and prolific the pods are very long and well filled. It is a good market sort as its excellent flavor makes it a variety much sought after. Per pkt. 10c; pt. 25c; qt. 40c.

Dwarf Green Seeded Matchless. A new form of white seeded, matchless, dwarf Bean, with dark green, long pods, often 6 in. in length, well filled, very productive and hardy; highly recommended. Per pkt. 10e; pt. 25c; qt. 45c.

Phenomenon. This is a very early and extremely prolific Pole Bean, with long, fleshy, stringless pods; seeds white Per pkt. 10c; pt. 25c; qt. 40c.

New Marvel. This is a new, distinct climbing bean, and is a great improvement over the others. The pods are grown in clusters of from 4 to 5. The plants are covered with bunches of pods from top to bottom. It is a fine market variety as well as extremely early sort. Per pkt. 10c; pt. 25c; qt. 40c.

Jones' Stringless White Seeded, Round Pod Wax. An absolutely Stringless Bush Wax Bean, strong growth, having no tendency to form runners. It is nearly a week earlier than any strain of the Black Wax, the pods forming very quickly, and are long, perfectly round and exceptionally solid; of a delicate light color. Fine table quality when nearly matured, Per pkt. 10c; pt. 20c; qt. 40c.

Bean-Green Seeded Matchless.

Giant Stringless Green Pod Valentine. This new variety is a great improvement over the old Valentine which it resembles. The plants are of a strong growth, very productive, pods are 5 to 6 in. long, light green. slightly curved, being broadly rounded and saddle-backed; the pods are brittle and stringless at all stages, and of a mild flavor.

Per pkt, 10c; pt. 25c; qt. 40c.

For a Select List of Vegetable Seeds See Pages 17 to 29.

Giant Stringless G. P. Valentine.

## CARROT.

IMPROVED RUBICON-This is a beautiul half long stump root carrot originated in Rhode Island. The shape and color is most desirable. They grow about the same size as Danvers but thicker and are a rich orange in color. Per pkt. 5c.

LONG CARENTAN-An excellent Scarlet variety without core, for forcing or the open ground, tops very small, roots cylindrical with very small neck. Per pkt. 10c.

EARLY GEM-It is smooth and the flesh very close in texture. An excellent keeper and of fine flavor. Per pkt. 10c; oz 25.

NEW EARLY SHORT HORN-It is small redish orange of globular shape, an excellent keeper and of fine flavor. Per pkt. 5c; oz. 25c; 1/4 lb. 75c.

GOLDEN ROD-This is a half long stump rooted variety. somewhat deeper in color and a heavier cropper than Danvers. Pkt. 10c; oz. 25c; 1/2 lb. 75c.

GIANT INTERMEDIATE-This variety is uniform in shape, and where the soil is favorable it will grow clean without any side roots. For table use it is unexcelled and yields abundantly. Per pkt. 10c; oz. 25c; 1/4 lb. 75.

## CABBACE.

RED OTHELLO-This variety has all the good qualities of the Brunswick, being of great size which exceeds by far that of all known varieties of red cabbage. It is round forming a smooth flat head, very firm and is an excellent keeper. Per pkt. 10c.

DANISH DEFIANCE-A new variety, strong and hardy grower, producing a good crop, heads large and round uniform size with but few outer leaves. Per pkt. 10c.

CARROT-Earliest Shorthorn.

EUREKA-A flat or round headed cabbage of the hardy Wakefield type, excellent for fall planting in the South or to winter over in cold frames for the earliest crop in the north. Per pkt 10c; oz. 25c.

RED ZENIT-The best red cabbage up to date. The heads are very solid, of the richest deep blood red, medium sized fine ribbed and with but few outer leaves. Per pkt. 10c; oz. 25c.

EARLY STONEHEAD-The outer leaves are large and spreading so that the plant should be set two feet apart in the row. The heads often measure 10 to 12 inches across and are of very sweet flavor. Per pkt. 10c.

## CHICORY.

IMPROVED VENETIAN STRIPED-A most interesting variety and a great improvement on the red leaved Chicory, the leaves of which are, however, much larger than in the latter sort. The leaves when well blanched are striped red, rose and yellow, Used by itself or in a mixture with Corn salad or Lettuce, it makes a delicate and

attractive salad for winter use. Per pkt. 15c

SCARLET CHAMELEON-An interesting variety producing medium-sized flat fruits, which when ripening are white at first, changing gradually into yellow and turning to brilliant scarlet at last. Per pkt. 10c.

ECC PLANT.

JAPANESE MONSTER-This novel variety originated in Japan. The fruit is of enormous size, absolutely perfect shape and the color a dense black resembling the noted black Pekin, over which it is a great improvement. The flesh is pure white and very firm and has very few seeds. The plants are very vigorous, with ample foliage. Per pkt. 10c.

CABBAGE-Danish Deflance.

BLACK BEAUTY-This variety is from 10 to 12 days earlier than New York Improved. The fruits are broad thick and almost black. The skin is rich and lustrous, and the color does not fade or change on the plant. A fine market variety. Per. pkt. 10c; oz. 30c.

### ENDIVE.

SILVERHEART-Distinct new variety with finely lacinated moss curled leaves of a light yellow color turning almost to white. Stalks and ribs nearly white. Per pkt. 5c.

FAMOUS-This is a very fine variety that can be grown at all seasons of the year. In appearance it is quite handsome. Its crisp leaves give it a very particular look, the heart is very full, aud it blanches easily without being tied up. It should be treated as a winter Endive principally, but can just as well be grown for summer use. Per pkt. 5c.

GOLDEN HEART-This is a splendid variety of Endive with broad leaves and a golden yellow heart as the name implies. A fine sort. Per pkt. 5c.

EGG PLANT-Black Beauty.

CELERY-Transparent

FURST BULOW A new forcing Cucumber produces medium sized very fleshy fruits of fine flavor, vigorous grower recommended highly for forcing. Per pkt. 10c.

NEW DAVIS—This variety has no equal. Its excellent eating qualities, shape, color and productiveness places it without a rival. It is a very vigorous grower and should not be planted too close together. It has very few seeds, which makes it preferable to any other sort for the table. It is a grand variety for either market or the home garden. (See illustration). Per pkt. 10c.

LEMON—A new and distinct type, tender and sweet, nearly round, with the yellow and green markings and smooth skin of the lemon, while the flesh is exceedingly tender and crisp with a flavor surpassing all other cucumbers. It is one of the best for pickling.

and green markings and smooth skin of the lemon, while the nesh is exceedingly tender and crisp with a flavor surpassing all other cucumbers. It is one of the best for pickling, size 2½ to 3 inches in diameter. Per pkt. 5c; oz. 10c.

EXCELSIOR—An excellent and free bearing variety, light green color, white spined, 10 to 14 inches in length, fairly early, contains little seed, firm and juicy flesh, of excellent flavor, good for salads and for pickling. Per pkt. 10c.

## CORN.

WHITE MEXICAN—Many are acquainted with the delicious flavor of the Black Mexican sweet corn, but the objection has always been the color. In the White Mexican this has been eliminated, while all the good qualities of the old dark type remain. It is a very early variety, coming in with Cory or a little bit before, and is a better yielder. The plant is from four to five feet high, vigorous and healthy. The ears in size and shape remainle the Black Mexican. Per pkt 10c; pint 20c; qt. 35c.

MASON'S FAVORITE—The ears are of large size, very tender and of delloious, rich flavor. The plants are luxuriant, healthy growers and are scarcely affected by drought and are wonderfully prolific. Per pkt. 10c; pt. 20c; qt. 35c.

EARLY METROPOLITAN—The stalks are of strong growth, bearing one or two large ears; the ears are about 9 inches long, and 10 to 12 rows filled with large grains of fine sweet flavor. Per pkt. 10c; pt. 20c; qt. 35c.

EARLY SHEFFIELD—This sugar corn is a very early, hardy variety; the stalks are strong and vigorovs, growing about 5 feet high and generally bearing two large ears that are well filled to the top of the cob. The kernels are large, white and very sweet. Per pkt. 10c; pt. 20c; qt. 35c.

CLARK'S NONE SUCH—It is one of the best second early varieties on the market. Its quality is simply delicious and customers report that a numbers of the stalks contained two ears 12 inches long and were filled from end to end. It is of a red cob variety and preferred by many on that account. Pkt. 10c; pt. 20c; account. Pkt. 10c; pt. 20c;

PEEP O'DAY-One of the very earliest sorts. It grows about 34 feet high and bears nearly two ears to a stalk. They are of good size for so early a sweet corn a very good variety. Per pkt. 10c; pt-25c; qt. 45c.

"HOLMES' PREMO-This is a very fine variety of Sweet Corn as it gives general satisfaction everywhere and combines all the merits of the leading early variefies, but is superior to them in quality and yield. Per pkt. 10c, (see cut).

## CELERY.

TURNIP ROOTED SNOWBALL—Roots of this variety are perfectly smooth, flesh snow-white, tender and sweet with very short and curled foliage. Per pkt 10c.

YOUNG'S TRANSPARENT-This variety is earlier and much larger than the White Plume. The foliage and stalks are pure white, not stringy but very sweet, tender and of a m!lky flavor. Per pkt. 10c.

MONARCH—The stalks are large and have a magnificent bright golden yellow heart, very solid crisp and tender, and of delicious flavor. Per pkt. 10c.

PERFECTED WHITE PLUME—This variety is unsurpassed for fall and early winter use, requiring very little earthing up to blanch it; heart large, stalks full, a fine keeper, compact grower. Per pkt. 10c.

YOUNG'S GOLDEN-(Self Blanching)-Color a beautiful golden color, very full stalks, dwarf and very easy to blanch on account of its light color. Its leaves are elegantly curled which makes its appearance preferable over all other varieties. For garnishing dishes it is invaluable. Per pkt. 10c.

## KOHL RABI.

WHITE DELICACY—Fine for the private garden. It is round like an apple with smooth skin and very few leaves the flesh is very tender, pure and of delicious flavor. Per pkt. 10c.

## KALE.

IMPROVED DWARF GREEN—The leaves are curly as Parsley, tender and of fine flavor, and are much improved by frost. Sow the seed in May or June, transplant in July, and treat same as Cabbage. Per pkt. 5c; oz. 10c.

RADISH-Olive Shaped White.

SALSIFY-Wisconsin Golden.

#### SALSIFY.

WISCONSIN GOLDEN—It is rich tender and delicious, and decidedly superior to the white varieties.

The leaves are quite peculiar in appearance, of a dark green color, and crimpled or curled in a manner characteristic of the new and distinct type. Per pkt. 10c, oz. 15c, 1/4 ib. 40c.

#### RADISH.

YOUNG'S GIANT—Color dark red, flesh mild crisp tender, and of superior quality, should be in all gardens. Per pkt. 5c.

OLIVE SHAPED WHITE—A beautiful pure white variety as shown in illustration. It is crisp, tender and of a most delicious flavor, of extremely quick growth. It is one of the choicest varieties for the table both for flavor and color. Per pkt. 10c. oz. 25c.

**DELICIOUS**—The leaves are small. The flesh is white, crisp, juicy, and sweet. It is a quick grower, and bunches up hand somely. It is perfectly solid and erisp to the center. Per pkt. 10c. oz. 15c.

WHITE CHARTIER—It is a summer variety, succeeding best when treated as such. The flesh is pure white, crisp and tender. Mild and very valuable for slicing. A most desirable variety. Per pkt. 10c. oz. 15c. ¼ 1b. 25c.

SPINACH-Giant Curled Savoy.

#### PEPPER.

DWARF COMPACT—Regular conical shape, color beautiful shade of yellow changing to purple, and finally turning to bright scarlet. The colors exhibited at different times is very striking and make the plants quite ornamental. The pods are of rather pungent flavor and therefore are L or pickles. Per pkt. 10c.

GIANT NAPOLITAN—The fruit is of large size, color a brilliant red, and the fles very thick and perfectly mild. Fer pkt. 10c.

CHINESE GIANT—Most brilliant, glossy scarlet, the flesh is unusually thick and extremely mild, and makes an excellent salad. Per pkt. 10c.

GOLDEN DAWN—The color is a distinct yellow, which makes a handsome appearance. The flavor is mild and very sweet; an excellent variety for table use. Per pkt. 10c. oz. 25c. 4a lb. 75c.

CRIMSON GIANT—The shape of the bulb varies a little between round and oval, but the skin is a deep crimson and the flesh pure white. Per pkt. 10c oz, 15c. 1/4 lb. 25c.

#### SPINACH.

GIANT CURLED SAVOY—The leaves are large, thick dark green, crimped and heavily veined, and produced in great numbers. It surpasses the other varieties in quality and productiveness and has the true Savoy handsome appearance. It is valuable for either spring or fall use. Per pkt, 10c, oz. 20c.

RADISH-Waite Chartier.

Tomato-Crimson Cushion.

## TOMATO

MAGNUM BONUM-This sort combines extreme earliness with great productiveness. It is thin skinned slightly ribbed fruits, and brilliant scarlet color, diameter, 4 to 4½ inches. Per pkt. 10c.

CRIMSON CUSHION - This variety is more symmetrical in shape than the Ponderosa, and is much thicker. The color is brilliant scarlet crimson, untinged with purple and ripens up almost completely to the stem. Flesh firm and meaty and of superb quality. Per pkt. 10c.

TENDERLOIN - Remarkable sturdy growth and peculiar bronze green foliage, bears fruit in clusters which are very meaty and luscious. Per pkt. 10c.

YOUNG'S GRAPE-Very choice variety, vines are robust, and grow about 3 feet high. The fruits are a beautiful scarlet color and measure about 21/2 inches across, quite solid and tender and tart, which makes it a delicious variety for slicing for the table. It is extremely productive. Per pkt. 10c; oz. 35c.

YOUNG'S GIANT PURPLE-The skin of this variety is a beautiful red with a slight purplish tinge. It is an extremely large tomato, perfectly smooth, flesh solid and thick with very few seeds; a fine cropper, Per pkt. 10c.

## PARSLEY

EMERALD ISLE-A handsome variety of quick robust growth. forming compact ornamental plants, densely furnished with strong stemmed leaves finely cut and most beautifully curled, and on account of its color is very attractive for garnishing. The flavor of the count of its color is very attractive for garnishing. The flavor of the leaves is quite rich, and is especially valuable in soup, sauces, dressings, etc. Per pkt. 100, oz. 20c.

LIVINGSTON'S EXQUISITE-One of the main features in any variety of parsley is the ornamental effect of its leaf when used for garnishing. This is a very strong point in our new parsley, with its beautiful and closely curled leaves of handsome dark green shade,

> while the flavor is all that could be desired. As a pot plant for winter decoration, in window or on dining table, it is simply "exquisite." It is altogether the finest strain of curled parsley that has ever come under our notice. Per pkt. 10c; oz' 20c.

TOMATO-Tenderloln.

## TURNIP.

WHITE STONE-The shape of it is shown in the illustration; the color is pure white, both outside and inside; the flesh is solid, mealy and of fine flavor. As a heavy cropper and reliable keeper it cannot be excelled. It is fine for either garden or home use. Per pkt. 10c; oz. 20c.

EARLY WHITE MILAN-This is an extra variety, well adapted to early spring and summer planting, and sown at intervals will furnish a continuous supply of the most delicious turnips. They are of medium size, very handsome, smooth and of a clear ivory white. The flesh is tender, mild and of a sweet flavor. For a white table turnip this variety is unequalled. Pkt. 5c; oz. 20c.

#### SQUASH.

WHITE CONGO-This variety has light green leaves with pointed lobes. The fruits are small cream, white in color, of a peculiar shape, thick and ribbed near the stalk, and tapering to a point at the ends. Flesh compact, very sweet finely flavored and of superior quality. Per pkt. 15c.

GREGORY'S DELICIOUS-In appearance it resembles the Hubbard, and has very small seed cavities; flesh, deep orange color; tender and almost of mealy dryness. No matter how it is cooked it is simply delicious. Per pkt. 10c; oz. 15c; 1/4 lb. 40c.

FORDHOOK-The flesh of this squash is very dry and sweet. It is one of the earliest of the winter varieties, and if stored in a cool, dry place will keep till the following June. The meat is thick and the seed cavity small. The green squashes can be used at any stage of their growth, and is valuable for home or for market. Per pkt. 5c; oz. 15c; 1/4 lb, 40c.

SOUASH.

Class produces large needleshaped flowers of about 6 inches in circumference, which are borne on stiff stem. Per pkt. 10c.

GIANT WHITE VICTORIA— White and of vigorous branching habit. It resembles the Hohenzolleru varieties, but surpasses them a great deal, a charming variety for cutting and for exhibition purposes, it is also useful for bedding and for pots (see cut.) Per pkt. 10c.

PEARL—The flowers are from 5 to 6 inches in circumference and shaped like little balls. The plants 20 inches high are strikingly graceful, bearing about 20 flowers on slender stalks 8 to 12 inches long. While especially valuable for cutting purposes, it is useful for bedding and pots Per pkt. 10c.

ASTER GIANT COMET RUBY—Flowers of this variety are borne on leng stems and on account of their long, loose flowers, they resemble a Chrysanthemum, which makes them invaluable for cutting. Color bright scarlet, Per pkt. 15c.

ASTER MISS ROOSEVELT—Light yellow color, and by degree changes into a delicate flesh color. The combining of the two colors produces a singular change and produces a color similar to the color of the well known Rose Glorie de Dijon. Per pkt 15c.

SUNLIGHT—A true sulphur yellow, a color not often met with in Asters. It has long stiff stems and the flowers are 2 to 3 inches across. Per pkt. 10c.

CIANT ORCHID FLOWERING COSMOS

NEW CIANT ORCHID FLOWERING COSMOS

LADY LENOX—The color of this is a delightful shell pink, oval petals of splendid wibstance, forming a perfectly circular flower, which when cut lasts a long time when placed in water. Strong vigorous grower, 6 to 7 feet high. Per pkt, 15c.

YOUNG'S CHOICE COSMOS

SUNFLOWER—Color golden yellow. The flowers measure 2 inches across, the plants are dwarf growing about 2 feet high and are a great improvement on the old yellow variety. Per pkt, 15c.

SUNFLOWER-Color golden yellow. The Howers measure 2 inches across, the plants are await glowing about the provement on the old yellow variety. Per pkt. 15c.

BLACK PRINCE—This is one of the showlest varieties we know of; color a dazzling red which makes the plant very attractive. Per pkt. 15c.

TITANIA—The plants of this variety grow from three to four feet high, flowers from 2 to 3 inches across, semi-double, with irregular lacinated petals of the purest white which are borne on slender stems in great profusion. Per pkt. 15c.

One packet of each of the three varieties postpaid 30 cents.

MARCUERITE CARNATION—CIANT FLOWERING

These fragrant garden Carnations flower profusely the first year from seed. Glant White, per pkt. 15c. Giant Red, per pkt. 15c. Glant Rose, pkt. 15c. Giant Striped, per pkt. 15c. Giant Mixed Colors, per pkt. 16c. The entire collection of four distinct colors, one pkt. of each for 3cc. Tom Thumb—This is a very dwarf variety, growing about 9 inches high; mixed color. Per pkt. 15c.

Calliopsis—Tom Thumb Beauty.

#### DAHLIA

COLOSSAL—A veryfine strain, large flowers which are stiff stemed and very firm. They produce a great effect as cut flowers or planted in beds. Per pkt. 10c.

IMPERIALIS—The Lily Dahlia grows 10 to 12 inches high and bears panicles of lovely flowers. The color is delicate mauve almost white. Veined with pink. Per pkt. 10c.

#### FOR-CET-ME-NOT

F STRICTA ROSEA—(Pillar shaped,) adapted beautifully for out-door decoration as well as for pot culture. All the branches grow straight without bending over. Every plant forms a regular pillar or column, this habit renders this variety particularly useful as a pot plant or for market sale or decorative purposes. Per pkt. 10c.

SYLPH—The blossoms of this very pretty novelty are silvery white and most suitable for effective spring bedding, it also makes a very neat pot plant. Per pkt. 15c.

GRACILUS ALBA—The plants grow very dwarf and are covered with swow-white blossoms. A very profuse bloomer. (see cut) Per pkt. 15c.

WATER FAIRY OR FAIRY EYE—Dark blue color, with a large white center eye. It blooms readily from seed; it is often in bloom in eight weeks from time of sowing. Per pkt. 15c.

#### **ESCHSCHOLTZIA**

CROCEA—Color a beautiful orange shaded, almost double. The plants are of compact upright habit and bushy. Per pkt. 10 cents.

CAMMINE KING-Large flowers of a striking rose color. Per pkt. 10c.

DAINTY QUEEN—The color is a tender blush or coral pink slightly deeper toward the edges, the inside and outside are the same, so the flower is the same open or closed. Small compact bush, free blooming variety, we are sure this variety will attract great admiration. Per pkt. 10c.

## **CALLIOPSIS**

ROSA DE ORA—This variety bears numerous dainty flowers with 18 to 20 regular toothed petals. They are prettily cupped and resemble miniature roses, which it derives its name from. Per pkt. 10c.

TOM THUMB CRIMSON KING— Height 7 inches a very compact and massive bloomer, forms a compact bush, with rich, dark crimson flowers. Per pkt. 10c.

GOLDEN RAY-Flowers large golden yellow, conspicuous purplish-brown centre, petals twisted like those of the single flowered Cactus Dahlia. Per pkt. 10c.

TOM THUMB BEAUTY—The plants grows about eight inches high, and are covered with bloom, the color of which is very showy, being a golden yellow, with crimson centre. (see cut). Per pkt. 10c.

HYBRIDA SUPERBA—Beautiful flowers in all shades of yellow-orange to the deepest velvety brown. For groups, borders and pots, and also as cut flowers, they are most desirable. Per pkt. 10c.

## DIANTHUS

LACINATUS MEPHISTO—A beautiful Japanese pink 8 to 10 inches in height, of compact growth. The flowers are marked or striped with blackish brown or light salmon scarlet ground. All petals have distinct light or white edges forming a rich combination of colors. Per pkt. 10c.

LACINATUS VESUVIUS-Nicely fringed flowers of the most intense colors, very effective for borders. Per pkt. 10c.

BRILLIANT VIOLET—Elegant growth, bushy and covered with slightly fringed brilliant violet flowers, bringing the mixture of pinks to a beautiful display of colors. Per pkt. 10c.

YOUNG'S HEDDEWIGI-F1. pl. Mixed. Extra select flowers, large and very double. Per pkt. 10c.

QUEEN ALEXANDRIA-Flowers pure white, large with crested surface and petals. Per pkt. 10c.

SNOWDRIFT—A robust variety branching habit, grows about one foothigh, and strikingly large flowers, pure white. Per pkt. 10c.

Dahlia.

#### GAILLARDIA

SULPHUR QUEEN - The most striking of Gaillardias, they are borne on wiry stems and are excellent for decorations. The color is pale yellow with a bright dark red eye, giving the flowers a distinct appearance. Per pkt. 10c.

SEMI PLENA—Color light or dark yellow and in many cases they are tinged with red which makes it extremely showy, Perpkt. 10c.

## CHRISTMAS PEPPER.

A very handsome dwarf growing plant which is entirely covered in October with a small fruit of a brilliant red color. The seed may be sown in the open ground, and when the plants are transplanted into pots before frost and treated as a house plant, they are very attractive all winter, as the fruit does not drop off very easily or dry up. Per pkt. 10c.,

### HELIOTROPE.

MARQUERITE-Large umbells of dark blue flowers. The plants are covered with masses of flowers. Per pkt. 10c.

MIDNIGHT—This variety has dark stems and foliage; flowers very striking being variegated light and dark purple and white, very attractive. Per pkt. 10c.

#### GODETIA.

CRIMSON GLOBE—It forms a compact little bush about 9 inches in height, completely smothered with flowers of the most dazzling, intense crimson. It is impossible to describe the beauty of this flower no garden should be without it. Per pkt. 25c.

### HELIANTHUS or SUNFLOWER.

STARLIGHT—In this new variety of annual sunflowers we have a fine advance, the flowers are large of very graceful appearance and with petals beautifully twisted like a fine form of single Cactus Dahlia, color of flowers is a beautiful canary yellow and borne in long stems and cannot be excelled for cutting purposes. Per pkt. 15c.

### IMPATIENS.

HOLSTEII—A new handsome balsam; it forms bushes 1½ to 2 feet high, and resembles in habit, foliage and shape of flowers, the popular Impatiens Sultana which rarely bears more than one flower on each peduncle but this variety produces from 2 to 4 flowers in each which are a vermilion red; they are quite showy in flower beds. (see cut) Per pkt. 15c.

#### MARAGOLD.

GOLD RING—The color of this variety is dark velvety brown, gracefully surrounded by a distinct gold ring, plants are compact and bushy. It flowers abundantly. Perpkt. Sc.

### MIGNONETTE.

YELLOW PRINCE—The plants of this variety are of a rich canary yellow, a vast improvement on anything before introduced in the way of a yellow Mignonette. The flowers are large and thick, after the style of the already well-known Giant Crimson Machet (see cut). Per pkt. 5c.

MORNING GLORY-Double White Tassel.

HELIOTROPE.

MIGNONETTE-Yellow Prince

## CHOICE PETUNIAS.

ROSALIND — Beautiful large flowering variety of single fringed Petunia, flowers delicate rose with a light yellow centre throat slightly veined. Per packet 10c.

SUPERBISSIMA QUADRI COLOR—The bright rose flowers veined for two-thirds of their surface with a network of lustrous carmine which merges toward the throat into a deep blood red; it is a striking plant. Per packet, 15c.

STAR—The flowers are a dark maroon and each one is distinctly marked with a five-point star which makes it quite showy. The plants branch freely and bloom most profusely. It is considered one of the best varieties of recent introduction. Per pkt. 15c.

Petunias. It has large flowers of fine shape, with wide open throats, fer up towards the outer margin it is steeped into a clear, bright, golden yellow, intarnished by the usual net of dark veins and which with the pure white margin is of a most marvelous effect. Per pkt. 20c.

#### PHLOX DRUMMONDII.

RHEINGOLD-This variety belongs to the large flowering class of

NANA COMPACTA CHAMELEON—A new dwarfphlox with large trusses and perfect flowers, which show when opening a light yellow changing into a rose with purple centre. Per pkt. 10c.

CECILY—Flowers very large white and dark centered selfs and striped colors and reach the height of 6 inches, close, compact and robust growth, and the plants are literally covered with blooms, its richness of colorings and immense size of flowers. Per pkt. 10c.

## MORNING GLORIES.

**DOUBLE WHITE TASSEL**—This beautiful flower remains open all day and is very pretty. It is pure white, very double and fringed. Grows true from seed. Per pkt. 10c.

## NASTURTIUMS.

TALL SCARLET BEAUTY.—A climbing variety of great merit. The flowers are of brilliant color, rich rose scarlet, the effect of which forms a grand contrast to the variegated leaves. Per pkt. 10c.

DWARF, YELLOW.-Variegated leaved variety. The flowers are of rich yellow shade, beautifully blotched and stained very free and effective; forming a fine contrast. Per pkt. 10c.

## NASTURTIUMS.

### Young's Novelty Collection of Dwarf and Tall Varieties.

7 Distinct Sorts. One package of each Variety for 30c.

TALL SUNLIGHT.—This beautiful Nasturtium has large foliage of a light green color, which is nearly concealed with rich golden yellow flowers that are borne very profusely the entire summer until killed by frost. The flowers are very large, often measuring 3 inches in diameter. It is a splendid climber (see cut). Per pkt. 10c; oz. 25c.

TALL MOONLIGHT.—This variety has the same style of growth and size of flowers as sunlight, except it is of a light straw color; it has the same crink-led effect in the petals. Per pkt. 10c; oz., 25c.

TALL CHAMELEON.—This new variety possesses a most unusal feature by presenting different colored flowers on the same plant. They are variously blotched, striped and bordered with these several colors and borne in great profusion. Pkt., 10c; oz., 25c.

HYBRIDS OF MADAM GUNTER.—These Hybrid varieties are exceedingly strong growing climbers, often attaining the height of from 5 to 6 feet; they are also equally well adapted as trailing vines for vases or over the ground, being covered the entire summer with large substantial flowers of most brilliant shades, embracing the following colors; rose, pink, maroon, salmon, light yellow and dark orange, in self colors and in stripes and blotches in the most varied manner. Per pkt., 5c; oz., 25c.

**DWARF CHAMELEON.**—This is a dwarf form of the Chameleon strain, possessing exactly the same peculiar features of producing various colored flowers on the same plant. Its dwarf habit makes it very useful for bordering or edging. Per pkt., 10c; oz., 25c.

**DWARF HE MISPHERE.**—It is one of the spreading, rounded form, each plant resembling a giant round ball cut in half and set on the flat part. The leaves are large, the color of the flowers are a rich lemon yellow, with throat blotches of deep crimson. Per pkt. 5c.

DWARF LILLIPUT.—This is a very distinct variety, growing smaller in size than the Tom Thumb Nasturtium. The flowers are borne in clusters on the top of each bush and of a brilliant combination of colors. Pkt. 10c.

## YOUNG'S COLLECTION OF GIANT NASTURTIUMS

#### CLIMBING VARIETIES.

8 Distinct Sorts. One Package of Each Variety for 35c.

CLIMBING CAPRICE.—The remarkable character of this variety is in the large number of varied dowers on a single plant. The flowers are extra large, showing a combination of colors. It is of climbing or creeping habit with beautiful dark colored foliage. Per pkt., 10c.

ELECTRIC-This is a very early variety, almost round in shape. Pkt. 5c, oz. 10c, ¼ 1b. 20c,

The roots are of round shape, perfectly smooth, with intense blood-red skin and flesh.

Per pkt. 5c, oz. 10c, 1/1 lb. 20c, 1b. 75c.

## ASPARAGUS.

purchasers must pay their own express charges.

Sow the seed in drills about 1 inch deep, and the rows about one foot apart. Keep the soil mellow and free from weeds during the summer and in the fall or succeeding spring the plants should be set about I foot apart, and the crown 4 inches below the surface. The beds should be narrow, so as to permit of cutting to the center. Before winter cover the transplanted beds with about 4 inches of man-ure. Salt is an excellent manure for Asparagus. Sow a little on the surface in the spring and it will keep down the weeds. The young tops may be cut for the table the second summer, but not very freely until the third

ARGENTEUIL—A favorite variety, éarly, yield abundantly, free from rust Per pkt. 5c oz. 10c 1/4 lb. 20c, lb. 55c.

COLUMBIAN WHITE—The shoots remain white without earthing or artificial blanching, as long as fit for use. Pkt. 5c, oz. 10c, ¼ lb. 20c

CONOVER'S COLOSSAL—Color, deep green quality first-class, spreads less than other sorts. Pkt. 5c. oz. 10c. 1/4 1b. 2(c. 1b. 50c.

PALMETTO-Even and regular in growth and appearance. Usually ready for market before any other varieties. Pkt. 5c, oz. 10c, ¼ lb. 20c, lb. 50c.

BARR'S MAMMOTH-A very early variety, stalks frequently 1 inch in diameter. Per pkt. 5c, oz. 10c, ¼ lb. 20c, lb. 50c.

## BEANS.

POLE OR RUNNING.

Stangen-Bohuen, Ger.: Haricot a Rames, Fr.: Judias, Sp.

One Quart to 150 Hills.

Pole Beans, being tender, ought not to be planted until the ground is dry and warm. A well manured sandy loam suits them best. Plant in hills four feet apart, six or eight beans to the hill, eyes downward, afterwards thin to three plants in a hill. Set poles 8 or 10 feet long before planting seed.

LARGE WHITE LIMA OR BUTTER-This is esteemed the best of all pole beans, and is almost universally grown, both for market and private use. Per pkt. 10c, pt. 25c, qt. 40c, pk. \$1.75.

KING OF THE GARDEN LIMA-This is quite similar to that of the common Lima, though the vines are far more productive and mature the fruit much earlier. Per pkt. 10c, pt. 25c, qt. 40c, pk. \$2.00.

EARLY GOLDEN CLUSTER WAX—Begins to bear early in July and continues until frost. The flavor is most delicious. Can be used either shelled or as string bean. Per pkt. 10c, pt. 25c, qt. 40c, pk. \$2.00

RED SPECKLED, CUT SHORT, OR CORN HILL POLE—This is a climbing green-podded variety, used for planting in with corn. It is very productive and of excellent quality. Per pkt. 10c, pt. 20c, qt. 40c, pk. \$2.00.

SCARLET RUNNER-A great favorite. It grows to the height of 9 or 10 feet, presenting dazzling scarlet flowers from July to October. pkt. 10c, pt. 25c, qt. 40c, pk. \$2 00.

LAZY WIVES' POLE BEANS-A favorite variety. Pods growing from 4 to 6 inches long, entirely stringless. Per pkt. 10c, pt. 25c, qt. 40c, pk. \$2.00.

WHITE CORNFIELD-A popular variety. Beans white, pods round and very productive. Per pkt. 10c, pt. 25c, qt. 40c, pk. \$2.00.

WHITE DUTCH CASE KNIFE-A very early variety, good used as a shell bean, either green or dry. Per pkt. 10c, pt. 25c, qt. 40c, pk. \$2.00.

OLD HOMESTEAD OR KENTUCKY WONDER-This variety is about 10 days earlier than any other green sort, being fit for the table about the first of August. It is enormously productive and stringless. The pods although large cook very tender, and are delicious. A very fine market variety. Per pkt. 10c, pt. 25c, qt. 40c, pk. \$2.00.

HORTICULTURAL CRANBERRY OR WREN'S EGG-A very popular variety for either snap-shot or dry shell beans. Pods are of medium length, slightly curved. Beans are of good size, tender and of fine flavor. Per pkt. 10c, pt. 25c, qt. 40c, pk. \$2.00.

#### BEAN Dwarf or Bush Lima.

These Varieties do not require any Poles.

NEW DWARF OR BUSH LIMA—This variety grows without the aid of stakes, in a compact bush form, from 15 to 18 inches high, and preduces enormous crops of delicious Lima Beans (see cut). Per pkt. 10c, pt. 25c, qt. 40c, pk. \$2.00.

BURPEE'S BUSH LIMA—Grows from 24 to 30 inches high, and a y heavy and sure cropper. The beans are as large as the White Lima. very heavy and sure cropper. The b Per pkt. 10c, pt. 25c, qt. 40c, pk. \$2.25.

Bean-Long Yellow Six Weeks.

#### REANS.

Dwarf, Bush or Snap. 1 Qt. to 100 Ft. of Drill. 2 Bushels to an Acre.

Plant about the middle of April, if the ground is warm and the season favorable, for a succession and at intervals throughout the season, finishing about the 15th of August. The best mode of culture is in rows, 2 feet apart, and the beans, 3 inches apart, and 2 inches deep in the rows. Keep well hoed, and draw the earth up to their stems, but only when dry, working them when wet with rain or dew will cause them to rust and injure the crop.

EXTRA EARLY RED VALENTINE-This is the leading variety both for market gardeners and private use, very productive and of excellent flavor. The pods are round and tender, and remain longer in the green state than any other variety (see cut). Per pkt. 10c, pt. 25c, qt. 40c, pk. \$1.75

pk. \$1.75

EARLY MOHAWK—The hardiest of the earliest varieties, will stand more cold than any other. The pods are from 5 to 6 inches long. Per pkt. 10c, pt. 25c, qt. 40c, pk. \$1.10, bu. \$4.00.

EARLY, LONG VELLOW SIX WEEKS—It is extra early, a vigorous grower and very productive, very prolific, the pods are long and entirely stringless (see cut). Per pkt. 10c, pt. 25c, qt. 40c, pk. \$1.25, bu. \$4.50.

bu. \$4.50.

GOLDEN WAX—One of the earliest varieties. Pods long, brittle, entirely stringless, of rich golden color. As a bean for winter use it has few equals. Per pkt. 10c, pt. 25c, qt. 40c, pk. \$1.75, bu. \$6.75.

DAVIS WHITE WAX—Immensely productive, bearing large, handsome, straight pods 5 to 6 inches in length, the dry seeds being white and of medium size. It is desirable for winter market as a shell bean. Per pkt. 10c, pt. 25c qt. 40c, pk. \$2.00, bu. \$7.00.

BLACK WAX—Pods about 7 inches long, color yellow when ripe very tender and of a good quality. Per pkt. 10c, pt. 25c, qt. 40c, pk. \$1.75 bu. \$6.25.

bu. \$6.25

bu. \$6.25.

GOLDEN EYED WAX—Strong bushy growth. 15 inches in height, plants heavily laden with handsome pods 5 inches in length and ½-inch wide. Per pkt. 10c, pt. 25c, qt. 40c, pk. \$1.75, bu. \$6.00.

BEST OF ALL—A new red-speckled variety, very early, good cropper and compact grower. The pods are flattish round, dark green, very solid and good quality (see cut). Per pkt. 10c, pt. 25c, qt. 40c, pk. \$1.25,

Beans Best of All.

YOUNG'S IMPROVED VALENTINE-The pods ате

YOUNG'S IMPROVED VALENTINE—The pods are straight, round and of a light green color, a very valuable variety. Per pkt. 10c, pt. 25c, qt. 40c. pk. \$1.60, bu. \$5 50.
YOUNG'S GOLDEN RUST-PROOF WAX—This is the earliest of all Wax Beans Pods round, of a clear golden yellow color, straight and much longer than the old variety. It is very prolific and absolutely rust-proof. Per.pkt 10c. pt. 25c. pk. \$1.75. bu. \$6.50
BURPEE'S STRINGLESS GREEN POD—The pods are ready for market nearly two weeks earlier than the Improved Valentine or Early Mohawk. Pods are round, full, large and straighter than the Valentine. In quality it is superior to any other Bush Bean (see cut). Per pkt. 10c, pt. 25c, qt. 40c, pk. \$1.50.

## CELERY.

One Ounce for 2,000 Plants.

Sow the seeds the first of March or April. By rolling or pressing the seed firmly into the ground it has been found more satisfactory than only slightly cov-

The seedling plants should be clipped down par-

The secting plants should be clipped down partially two or three times to make them short and stocky before transplanting.

Ground where celery is to be planted should be highly fertilized and cultivated, laid off in spaces 4 to 5 feet apart, and each space being enough to plant the the celery in rows 6 inches apart and from 2 to 5 feets apart.

from 3 to 5 rows in space, Celery does not require to be planted in trenches. as in former years. About the first week in September the work of earthing up may be commenced and continued every two weeks until up to the leaves. This is done to bleach the stems and

render them crisp.

PINKPLUME —Is a self-bleaching variety, after the style white of plume, requiring very littleearthor banking up. We consider this variety to be of exceptional merit combining as it does all the good

exceptional merit combining as it does all the good qualities of the famous White Plume, coupled with the rich, nutty flavor and good keeping qualities of the Red Celeries. Pkt. 5c, oz. 20c. ½ lb. 75c.
WHITE PLUME—The peculiarity of this variety is the stalk portions of inner leaves and heart they are white naturally, so that by simply tying the plants together, or by drawing the soil against it, the work of blanching is complete. Per pkt. 5c. oz. 2/cc, ¼ lb. 50c.

IMPROVED DWARF GOLDEN HEART—A variety of great value, In size it is the same as the Half Dwarf White. Per pkt. 5c, oz. 20c, ¼ lb. 50c.

GOLDEN SELF BLANCHING-This is best celery ever raised for general purposes. With

best celery ever raised for general purposes. Without banking up or any covering whatever, even the outer ribs become a handsome glossy, yellowish-white color (see cut). Pkt. 5c. oz. 20c. ½ lb, 75c. PERFECTION HEARTWELL—An excellent, large solid growing variety of creamy white, one of the very best market sorts and a good keeper. Pkt 5c. oz. 20c. ½ lb. 75c.

WINTER QUEEN—The plants are beautiful appearance and blanch to extreme white. They grow very close together and quite compact. The ribs are perfectly solid, crisp and of a delicious flavor. It stands first as alatecelery. Perpkt. 10c, oz. 20c. ½ lb 75c.

GIANT WHITE SOLID—A long stalked variety, often 3ft high and one of the best for growing in

often 3ft high and one of the best for growing in the south; excellent for soup, greens; will stand heat and drouth well. Perpkt. 5c, oz. 20c 1/4 lb. 75c.

CORN, SUCAR.

Welschkorn. Ger.; Mais, Fr; Maiz. Sp.

Qrt for 200 hills, 8 to 10 qts. in hills for an acro

All varieties of sweet sugar corn may be sown in rows 4½ feet apart, and the seeds placed about eight inches apart in the rows, or planted in hills are a distance of 3 or 4 feet each way. The taller the variety or the richer the soil, the greater should be the distance apart. We make our first plantings in this vicinity about the first of May, and continue successive plantings every or three weeks until the last week in July.

LARGE WHITE OR MAMMOTH CORY—This strain is as early as the original Cory. While the ears are of a larger size, the grains are placed more compactly. Per pkt 10c, pt. 20c, qt. 35c, pk. \$1.10.

COUNTRY GENTLEMAN—An excellent corn for family use. The ears are a good size, with small cob, and very deep, clear white kernels, tender and sweet. It is very productive, many of the stalks bearing three and four ears. Pkt. 10c, pt. 20c, qt. 35c, pk. \$1.10.

STOWELL'S EVERGREEN SUGAR CORN—This is the best late sweet corn in every way being large kernel, hardy and productive, and tender, and remaining a long time in condition suitable for cooking. Per pkt. 10c, pt. 20c, qt. 35c, pk. \$1.10.

FIRST OF ALL—The First of all is ready for the table.

FIRST OF ALL—The First of all is ready for the table-from three days to a week earlier than the Cory, making it very desirable, not only for family gardens, but extremely valu-able to grow for market of medium size, well filled with grains

able to grow for market of medium size, well filled with grains to the very tip. Per pkt. 10c, pt. 20c, qt. 35c, pk. \$1.10.

LATE MAMMOTH SUGAR—A late variety with very large ears of fine quality. Pkt. 10c, pt. 20c, qt. 35c pk. \$1,10.

KENDELS EARLY GIANT—A large early sort, the ears usually measuring from 8 to 10 inches and average 12 rows pure white, sweet and tender. Pkt, 10c, pt. 20c, qt. 35c. pk. \$1,10. (See cut.)

HOLMES PREMO-This variety gives general satisfac-tion everywhere and combines all the merits of the best early varieties, but is superior to them in quality and yield. Per pkt.

varieties. Dut is superior to them in quality and yield. Per pkt. 10c, pt. 20c qt. 35c pk. \$1.10.

WHITE DELICACY—A very fine variety of sweet corn, of immense size yields abundantly and of fine rich flavor. (See cut.) Per pkt. 10c, pt. 20c, qt. 35c, pk. \$1.10.

Corn, White Delicacy.

Cauliflower-Snowball.

## CAULIFLOWER.

One Ounce for 1,000 Plants.

Seed may be sown in September or October and wintered the same as early cabbage plants, or they may be sown in January or February. in Seed may be sown in September or October and wintered the same as early cabbage plants, or they may be sown in January or February, in a cool hot bed. Its culture is similar to that of the cabbage. The soil cannot be too rich and deep for the purpose. After they begin to head they should be watered every other day and the leaves gathered together and pinned over their heads to protect them from the sun and keep them white. The seed we offer is the finest procurable, and is obtained from the most careful growers in Europe.

BARLY SNOWB \$\frac{1}{2}\$LL—The earliest and best for all forcing open ground culture. It is a dwarf with short outer leaves; always sure to make large, fine heads (see cut.) Per pkt. 20c. %-oz. \$1.00 oz. \$2.50.

EXTRA EARLY DW ARF ERFURT—A favorite early market variety; large compact heads of fine quality. Per pkt. 20c. %-oz. \$1.00, oz. \$2.50.

EXTRA EARLY PARIS—This is the dwarfest and earliest heading of all the Caulidowers. Per pkt. 10c. %-oz. 80c.

## CUCUMBERS.

The plants are tender, and planting should be delayed until settled warm weather. Form low, flat hills, six feet apart each way, of rich soil, mixing in a quantity of thoroughly decomposed manure. Scatter on each hill 15 or 20 seed, or one every inch along the rows, and cover one inch deep, pressing the soil firmly over them.

WHITE SPINE—Oue of the most popular varieties for both market and table use. Vines vigoruos. fruits 8 to 10 inches long, regular size and form, (see cut.) per pkt. 5c, oz. 10c, 1/4-1b.

NICHOLS' MEDIUM GREEN--We consider this a most valuable variety, as a pickle sort it will be found unequaled, and for early forcing there is none better. Per pkt, 5c, oz. 10c, 1/4.1b 25c, Ib. 90c. (see cut.)

EARLY FRAME—This is a most desirable variety for pickling, of medium size and fine quality. Per pkt. 5c, oz 10c, ¼-lb. 25c, lb. 90c.

LONG GREEN—Vines vigorous and productive, forming fruit fit for table nearly as early as the shorter sorts, fruit about 12 inches long, firm and crisp. The young fruit makes excellent pickles, and when ripe is the best for sweet pickles. Per pkt. 5c, oz. 10c, ¼-lb. 25c.

LIVINGSTON'S EVERGREEN—It is very hardy and probably the most prolific of all varieties, very early. Per pkt. 5c, oz. 10c, ¼-lb 25c,

WEITE WONDER -A handsome ivory white cucumber of fine quality. The fruit is about eight inches in length, very brittle, and remains solid and edible for a long time, unusually hardy. Per pkt. 5c. oz. 10c. ¼-1b. 25c, 1b. 90c.

Cucumber-Nichols' Medium Green.

FORDHOOK PICKLING-An extremely prolific variety that continues setting its fruits long after other sorts have ceased to bear. It produces longer vines and more cucumbers than any other kind. The thinness of skin, their uniformity of size and shape, the crispness and tenderness of the flesh, taken with its tree-bearing habit, renders it one of the best pickle cucumbers. Per pkt. 5c, oz. 10c, 3/-1b. 30c, 1b. 90c.

BOSTON PICKLING—A very productive variety, grown largely for pickles. Fruit medium sized, very smooth, bright green. Pkt. 5c, oz. 10c, ¼-1b. 30c, 1b. 90c.

SENSATION—This is a very vigorous growing variety, recomended highly for forcing and for table use. Per pkt. 5c, oz. 20c. 4-1b. 30c.

CUMBERLAND-This variety is a rapid, vigorous grower, prolific, except the extreme stem, and during the whole period of growth the form is exceptionally straight and symmetrical. Per pkt. 5c, oz. 20c, 1-1b. 30c.

EARLY CYCLONE—A most desirable sort. It is very prolific, and fruits in bunches of three or four, which are of uniform size and shape. It is an excellent variety for slicing or pickling. Per pkt. 5c, oz. shape. It is : 20c, 1/4-1b 30c.

LIVINGSTON'S EMERALD—The flesh is crisp and tender, perfectly round and smooth, and highly recommended for table use. They make excellent pickles Per pkt. 5c, oz. 20c, ½-1b. 30c.

WESTERFIELD'S CHICAGO PICKLING-This is undoubtedly the best cucumber for pickling. It begins to fruit when the vines are quite young. Per pkt. 5c, oz. 10c, ¼-1b. 25c, 1b. 90c.

Carrots.

## CABBACE.

1 oz. will produce 1500 plants, half pound of seeds in beds to transplant for an acre.

In latitudes where the thermometer never indicates 20 degrees below freezing point the early variety of Cabbage may be sown in the open border, but in colder climates they must be sown in a hot-bed, about the middle of January or the first of February, and planted out in March or April in a rich, deep, loaming soil in rows 2 feet apart and 18 inches in the row. The late varieties are usually sown in the early part of May, and plants are set out in July, in rows 3 feet apart and 2 feet in the rows. In transplanting they must be set in other ground up to the first leaf, no matter how long the stems may be.

EARLY JERSEY WAKEFIELD—The best early oblong headed cabbage, uniform hard and solid. Per pkt. 5c, oz. 20c. ½ lb. 60c, lb. \$2.25

EARLY CHARLESCO & WAKEFIELD-An improvement over the old Jersev Wakefield being quite as early and much larger in size of head. Per pkt. 5c, oz. 2 ic. 3/4 ib. 60c, lb. \$2.25.

PREMIUM FLAT DUTCE-A standard and excellent variety, developing earlier than most late sorts and not so good a winter keeper, but for fall use it is tender and of superior flavor. Per pkt. 5c, oz. 20c, ¼ 1b. 60c. 1b \$2.00.

EXPRA EARLY EXPRESS-The earliest heading cabbage in culti-atio 1. It produces pointed hard head of good size, which are ready a vatio 1. week earlier than those of the Jersey Wakefield. Per pkt. 5c, oz. 20c. 1/4 1b. 60c, 1b. \$2.00.

FORCLER'S EARLY DRUMHEAD or Early Brunswick-This is certainly one of the second earliest sorts in cultivation. Per pkt. 5c, oz, 20c, 4 lb 60c, lb. \$2.00

DANISH SUCCESSION—It is a very sure header, good keeper, produces well-shaped heads and has very few outer leaves. Per pkt, 10c, oz. 25c, ¼ lb. 75c, lb. \$2.75.

PERFECTION DRUMHEAD SAVOY-Heads large; of uniform ze, sure header. The best for main crop. Per pkt. 5c, oz. 20c, 1/2 lb. size, sure he 60c, 1b. \$2.00.

**EARLY YORK**—An early variety. Heads small, heart-shaped, firm and tender, of very dwarf growth, and may be transplanted fifteen or eighteen inches apart. Per pkt. 5c, oz. 20c, % 1b, 60c, 1b, \$2 06.

ALL SEASONS-The heads are extremely hard and solid, round, flattened on top, and ready to market nearly as early as Early Summer, while considerably larger in size. It is called "All Seasons" because it is as good for autumn or winter as for early summer. Per pkt. 5c, oz. 20c, 1/4 lb. 60c, lb \$2 00.

EARLY RED DUTCH-Used almost exclusively for pickling; it is one of the hardiest of all red Cabbages, and will keep later in the season than any of them, Per pkt, 5c, oz. 20c, ¼ lb. 60c, lb. \$2.00.

EARLY ALL HEAD—This variety is ten days earlier, and a little larger in size than any other summer variety; the heads are deep and flat, very solid and uniform in size and color. Per pkt. 5c, oz. 20c, 1/2 lb. 60c, lb. \$2.00.

BURPEE'S SUREHEAD-The heads are very hard and uniform. weighing generally from 10 to 15 pounds, each. Per pkt. 5c, oz. 25c, 1/2 lb. 75c, lb. \$2.50.

MAMMOTH RED ROCK—This is the best, largest and surest heading Red Cabbage ever introduced. Heads deep red to center, and will frequently average 12 inches. A sure cropper and in every way a first-class sort. Per pkt. 5c, oz. 20c, ½ lb. 60c, lb. \$2 00.

DANISH BALLHEAD-This excellent variety originated in Denmark. For planting late in the spring, for a fall crop or winter use, this variety has few equals as it withstands drouth and succeeds better in poor soil than most any other variety. The heads are about 8 to 10 inches n diameter. It is an excellent keeper. Per pkt. 10c, oz. 20c, ¼ 1b. 60c, 1b. \$2.00.

OTHELLO (Red Brunswick)—This is the largest of all the varieties of Red Cabbage. The heads are large and solid and of a deep black red color. Per pkt. 10c, oz. 15c, 4 lb. 75c, lb. \$2 75.

HENDERSON'S EARLY SUMMER—A most excellent variety, twenty days later than the Wakefield, but grows to fully double the size. Per pkt 5c, oz. 20c, ½ 1b. 60c, 1b. \$2.00.

MAMMOTH DRUMHEAD-Probably the largest variety of Cabbage in cultivation. Should be planted 4 feet apart each way. oz. 20c, 1/2 lb. 60c, lb. \$2.00. Per pkt. 5c.

## CARROTS.

EARLIEST FRENCH FORCING-It is one of the best sorts for the table: delicate, fine grained and remarkably fine flavored. Top very small. Per pkt. 5c. oz. 10c, ½ lb. 30c, lb. \$1.00.

EARLY SCARLET HORN—The tops are small; roots top-shaped, stump-rooted, therefore easily pulled. Grows well in shallow soil. Color a deep orange. Flesh fine-grained. Per pkt. 5c, oz. 10c. 1/4 lb. 30c, lb. \$1.00.

CHANTENAY STUMP-ROOTED-The best early carrot in cultivation, and one which market gardeners should plant for their main early crop. In shape it is midway between the Nantes Half-Long Stump-Rooted and the Guerande or Oxheart varieties, nearly equaling the former in length, and having the broad shoulder and tapering root of the latter. Its color is orange-red: the flesh crisp and tender; very early and a heavy cropper. Per pkt. 5c, oz. 10c, ¼ 1b. 30c, lb. \$1.00.

GUERANDE or OXHEART—This variety has given great satisfaction. While not attaining one-half the length of many other varieties, it will compare favorably in bulk of crop, as on good land it will produce carrots four to six inches in diameter. The crop can be pulled by hand, while the longer sorts require digging. Excellent for table use, as well for stock. Truly a market gardener's favorite. It is of medium size and admirably adapted for bunching. It is also one of the best for summer use for the home garden. The roots are about six inches long, very smooth and cylindrical, color a bright orange; flesh orange, becoming yellow in the center, but with no core; very sweet and tender. Per pkt. 5c. oz. 10c, ¼ 1b. 30c, 1b. \$1.00.

1MPROVED LONG ORANGE—It grows to a large size, some specimens measuring twelve inches in length. Enormous crops can be grown under fair culture. One of the best varieties for feeding stock. Per pkt. 5c, oz. 10c, ¼ 1b, 30c, 1b \$1.00,

Cabbage-Red Rocket.

## CRESS

(Or Pepper Grass.)

EXTRA CURLED-Pepper Grass is extensively known and used as a small salad. Sow early in the spring, thickly in shallow drills, and at intervals throughout the season (for succession). Per pkt 5c, oz. 10c, 1/4 1b. 20c, 1b. 55c.

WATER CRESS-This is quite distinct from the Pepper Grass and only thrives when its roots and stems are submerged in water (see cut). Per pkt. 10c, oz. 35c, 4 lb. \$1.00.

LARGE ROUND LEAVED - Sow early in the spring, in rows about one foot apart: it is ready for use in six or eight weeks from the time of sowing. If wanted in early spring sow in September, covering up with hay or straw as soon as cold weather sets in, same as spinach. Per pkt. 5c, oz. 10c, 1/4 lb. 25c 1b. 75c.

## KALE

(Or Borecole).

The Kales are excellent greens for win ter and spring use, and are improved by frost. Sow from May to June, covering thinly and evenly. For early spring use sow in September and protect over winer with a covering of straw or litter.

DWARF CURLED GERMAN-Leaves yellowish green, finely fringed. Sow in September for winter and early spring use (see cut). Pkt. 5c, oz. 15c, 4 1b. 40c, 1b. \$1.25.

CURLED MOSBACH-The stalks attain a height of two feet and will produce continuously throughout the season, the lower leaves being gathered before they grow old. Per pkt. 5c, oz. 15c, 4 1b. 40c. 1b. \$1.25.

## KOHL-RABI.

This vegetable is an intermediate between the Cabbage and the Turnip, and combines the flavor of both; the edible part is the turnip-shaped bulb. Sow in light, rich soil, as early as possible, in drills 16 inches apart, and when well established thin to 6 inches apart in the row.

EARLY WHITE VIENNA - The earliest and best variety for table use, white bulb (see cut). Per pkt. 5c, oz. 15c. 1/4 lb. 55c, lb. \$2.00.

EARLY PURPLE VIENNA -Differs from the above variety only in color, which is a bluish purple. Pkt. Sc. oz. 20c. ¼ 1b. 55c. 1b. \$2.00.

Egg Plant, Black Pekin.

Kale, Curled German.

Kohl-Rabi, White Vienna.

## Endive, White Curled. ENDIVE.

Endive is one of the best salads for fall and winter use. Sow for an early supply about the middle of April. The main sowings are made in June and July, from which plantations are formed at one foet apart each way in August and September. When the plant has attained its full size, then the process of branching begins. This is affected by gathering up the leaves and tying them by their tips in a conical form.

GREEN CURLED-Leaves cut and curled; endures extreme heat. A favorite market sort. Per pkt. 5c, oz. 15c, 1/4 1b. 35c. 1b. \$1.25.

WHITE CURLED—While the leaves are not so tender as the green curled, it is the most beautiful variety; the mid-rib is vellow and the leaves almost white (see cut). Per pkt. 5c, oz. 15c, 4 lb. 35c

## ECC PLANT.

One Ounce for 1,000 Plants.

The seed germinates slowly and should be started in a strong heat to secure a rapid and continuous growth from the first, which is very important. When the plants are formed to rough leaves, transplant to three or four inches apart, keep the bed very warm, shading from the direct rays of the sun; when the ground has become warm and all danger, not only from frost, but from cold nights, is passed, carefully transplant into very warm, rich soil, setting the plants 21/2 feet apart.

NEW YORK IMPROVED LARGE PURPLE-This is the leading market variety everywhere. Plant is robust, the leaves and stems being thickly set with spines, which are not found to any extent on other varieties. Per pkt. 10c. oz. 25c,4 lb. 90c.

REACK PEKIN-The fruit of this handsome variety is jet black, round in form and very solid. It is quite early and a very superior variety (see cut.) Per pkt. 10c, oz. 25c, ¼ ib . 90c.

Lettuce-Yellow Seeded Butler

#### LEEK

The Leek succeeds best in a light but well enriched soil. Sow as early in spring as practicable, in drills one inch deep and one foot apart. When six or eight inches high they may be transplanted in rows ten inches apart each way as deep as possible, that the necks may be blanched.

LONDON FLAG-The favorite market variety; very large with broad leaves. Per pkt. 5c, oz. 15c, ½ 1b. 35c, 1b. \$1.00.

LARGE MUSSELBURGH-Very large with broad leaves spreading like a fan; hardy and of excellent quality. Per pkt. 5c, oz. 15c, ¼ lb. 40c, lb. \$1.25.

#### MUSTARD

One ounce of seed will sow about 75 feet of drill

A spring salad: ean be sown as soon as the ground is free from frost. It grows rapidly, and must be cut when young. Sow in shallow drills one foot

Brown. Stronger and more pungent than the white. Per pkt. 5c. oz. 10c, ¼ lb. 15c, lb. 40c.

White. Best for salads and general use. Per pkt. 5c, oz. 10c, 1/41b. 15c, 1b. 40c.

## YOUNG'S SUPERIOR MUSHROOM SPAWN

pounds will spawn Ten

about ten feet square.
It comes in pressed bricks,
weighing about 20 ounces. These weighing about 20 ounces. These are broken into pieces the size of a walnut and put into the bed 8 inches apart each way. Price of bricks, each, 25c; 6 bricks, 1.25, by express (not prepaid). By mail. postpaid, bricks, each 40c, 5 10. \$1.25.

"Leaflet on "Mushroom Cul-ture," free to customers on request.

Leek

Mushroom Spawn

### LETTUCE STANDARD VARIETIES.

This is of easy cultivation, but likes a good, rich, soil. For early use sow under glass in February and March and transplant as soon as the ground can be worked. Later sowing may be made in the open ground at intervals of two weeks, for succession, as long as the weather permits. Thin out well and set in rows one foot apart and one foot between the plants. Lettuce requires good ground and abundant moisture.

BOSTON MARKET

A popular, early, small, compact heading variety, for early out-door culture and largely forced in hot-beds and greenhouses; can be planted closely. Per pkt. 5c, oz. 10c, ¼ 1b. 30c, 1b. \$1.00 ST. LOUIS MARKET—A very popular variety with St. Louis market gardeners; of quick growth, remarkably tender and sure to head; does equally well either for early forcing or out-door

lapting. Pkt. 5c, oz. 10c, ¼ lb. 30c, lb. \$1.00.

HANSON-A handsome. large loose-heading summer variety f fine quality Perpkt. 5c, oz. 10c, ¼ lb. 30c, lb. \$1.00.

YELLOW-SEEDED BUTTER-A distinct, large, dense yel-

YELLOW-SEEDED BUTTER—A distinct, large, dense yellow-headed sort, handsome, crisp, tender and of fine flavor. Per pkt. 5c, oz. 10c, ¼ lb. 30c, lb. \$1,00.

SALAMANDER—One of the best for summer use, forming good-sized, compact heads; color, light green outside and white inside. It will remain longer in head and stand a greater amount of heat without burning or running to seed than any other variety. Pkt. 5c, oz. 10c, ¾ lb. 30c, lb. \$1.00.

CRISP AS ICE—The heads are solid, of immense size when well grown and are exceedingly tender and brittle. The leaves are exceedingly glossy, thick, nicely crimped and curled: outside they are beautifully variegated with bronze and green. The heads when cut onen have a rich creamy vellow heart. Pkt. 5c, oz. 15c.

they are beautifully variegated with bronze and green. The heads when cut open have a rich, creamy yellow heart. Pkt. 5c, oz. 15c, ½ lb. 40c, lb. \$1 25.

MAY KING—This variety lettuce opens its head about ten days earlier than any other sort. Globular shape, hard and well closed, leaves are light green with delicate ribs lightly waved, interior is clear yellow, tender and of fine flavor. Pkt 15c. oz. 30c. ½ lb. 75c. PHILADELPHIA BUTTER—This old reliable variety is very

PHILADELPHIA BUTTER—This old reliable variety is very tender, has large solid, greenish-white heads and stands the heat extremely well. Pkt. 5c, oz. 10c, ¼ 1b. 30c, 1b. \$1.00.

ICEBERG—A beautiful lettuce. Large, curly leave of bright green, with a very slight reddish tinge at the edges. Heads unusually solid. Crisp, tender and fine in every particular. Pkt. 5c, oz. 15c. ½ 1b. 40c, 1b. \$1.25. \$1.25

\$1.25.

CALIFORNIA CREAM BUTTER—This is one of the best of summer varieties of Head Lettuce. The heads are of good size and are so very solid they often have to be cut before the seed stalk can appear. They are crisp, have a rich, buttery flavor and are an ornament to the table. Pkt. 5c, oz. 15c, ½ 1b. 30c, 1b. \$1.00.

ALL YEAR AROUND—A hardy, crisp eating, compact variety with small close heads of dark green color. Per pkt. 5c, oz. 10c, ¼ 1b. 30c, 1b. \$1.00.

EARLY CURLED SIMPSON-Forms large, loose heads of thin and

exceedingly tender golden yellow curly leaves; the best curly-leaved variety, for planting outdoors. Pkt. 5c. oz. 10c. ¼ 1b. 30c. 1b \$1.00.

NEW YORK—This variety grows to an unusually large size and solid head, with but little tendency to run to seed. It is not a forcing variety, but is one of the best for summer use (see cut). Pkt. 5c, oz. 10c. ¼ 1b. 1b. \$1.00

GREEN FRINGED—A popular old sort; good-sized, compact heads. Per pkt. 5c, oz. 10c. ¼ lb. 30c, lb. \$1.00.

EARLY CABBAGE or WHITE BUTTER—Heads very large, hearts

quickly and stands the summer well. Pkt. 5c, oz. 10c, 1/2 lb. 30c, 1b. \$1.00.

Leaflet on Culture of Vegetables sent free on request.

Muskmelon, Hackensack.

## MELON, MUSK.

One cance for 60 hills two to three pounds in hills to an acre.

One swace for 60 hills two to three pounds in hills to an acre. The best soil for fine melons is a rich, warm, sandy loam. Make broad shallow hills, 6 feet apart each way. Plant ten or fifteen seeds in each hill, after the ground has become warm. When well started, thin to three or four stocky plants in each hill. For large melons pinch off the ends of the long runners.

LONG ISLAND BEAUTY—Fruits of large size, well flattened heavily ribbed and netted. Of very handsome appearance and fine quality. It ripens as early and is similar to Hackensack but superior. Per pkt, 10c, 0z. 15c. ½ 1b. 40c, per lb. \$1.25.

EXTRA EARLY HACKENSACK This is a selection of the popular Hackensack ripening fully ten days earlier. Melons of good size, heavy ribbed and netted; thick light green flesh of fine flavor. (see cut) Per pkt. 5c, 0z. 10c. ½ 1b. 30c, lb. \$1.

JERSEY BELL—One of the earliest, best and most prolific small melons; grows very uniform in size and shape. Flesh light green and of a very fine flavor. Per pkt. 5c, 0z. 10c. ½ 1b. 30c, lb. \$1.25

IMMENSITY—This is a very large variety as the name implies. They are regular in form nearly round, averaging about

TMMENSITY—This is a very large variety as the name implies. They are regular in form nearly round, averaging about 10 inches in diameter, thick well netted ribs, light green, flesh tender and sweet. Per pkt. 5c oz. 15c, ½ lb 40c, lb. \$1 25. CHAMPION MARKET—This is a splendid variety of the Netted Gem Strain, the melons are very regalar in form, nearly round, averaging 8 inches in diameter with heavy well netted ribs, thick light green flesh. and a very thin rind. Per pkt. 5c, oz. 15c, ½ lb. 40c, lb. \$1.25.

MONTREAL MARKET—A very large "green nutmeg" type almost round. heavily netted: thick luscious flesh: late and especially adapted to cooler climates. Per pkt. 5c, oz. 10c, ½ lb. 30c, lb. \$1.

ROCKY FORD—This has become one of the most popular of small melons, the seed we offer has been grown from a carefully

small melons, the seed we offer has been grown from a carefully selected strain of netted stem; nearly a perfect globe in shape, of a very uniform size averaging about 1½ lbs, each, they are thick

a very uniform size averaging about 192 los, each, they are thick meated with a thin rind, skin green, regular ribbed and heavily netted. Per pkt. 5c, oz. 15c, ½ lb. 40c, lb. \$1.25.

PAUL ROSE—This splendid variety is a cross between Netted Gem and Millers Cream, combining the best qualities of both. It ripens an immense number of moderate sized fruits; flesh salmon, deep, sweet and richly flavored; rind tough and thin; seed avity small; healthy and robust. Per pkt. Sc. oz. 10c, ¼ lb, 30c, lb, \$1.0c.

EMERALD GEM -No variety surpasses this for flavor; the thick salmon-colored flesh is granular, rich and delicious. It is exceedingly early, prolific and long bearing; fruits small, smooth skinned, deep emerald-green with light stripes. Per pkt. 5c, oz. 10c, 3/4 lb. 30c, 1b \$1.00.

White Pertugal.

## MELON, WATER.

Wasser-Melone, Ger.; Melond' Eau. Fr.; Sandia, Sp.

1 oz., for thirty hills.

MAMMOTH IRON CLAD—An old and popular variety; grows to an immense, size. oblong, dark green with light markings; red fish of fine quality. Per pkt. 5c, oz. 10c, ¼ 1b. 20c, 1b 70c.

FLORIDAS FAVORITE—One of the earliest and best of the large oblong melons

oz. 10c. ¼ 1b. 20c, 1b 70c.

FLORIDAS FAVORITE—One of the earliest and best of the large oblong melons attaining enormous size, succeeding further North than other large varieties. rind thin but hard, mottled light and dark green, flesh clear crimson almost to the rind; flavor sweet and melting (see cut). Per pkt. 5c, oz. 10c. ½ 1b. 20c, 1b. 70c.

DIXIE—This is a famous southern melon for market; the fruits are large, oblong in form, from twenty inches to two feet in length; skin dark green with stripes of lighter shade. Brightred flesh of excellent quality. Per pkt. 5c, oz. 10c. ½ 1b. 20c, 1b. 70c.

SWEET HEART—A thick, oval Melon, light green mottled, with thin, tough rind, flesh light red, solid, of fine quality and flavor. It is early. Per pkt. 5c, oz. 10c. ½ 1b. 20c, 1b. 70c.

BLUE GEM Melons are uniform in size, color is a rich dark green with striping of a lighter shade the fruit resembles the Kolbs Gem a great deal but is muchdarker and richer in coloring. It is an excellent shipper the flesh is a fine grained crimson and of sweet sugary flavor. Per pkt. 5c, oz. 20c. ¼ 1b. 20c. 1b. 70c.

HALBERT HONEY—The vines are of strong growth and sets fruit very freely, they average 18 to 20 inches long and are full or bluntly rounded at bothends. Skin is dark glossy green, flesh a beautiful crimson rich coloring and delicious quality and a thin white rind. Per pkt. 5c, oz. 10c. ½ 1b. 20c, 1b. 50c.

COLE'S EARLY—The finest all around Watermelon in existence. The fruits are not large, seldom over 12 inches in length by 9 inches in diameter. Per pkt. 5c, oz. 10c. ½ 1b. 20c, 1b. 50c.

JUMBO JONES—In shape this Melon is almost round; the skin is green with faint stripes of a lighter green. Per pkt. 5c, oz. 10c. ½ 1b. 20c, 1b. 70c.

HOOSIER KING—This melon grows long and of even diameter throughout the entire length. The flesh is red, very solid, sweet and luscious. Per pkt. 5c, oz. 10c. ½ 1b. 20c, 1b. 70c.

Watermelon, Florida's Favorite.

## ONIONS.

One Ounce for 100 feet of drill five or six pounds in drill, for an acre.

The onion must have a clean and very rich soil. Use well rotted manure freely

The onion must have a clean and very rich soil. Use well rotted manure freely and be sure and get the seed in a searly as possible in the spring. Sow in shallow drills not less than one foot apart, and thin out when young onions are about the size of quills. As onions grow on top of the ground they may be allowed to remain pretty thick.

SOUTH PORT VELLOW GLOBE—A fine large variety, that is somewhat later than the Select Yellow Globe Danvers. Pkt. 5c, oz. 25c, ½ lb. 75c, lb. \$2.50.

WHITE PORTUGAL OR SILVER SKIN—Matures very early; rather flat in shape, mild flavor, excellent for winter; very much esteemed for pickling when small; a handsome large white onion when ripe (see cut). Pkt. 5c, oz. 25c, ½ lb. 75c, lb. \$2.50.

WHITE QUEEN—A very early pure white, small flat onion.one or two inches in diameter; when sown early in Spring will ripen in July. Very mild flavored. One of the best sorts for pickling. Per rkt. 5c, oz. 25c, ½ lb. 75c, lb. \$2.50.

SOUTH PORT VELLOW GLOBE—This can be planted with safety wherever the Danvers will mature. It differs from the Standard Red Globe in being much rounder. Hardly as good a keeper as the Red Globe. Excellent for fall and winter use. Per pkt. 5c, oz. 25c. ½ lb. 75c, lb. \$2.50.

good a keeper as the Red Globe. Excellent for fall and winter use. Per pkt. 5c, oz. 25c. % lb. 75c, lb. \$2.50.

PRIZETAKER—This onion grows to an immense size measuring from 12 to 18 inches in circumference, and under special cultivation they have been raised to weigh 4 to 5 pounds each. The outside skin is quite thin and of pale yellow color while the interior is clear white. It is easily grown, medium early in maturing and quite mild in flavor. Per pkt. 5c, oz. 20c. ¼ lb. 75c, lb. \$2.50.

EARLY RED GLOBE—A very early variety of globe shape and red color. A good keeper. Per pkt 5c, oz. 25c, ½ lb. 75c, lb. \$2.50.

DANVERS YELLOW—An excellent eerly ovel, straw-colored variety; productive and good keeper. Per pkt. 5c, oz. 15c, ¼ lb. 70c, lb. \$2.50.

WETHERSFIELD RED—One of the best varieties for a general crop; of good size, red, flattish heads, and keeps well. Per pkt. 5c, oz. 25c, ½ lb, 75c, lb. \$2.50.

WHITE QUEEN—A rapid growing variety of mild flavor, pure white and splendid for pickling. They grow small, and can be sown thickly. It is best to dry the onions as soon as dug. Per pkt 5c, oz, 20c, ½ lb. 75c, lb. \$2.50

SOUTHPORT YELLOW GLOBE—A very handsome Onion, oblong shape like the Large Yellow Globe, and resembles that variety in every respect except in color. Pkt. 5c. ez. 20c, ½ lb. 65c, lb. \$2.50.

#### ONION SETS.

Onion Sets should be planted early in the spring in rows 12 inches apart. When raised from sets the onions can be used in the green state in June, or they will mature in July one quart to four feet of drill.

Yellow and White Onion Sets—It, 20c, qt. 40c. pk \$1.25, bu. \$4.75.

## PEAS.

(One quart for 75 feet of drill; 2 to 3 bushels per acre in drills,)

For the early crop plant as early in the spring as the ground can be conveniently worked, and cover about two inches deep. The small varieties should be planted in rows, about two feet between the rows: the larger growing sorts somewhat further. Ground, to give best results, should be rich, without the application of fresh manure at the time of planting, as it tends to run them more to vines than pods.

GRADUS-As an extra early Pea, the Gradus, being a sugar Pea, is ar superior to all smooth varieties, not only in its delicious quality, but also in the long pods (see cut). Per pkt. 10c. pint 25c, qt. 45c, pk. \$2.50, bu. \$8.00.

NOTT'S EXCELSIOR-An extra early dwarf, green, wrinkled sort. The peas are superior in sweetness and quality, the vines larger and more vigorous than American Wonder. Per pkt. 10c, pint 25c, qt. 40c, pk. \$1.65, bu. \$6.00.

IMPROVED STRATAGEM-This is one of the very best of the large-podded sorts; vigorous, productive, and of exceedingly fine quality. Vines two to two and a half feet. Per pkt. 10c, pint 25c, qt. 40c, pk. \$1.85, bu. \$7.00.

CHAMPION OF ENGLAND-A handsome variety, popular everywhere; one of the richest and best flavored green wrinkled Peas. Five feet in height. Per pkt. 10c, pint 25c, qt, 40c, pk., \$1.50, bu. \$5.50.

PHILADELPHIA EXTRA EARLY-An extra early sort of good quality and very prolific; height 2 feet. Per pkt. 10c, pint 25c, qt. 40c, pk. \$1.50, bu. \$5.50.

Assorted Varieties of Pepper.

## PEPPER.

Sow in hot bed early in April and transplant to open ground, when the weather is favorable. They should be planted in warm, mellow soil in rows. They may also be sown in the open ground when danger of frost is past and soil is warm and the weather settled.

weather settled.

LARGE BELL or Bullnose—A large early bright red variety of mild flavor, a favorite for pickling. Per pkt. 5c, oz. 25c, ½ lb. 75c.

LONG RED CAYENNE—A late variety, small, bright scarlet cone shaped pungent pods, as much used for pickling when green as when ripe. Per pkt. 5c, oz. 25c, ¼ lb. 75c.

RUBY KING—The most popular large fruited pepper, a prolific bearer of ruby red pods, 5 to 6 inches long by 3 to 4 inches in diameter, flesh exceedingly thick, sweet and so mild that it is often eaten sliced as salad; splendid for stuffing, etc. Per pkt. 5c, oz. 30c, ½ lb. \$1.00.

SWEET MOUNTAIN=Large and of mild flavor, much used for making mangoes. Per pkt. 5c, ez. 25c, ½ lb. 75c.

### PARSLEY.

One ounce for 150 feef of drill.

Parsley succeeds best in rich, mellow soit. As the seed germinates very slowly, three or four weeks elapsing sometimes before it makes its appearance, it should be sown early in spring. Sow thickly in rows a foot apart and half an inch deep. For winter use protect in a frame or light cellar.

FERNLEAF-A beautiful variety, invaluable as a garnishing plant. Per pkt. 5c, z. 10c. % 15, 30c. 1b. \$1.00.

PLAIN—Hardier than the curled variety, good for flavoring, Per pkt. 5c, oz. 10c, 1b. 20c. b. 60c.

CHAMPION MOSS CURLED—Select stock, crimped and curled, fine for garn-hing (see cut). Per pkt. 5c, oz 10c, 1/4 lb. 30c, lb. 90c.

DOUBLE CURLED or Dwarf Extra—A new variety, popular, extra curled. Per pkt. Sc, oz. 10c, 1/4 lb. 25c, lb. 80c.

and uniformity of ripening, maturing in 40 days from sowing; very dwarf, growing only about 18 inches high. Per pkt. 10c, pt. 20c, qt. 40c, pk. \$1.50, bu. \$5.50.

AMERICAN WONDER—Of extremely dwarf growth, only eight to ten inches high, this is nearly as early as Alaska. The pods are filled with luscious large wrinkled peas of first-class quality. Per pkt. 10c, pt. 25c, qt. 40c, pk. \$1.75, bu. \$6.00.

McLEAN'S LITTLE GEM—Dwarf, green wrinkled variety, grows

McLEAN'S LITTLE GEM—Dwarf, green-wrinkled variety, grows fifteen inches high, prolific; superior flavor and very early. Pkt. 10c, pt. 25c, qt. 40c, pk. \$1.65, bu. \$6.00.

AMEER—This variety is hardy, vigorous and productive. It has long curved green pods, which are well-filled with large peas of splendid quality. It is unusually early for a large podded variety, delicous and fine cropper. Per pkt. 10c, pt. 25c, qt. 45c, pk. \$1.50, bu. \$5.50.

EXTRA-EARLY ALASKA—Extra-early market variety, and is the earliest of all peas; grows about thirty inches high, very uniform in maturing the crop, of excellent quality, and retains its desirable color after cooking. Per pkt. 10c, pt. 25c, qt. 40c, pk. \$1.75, bu. \$6.00.

THOS. LAXTON—The vines grow about three feet high, hardy and very productive, pods long and uniformly well filled, very attractive for the table. Per pkt. 10c, pt. 25c, qt. 40c, pk, \$1.75, bu. \$6.00.

Parsley-Champion Moss Curled.

White Velvet Okra.

## OKRA or GUMBO.

WHITE VELVET-The pods are round and smooth and much longer, and not prickly to the touch, very productive. Per pkt. 5c., oz., 10c., ¼-1b. 25c., 1b. 55c.

DWARF GREEN PROLIFIC—Early and productive. Per pkt. 5c., oz. 10c., ¼-lb. 20c.,

IMPROVED LONG GREEN-Long-ribbed pods. Per pkt. 5c., oz. 10c., ¼-1b. 20c., 1b. 55c.

## POTATOES.

In drills 3 feet apart, 12 to 14 bushels to the acre. Our Potatoes are specially raised for seed purposes, and are Northern grown.

RED RIVER EARLY OHIO-Extra early, maturing about two weeks before the Early Rose, almost round, flesh solid cooks dry and

Rose, almost round, flesh solid cooks dry and mealy. Largely grown in the South for shipping to Northern markets. Per pk. 75c., bu. \$1.75.

EARLY ROSE—The popular standard early, noted for earliness. productiveness and fine quality. Per pk. 65c., bu \$1.50.

BEAUTY OF HEBRON—A popular early sort and one of the best, red and white skin and pure white flesh, quality excellent, productive and a good keeper. Per pk. 65c., bu. \$1.75.

RED RIVER TRIUMPH—This is a very early potatoe. The tubers are medium in size, of a bright red color, popular in the South. Per pk. 65c., bu. \$1.75.

MAULE'S COMMERCIAL—The tubers are of a beautiful shape and appearence, being

MAULE'S COMMERCIAL—The tubers are of a beautiful shape and appearence, being oblong and rather broad and thick, a most prolific main crop sort. Per pk. 65c., bu. \$1.75.
PINGREE—The Tubers grow in bunches very close together, of a good size, and of a light russet color, very few eyes, which are nearly flush with the surface, in quality no other surpass it for a main crop. Per pk. 65c., bu. \$1.75.
RUKAL NEW YORKER NO. 2—The tubers are of large size, with remarkable smoothness of skin, the eyes are few, distinct and shallow. It is of extreme whiteness, both of skin and flesh, and excellent table qualities. It has great vigor in growth, which enable it to resist dis-

vigor in growth, which enable it to resist disease, Perpk. 65c., bu. \$1.75.

EARLY SNOW FLAKE - A very fine variety, handsome in appearance, grows to a large size, clear white, cooks evenly and very mealy, strong

clear white, cooks evenly and very mealy, strong grower. Per pk. 75c. bu. \$1.75.

BURBANK—A white skinned medium early variety with white eyes, flesh fine grained and of good flavor. Per pk. 75c., bu. \$1.75.

All potatoes are shipped at purchasers expense, either by express or freight.

Pumpkin, Large Tours.

## PEANUTS.

The peanut thrives and produces best on light, sandy, tolerable fertile soil. April is a suitable time for planting.

They produce from twenty-five to seventy-five bushels per acre according to the soil and culture. Per lb. 20c., post paid.

## PARSNIP.

1 oz. to 200 feet of drill, 5 to 6 lbs. in drills for an acre.

Sow as early in the spring as the weather will permit-in drills 15 inches apart, covering ½ an inch deep. When well up thin out to 5 or 6 inches apart in rows. LONG SMOOTH OR HOLLOW CROWN—(Abbott')

Improved—Best for general use (see cut). Per pkt. 5c., oz. 10c., ¼-lb. 20c., lb. 50c.

## TOBACCO.

Seed should be sown as early as possible after the danger of frost is over, and covered very lightly. When the plants are about 6 inches high, transplant into rows 4 or 5 feet apart each way, and cultivate thoroughly with plow and hoe.

BIG HAVANA—A hybrid Havana or Cuban seed leaf. A heavy cropper of fine texture. Per pkt. 5c., oz. 25c., ¼-lb. 75c

CONNECTICUT SEED LEAF-Is hardy and endures the cold better than the tender varieties. Per pkt. 5c., oz. 25c., ¼-lb. 75c.

Tobacco.

## PUMPKIN.

LARGE TOURS—This variety grows to an immense size, often weighing over 100 pounds. Per pkt. 5c., oz. 15c., ½-lb. 35c., lb. \$1.00.

LARGE CHEESE Resembling in flavor the crookneck squash, yellow flesh, fine grained. Pkt 5c., oz 10c., ½-lb. 20c., lb. 75c.

GOLDEN OBLONG—A splendid variety for field culture, can be grown in the cornfield for winter use. Per pkt. 5c., oz. 10c., ½-lb. 25c., lb. 75c.

Radish-Icicle.

## RADISH.

Radishes thrive best in light, sandy loam. Heavy or clayey soils not only delay their maturity, but produce crops much inferior, both in appearance and flavor. For a successive supply sow from the middle of March until September, at intervals of two or three weeks. For an early supply they may be sown in a hot-bed in February. Sowing should be made in drills ten inches apart and the plants should be thinned to two inches in the row.

Radish--French Breakfast.

shorter and early selection from Long Scarlet Short Top, maturing a few days sooner; a favorite for frame culture. Per pkt. 5c, oz. 10c. ¼ 1b. 25c, 16 ROUND, WHITE SUMMER-Pure white, round and smooth skin,

crisp and tender. A fine variety. Per pkt. 5c, 0z. 10c, ½ 1b. 25c, 1b. 75c. GRAY SUMMER TURNIP—Good for a summer crop, crisp and tender. A very choice sort. Per pkt. 5c, 0z. 10c, ½ 1b. 25c. 1b. 75c. WHITE TURNIP—A flat-round early summer Radish, 2 inches in diameter; skin and flesh white and tender; ready to use in 30 to 40 days. Per pkt. 5c, 0z. 10c. ¼ 1b. 25c, 1b. 75c.

GIANT WHITE STOTTGART-A large, white, turnip-shaped sumner Radish. Very tender and mild. Per pkt. 5c, oz. 10c, ¼ 1b 25c, lb. 75c. EARLY GOLDEN YELLOW—A good-sized round summer Radish: best used before 2 inches in d ameter, when the quality is solid and fine. Per pkt 5c, oz. 10c, 44 lb. 25c, lb. 75c.

HITE ROCKET RADISH-A trifle heavier than Red Rocket. It has an equally small top; the bulb is pure

white, while the color of the flesh is distinct. Per pkt. 5c, oz. 10c, ¼ lb. 25c, lb. 75c.

25c. lb. 75c.
WHITE ICICLE—This radish de rives its name from the transparent whiteness of the root. The roots continue brittle, crisp and solid until they are fully as large as those of the Long Cardinal; it is very desirable for the home garden (see cut). Per pkt. 5c, oz. 10c, ¼ 1b 25c, lb. 75c. RED ROCKET RADISH—The bulb is smooth, deep scarlefin color,

with a very small root. The flesh is crisp and of good flavor, Per pkt-Sc, oz. 10c. 1/1 lb. 25c, lb. 75c.

EXTRA EARLY ERFURT—Its

shape is of the best type of the round sorts; color of skin, a very dark red; white flesh, with small tap roots. Per pkt. 5c, oz. 10c, ¼ lb, 25c, lb. 75c.

#### Winter Radishes.

The merits of Winter Radishes are little appreciated, probably because they are seldom grown and few people have knowledge of their worth. These grow to large size and keep well for winter and spring use. Sow seeds in the middle of June. Include some of these in your order.

CHINESE ROSE-Bright color, flesh firm, largest at the bottom, tapering to a small top. One of the best for winter use. Per pkt. 5c, oz. 10c, ¼ lb. 25c, lb. 75c.

LONG BLACK SPANISH-One of the largest, latest, as well as the hardiest of Radishes. Roots of medium size, oblong, black and flesh is Per pkt. 5c, oz. of firm texture. Pe 10c, ¼ 1b. 25c, 1b. 75c.

LONG BRIGHTEST CARLET-Vivid scarlet, pped with /hite, early, maturing in days; always

of mild flavor. Per pkt. 5c, oz. 10c, ¼ 1b. 25c, 1b. 75c. WOOD'S EARLY FRAME—An improved

FRENCH BREAKFAST-Oblong shape; scarlet color tipped white. Per pkt. 5c, oz 10c, ¼ 1b. 25c, 1b. 75c.

WHITE CHARTIER—This long white Radish is of same character

as the Chartier, except in color. Per pkt. 5c, oz. 10c, 4 lb. 25c, lb. 75c.

LUNG WHITE VIENNA (Lady Finger)—Skin and flesh are pure snow
white; crisp and of rapid growth. Per pkt. 5c, oz. 10c, 44 lb. 30c, lb. 85c.

EARLY SCARLET TURNIP—The popular standard; of medium size, bright scarlet color, rapid grower and of mild flavor. Per pkt. 5c, oz. 10c,

ib. 25c, lb. 75c.
SCARLET GLOBE—Very early; a little longer than round, small top,

SCARLET GLOBE—Very early; a little longer than round, small top, color brilliant deep scarlet, holding long after pulling. Per pkt. 5c, oz. 10c, ¼ lb. 30c, lb. 90c.

LUNG SCARLET SHORT TOP—The standard; bright scarlet with mild white flesh; grows 6 inches in length, matures in about 25 days. Per pkt. 5c, oz. 10c, ¼ lb. 25c, lb. 75c.

WHITE BOX—Is a beautiful, clear ivory-white, of perfect form, with few and short leaves, and hence can be grown very thickly in the row. Per pkt. 5c, oz. 10c, ¼ lb. 25c, lb. 75c.

#### RHUBARB.

Sow in April in drills 18 inches apart and cover the seeds with fine soil. pressing it down firmly. When the plants are strong enough, thin out to
6 inches. In the fall or following
spring transplant the roots into deep,

rich soil, 3 feet apart each way.

LINNAEUS—Very early and tender. Per pkt. 5c, oz. 15c, ¼ 1b. 40c, 1b. \$1.50.

VICTORIA—Very large; later than Linnaeus. Per pkt. 5c, oz. 15c. ½ 1b. 50c, 1b. \$1.50.

THE EVER-BEARING CRIM-ON WINTER RHUBARB-This vegetable was introduced by Luther Burbank, of Santa Rosa, Cal., and claims it to be literally ever bearing. The flavor is delightful, quite different from the common Rhubarb. fine grained, requires no stringing so there is no waste and requires less sugar than the older variety. The color is beautiful, when properly cooked and makes a most inviting

We offer this in roots only, which should be planted with the crown above the surface. Plants freshly set should have but one crown, if they have more, they divide the strength of the roots and give only small crowns. They should be planted from February to July. The plants should be set out 2½ feet apart, 6 feet between the rows, and thrive best in a well drained, rich, sandy loam and needs no fertilizer (see cut).

Large Roots 35c each, 3 for \$1.00. Medium Roots 20c each, 6 for \$1.00.

> For Rhubarb Roots See Page 81.

The Ever-Bearing Crimson Winter Rhubarb.

## SPINACH.

One Ounce for 100 Feet Drill.

For the winter crop sow in September. It may be covered up in exposed places with straw or hay during the winter. For summer use sow in March or April, Spinach is best developed and most tender and succulent when grown in rich soil.

ROUND-LEAVED-A well known sort with thick, round, succulent leaves Per pkt. 5c, oz 10c, 1/4-lb. 15c, lb. 40c.

THICK-LEAVED-Produces large, thick, bright green crumpled leaves of high quality, very slow in running to seed, one of the best market sorts. Per pkt. 5c, oz. 10c, 1/4-1b. 15c. lb. 40c.

SAVOY-LEAVED-Large, fleshy, dark green leaves, closely crumpled. Per pkt. 5c, oz. 10c, ¼-1b. 15c, lb. 40c.

LONG-STANDING—An excellent compact variety, thick, fleshy, dark green leaves, grows slowly but remains a long time fit to use before going to seed. Per pkt. 5c, oz. 10c, ¼-lb 15c, lb. 40c.

LARGE ROUND-LEAVED-A large, very hardy variety. Per pkt. 5c, oz. 10c, ¼-lb. 15c, lb. 40c.

VICTORIA - Very heavy, broad, deep green, crumpled leaves of fine, succulent quality, it stands in prime condition long after other varieties have bolted to seed, rendering it especially valuable for spring sowing and summer use. Per pkt. 5c, oz. 10c, %-1b. 15c, 1b. 40c.

PRICKLY-May be sown in either spring or fall, fine winter variety. Per pkt-5c, oz. 10c, ¼-1b. 15c, 1b 40c.

### SALSIFY OR OYSTER PLANT.

Especially esteemed for its peculiar oys er flavor. Sow the seed early in the spring, in drills 12 inches apart and 1 inch deep, thinning out the young plants to 6 inches. The roots will be ready for use in October, when a supply should be taken up and stored like carrots. Those remaining will suffer no injury by being left in the ground till spring.

MAMMOTH SANDWICH ISLAND—This variety grows to an extra large size, resembling a good size parsnip (see cut). Per pkt. 5c, oz. 25c, 1/4-lb. 75c,

LONG WHITE—The favorite market variety, and best flavored. Per pkt. 5c, oz 20c, \( \frac{1}{4} \)-lb. 60c.

#### SORREL.

BROAD-LEAF, FRENCH-Used for salad. Per pkt. 5c, oz. 15c, 1/4-1b 40c 1b \$1.50

## HERB Sweet, Pot or Medicinal Herbs.

No garden is complete without a few herbs for culinary or medicinal purno garden is complete without a few neros for cutnary or medicinal purposes, and care should be taken to harvest them properly. This should be done on a dry day, just before they come into full bloom, then dried quickly and packed closely, entirely excluded from the air. Sow in the spring, in shallow drills one foot apart, and when well up, thin out or transplant to a proper distance apart.

### SQUASH.

The bush varieties from 3 to 4 feet each way, and for the running sorts, from 6 to 8 feet, 8 or 10 seeds should be sown in each hill, thinning out after they have attained their rough leaves, leaving three or four of the strongest plants.

BOSTON MARROW—A popular second early Squash for autumn use, skin thin reddish-yellow, flesh dry, fine grained and delicious. Per pkt. 5c, oz. 10c. ½-lb. 25c, lb 75c.

**EARLY WHITE BUSH**—Scalloped—The plants ar of true bush growth, producing fruit ready for use very earl in the summer, Per pkt. 5c, oz 10c, ½-1b, 25c, 1b, 75c.

Salsify Sandwich Island.

EARLY YELLOW
BUSH - Scalloped (Yellow "Patty Pan") This is similar in growth to preceding, but has skin ofa deep orange. Per pkt. 5c,oz. 10c, 4-1b, 25c, 1b. 75c.

GOLDEN HUBBARD -Very productive and fine quality. Per pkt. 5c, oz. 10c, ¼-1b. 25c, 1b. 75c.

BURPEE'S FORD. HOOK—Fruit oblong in form. 8 to 10 inches in length. Per pkt. 5c, oz. 10c. 1/4 lb 25c, lb. 75c.

PINEAPPLE-Pure white, color, unusually thick flesh, good for summer or winter, white. Per pkt. 5c, oz. 10c, 1/4-1b. 25c lb. 75c.

CROOKNECK-A beautiful white variety, excelent quality, splendid for market or home garden. Per pkt 5c, oz. 10c. 4-1b. 25c, 1b. 80c.

HUBBARD-The standard winter squash, more flesh fine grained, dry and ex ellent flavor. Per pkt 5c.oz. 10c, 1/4-1b. 25c, 1b. 75c

ESSEX HYBRID-Of ESSEX HIBRID-Of finest quality, flesh thick, fine grained and very solid, a good keeper, very productive Per pkt. 5c. oz. 10c, ¼-lb. 25c, lb. 80c.

#### VA-IETIES OF HERBS.

ANISE-Forgarnishing, cordials and flavoring. Per pkt. Fc, 62. 20c BASIL, SWEET—The leaves and tops of the shoots are used for highly seasoned soups, stews and sauces, a leaf or two is sometimes placed in salads. Per pkt. 5c, oz. 20c.

BORAGE—Excellent for bees. The leaves are used in salads or boiled as spinach the flowers are aromatic and used in cool drinks. Per pkt. 5c, oz, 20c.

CORIANDER -For garnishing, the seeds are aromatic and useful

for flavoring. Per pkt. 5c, oz. 20c.

DILL—The aromatic seeds are used in pickles, preserves, soups

Per pkt. 5c. oz. 10c.

and sauces. Per pkt. 5c, oz. 10c.
FENNEL—The leaves boiled enter into many fish sauces, and are beautiful for garnishing, the seeds are employed in confectionery and for flavoring liquors. Per pkt. 5c, oz 10c.
LAVENDER A popular, aromatic herb, emitting a delightful perfume Per pkt 5c. oz. 20c.
MARJORAM, SWEET—The leaves and ends of the shoots are popularly used for seasoning, it is usually grown as an annual. Per pkt 5c. oz. 20c.

ROSEMARY—The aromatic leaves are used for seasoning. The oil from the flowers is the chief ingredient in "Eau de Cologne". Per pkt. 5c, oz 40c.

SAGE—The leaves are used in dressings and in sauces. Per pkt.

5c, oz 20c
SAVORY, SUMMER-Used for seasoning and flavoring soups and dressings. Per pkt. 5c, oz. 15c.

THYME, BROAD-LEAVED - The leaves are dried for season ing, also useful as a bee food. Per pkt 5c, oz. 30c.

Tomato-Young's Excelsior.

VAUGHAN'S MODEL—Color, deep brilliant scarlet. The plants are of bush form and hold their fruits well off the ground. Per pkt. 10c., oz. 25c., 1/2-1b. 75c., 1b. \$2.00.

PONDEROSA—Grows to an enormous size; dark crimson color, very solid and fine flavor. Per pkt. 10c., oz. 60c.

ATLANTIC PRIZE—A very rapid, strong growing variety; fully ten days ahead of any other variety. Per pkt. 10c., oz. 25c., ¼-1b. 75c.
LIVINGSTON'S BEAUTY—Early, prolific; medium sized, smooth and solid; color, purplish-red; fruits until late in the season; the best of the "purple" varieties. Per pkt. 10c., oz. 25c. 1/4-1b. 75c

GOLDEN QUEEN-Large, smooth fruits of a beatiful golden color; quality ive for mixing sliced, with red sorts. Per pkt. 10c., oz. 25c., ¼-1b. 75c.

Tomatoes do best in light, warm, not over-rich soil, sowing seed in hot beds during March. When the plants are about 2 inches high transplant in boxes 3 inches deep and 4 or 5 inches apart. Set out of doors as soon as danger from severe frost is over. The fruits if the vines are tied to a trellis. The fauits will come earlier

RED CHERRY-Color of fruit, is of a light scarlet. Pkt. 5c., oz. 20c., 1/2-1b. 80c., 1b. \$2.75.

PEACH-These are excellent for eating raw. The fruits resemble a peach, even to the skin, which is covered with a slight bloom as in a peach or nectarine. Pkt. 5c., oz. 25c., 1/4-1b. 75c. 1b. \$2.50.

YOUNG'S EXCELSIOR-The color of this variety is bright crimson, with a slight purplish tinge. A strong, vigorous grower and very early for its size, it is an enormous cropper, yielding the entire summer. See cut. Per pkt. 10c., oz. 35c., ¼-lb \$1 00, lb. \$3.75.

PERFECTION- An early variety of bloodred color, perfectly smooth, ripens uniformly and bears abundantly until frost. Per pkt. 5c., oz. 25c., <sup>7</sup>/<sub>4</sub>-lb. 75c., lb. \$2.50.

FAVORITE—This variety is of a bright red color, ripens evenly and well up to the stem, of good size. Its shape is globular, slightly flattened, and generally grows very smooth. Per pkt. 5c., oz. 25c., ¼-1b. 75c., 1b. \$2.50.

ACME Rich glossy crimson, tinged with purple, perfectly smooth; one of the earliest. Per pkt. 5c., oz. 25c., 1/4-lb. 75c., lb. \$2.50.

MATCHLESS—A distinct variety. It is early of beautiful and uniform shape and good size, very dark red, and possesses extraordinary keeping qualities. Per pkt. 5c.. oz. 25c., ¼-1b. 75c., 1b. \$2.00,

NEW STONE-Color, a bright scarlet, smooth and ripening evenly to the stem, a heavy cropper and good shipper. Per pkt. 5c., oz. 25c., 4-1b. 75c., 1b. \$2.50.

SPARK'S EARLIANA-They are of medium size and grow very close together, in clusters of 5 to 7 of deep scarlet color and are 2½ inches in diameter. Per pkt. 10c., oz. 40c., ¼-lb. 75c., lb.

## RUTABACA.

Cultural directions same as Turnip.

LONG ISLAND IMPROVED—Bred from the merican Purple Top over which it is a great improvement, being much greater in size; an immense vielder and good keeper; flesh rich, yellow, of fine juality, Per pkt. 5c., oz. 10c %-1b. 20c., ib. 55c.

IMPROVED AMERICAN PURPLE TOP—Popular both for stock feeding and table use; hardy, productive, and in the property of the property

rood keeper; flesh yellow. Per pkt. 5c., oz. 10c., 1/2-1b. 20c., 1b. 55c.

### TURNIPS. Steckruebe, Ger.; Navel, Fr.; One ounce for 150 feet of drill. One to two pounds in drill for an acre.

Sow the seeds very early, in drills 18 in apart and  $\frac{1}{2}$  in. deep. When the plants are a few inches in height, thin out to 6 in. apart in drills. For late crop sow in July and August, broadcast or in drills

EXTRA EARLY PURPLE TOP MILAN-Of medium size, quite smooth, with a bright

Purple top, leaves few, short and light of color, white flesh quality, solid and fine grained. Pkt. 5c., oz. 10c., 1/-1b. 20c., 1b. 60c.

PURPLE TOP STRAP LEAVED—Superior for early or late planting. Round, flat, good sized, small top with but few leaves, flesh very fine grained. Per pkt. 5c., oz. 10c., 1/-1b 20c., 1b. 50c.

1.4.b 20c., 1b. 50c.

EARLY WHITE FLAT DUTCH—Excellent early garden variety. Roots medium sized, flat, color white, very early sweet and tender. Per pkt 5c., oz., 10c., ½-1b. 20c., 1b. 50c.

Of large size, but firm, hard and of most excellent flavor. Oz. 5c., ½-1b. 20c., 1b. 60c.

EXTRA EARLY MILAN—1 he bulbs are white, with purple top, round, flattened and solid, flesh pure white, sweet and crisp. Perpkt. fc., oz. 15c., ½-1b. 3c., 1b. ½1.00.

KARLY SNOWBALL—Small, solid, sweet and crisp, one of the best for table use.

Per pkt. 5c., oz. 10c., 1/4-1b. 25c., 1b 70c.

## FARM AND FIELD SEEDS.

This variety is considered by all large professional corn growers to have more general good merit than any other corn

general good merit than any other corn grown. It is a very heavy yielder and a vigorous grower, even on poor land. Per pk. 40c, bu. \$1.40.

CLARK'S YELLOW MASTODON

—This is a very quick growing variety, extra large and very productive. Ears average 9 to 12 inches long, with 20 to 30 rows on the cob; stalk bearing three to five ears, often weighing 2 lbs. each. Per pk. 40c, bn. \$1.40.

CHAMPION EARLY WHITE PEARL—This is the best of the white Dent varieties. It is pure white, a tremendous cropper, and very early, coming

mendous cropper, and very early, coming in from 95 to 100 days. Per pk. 40c, bu \$1.40
WHITE HICKORY KING—This is

a pure white corn, too well known to need any introduction. Good grower, and a large yielder in most any situation, either high or loop groups. either high or low ground. Per pk. 40c, bu. \$1.40

GOLDEN BEAUTY-This is a standard Yellow Dent Corn and is well named, as it is the most beautiful yellow corn grown. The ears are medium in size and very heavy and long, having from 15 to 20 rows on a cob. Per pk. 40c, bu.

IMPROVED LEAMING-A Yellow Dent variety; very small cob, with a deep, long grain; very productive, yielding from 75 to 100 bu. per acre. Per pk. 40, bu \$1,40.

DUNGAN'S WHITE PROLIFIC—

Our of the largest varieties of White Corn grown; a very deep grain and a small pure white cob. One of the greatest points in this corn is its yielding capacity, it producing double the quantity of any other variety. Per pk 40c, bu. \$1.40.

EARLY CANADA YELLOW FLINT

-This Flint Corn is the hardiest and earliest in maturity and can be grown more satisfactory further North than the Dent Corn. Per pk. 40c, bu. \$1.40.

## BUCKWHEAT.

SILVER HULL-This variety continues in bloom longer than common Buckwheat; the flour is whiter and the husks thinner, Per per pk. 50c, bu. \$1.50. Per lb. 10c; by mail 18c;

#### BEET-SUCAR VARIETIES.

Valuable both for producing sugar and stock feeding.
VILMORIN'S IMPROVED WHITE

-contains the highest percentage of sugar; also valuable for stock. 1/4 lb. 10c,

BED GLOBE—Large, smooth red globe roots; excellent quality. 1/4 lb. 15c, 1b. 35c. GIANT INTERMEDIATE (Hen-

derson's-Big yielder, handsome, large ovoid roots. ¼ 1b. 15c, 1b. 35c.

### COW or SOUTHERN PEA.

CLAY COLORED-Large seed, of a blue clay color. Per pk. 90c.
WHIP-POOR-WILL-The seeds are

large, speckled brown in color. Pk. 90c.
Prices per bushel on application.

#### KAFFIR CORN.

WHITE-Excellent fodder plant, green or dried, and the grain is valuable for feeding poultry. 4 to 5 ft. Per lb. 10c, by mail 18c.

## MILLET.

GERMAN or GOLDEN—Superior to all others. Medium early; 3 to 5 feet high. Sow same as common Millet. Per lb. 10c; by mail, per lb. 18c; bu. \$1.00.

1

5

DWARF ESSEX—Furnishes excellent pasturage fo and hogs in 6 weeks from sowing. Per lb. 20c, by mail 28. for cattle, sheep

## SUNFLOWER.

MAMMOTH RUSSIAN—Very productive, large heads of large seeds. Valued for feeding fowl. Per lb. 10c, by mail 18c.

CLARK'S EARL)

## SORCHUM or SUGAR CANE.

EARLY ORANGE-Valuable for green fodder; of large heavy growth, but later than Amber. Per lb. 12c, by mail 20c.

EARLY AMBER-Productive and nutritious forage plant, yielding several cuttings in a season. Earlier and smaller than Orange; may be grown in Northern States. Per lb. 12c, by mail 20c.

## YOUNG'S TRANSPLANTED VEGETABLE PLANTS. ASPARACUS ROOTS.

Good two year old roots of the following varieties which may be planted in the spring or fall. If wanted by mail add 25c. per 100 to the prices of the

Leaflet on Asparagus Culture free.

BONVALLETS GIANT—A fine early variety, yields abundantly, free from rust, the stalks possess fine flavor. \$1 25 per 100.

PALMETTO—A popular variety, large size and valuable for market. \$1.00 per 100

COLUMBIAN MAMMOTH, WHITE—Robust grower, stalks clear white and highest quality. \$1.00 per 100.

CONOVER'S COLOSSAL-A standard sort. conover's colossal—A standard sort, color deep green, quality first class, spreads less than other sorts. Yields from 15 to 30 sprouts from a single plant. 90c. per 100.

BARR'S MAMMOTH A very early variety, stalks frequently 1 inch in diameter. Yields abundantly. \$1.00 per 100.

Add 25c. per 100 if ordered to be sent by mail.

CABBAGE—Varieties, Jersey Wakefield, Henderson, Early Summer and Premium Flat Dutch, ready April 1st. Per doz. 10c. 50c per 100. CABBAGE, Daniel's Defiance—An improved

variety. Per doz. 20c, 75c per 100.

CAULIFLOWER, Early Snowball-Ready April 1st. Per doz. 20c. \$1.25 per 100. CAULIFLOWER, Young's Giant Defiance-25c per doz., \$1.50 per 100.

EGG PLANTS-New York Improved, ready May 10th, pot grown. Per doz. 50c. \$3 75 per 100.

PEPPER Sweet Mountain and long Cayenne, ready May 1st, pot grown. Per doz. 40c, \$3.00 per 100. From seed bed transplanted one time. Per doz. 25c., \$1.50 per 100. Add 10c. per dozen if order be sent by mail.

CELERY PLANTS-Ready in June, White Plume, Golden Self Blanching Giant, Golden Heart, etc. Per doz. 15c, 50c per 100.

SWEET POTATO PLANTS-Ready May 15th. Extra early varieties. Per doz. 10c, 40c per 100. TOMATOES, Livingston's Beauty-Pot grown. Ready May 1st. Per doz. 40c, \$3.00 per 100.

TOMATOES, New Stone, Early Ruby, Ponderosa-Ready May 1st. pot grown. Per doz. 50c, \$3.00 per 100

TOMATOES-From seed bed transplanted one time. Per doz. 25c., \$1.50 per 100.

CHIVE PLANTS—Each 10c., per doz. \$1.00. HORSE RADISH ROOTS—Each 5c., 25c per

doz.
RHUBARB ROOTS (VICTORIA)-Each 15c,

LAVENDER-15c each, \$1.50 per doz. ROSEMARY-15c each, \$1.00 per doz. MINT-10c each, \$1.00 per doz. THYME-10c each, \$1.00 per doz. SAGE-10c each, \$1.00 per doz

YOUNG'S

OTTO

SOIL.

TE DESIGNATION OF THE PERSON O

## YOUNC'S HICH-CRADE FERTILIZERS.

By Express or Freight, Charges to be Paid by Buyer.

They decompose slowly in the soil, and therefore form excellent permanent improvement, less y than any other fertilizer to waste. There is no danger of burning the plants. Excellent for toplikely than any other fertilizer to waste. There is no dange dressing lawns and grass lands, for garden and field crops.

YOUNG'S PURE SHEEP MANURE-This is a pure natural manure, and the most nutritious food for plants. Its effect is immediate, much more lasting and healthful than guano or any other manure. It is the best of all manures for mixing with the soil for greenhouse plants. It makes the richest, safest and quickest liquid

manure, rivaling guano without any deleterious effects. For flower or vegetable gardens, and as top-dressing for lawns it is unequaled.

Price, 5 lbs. 25c., 10 lbs. 50c., 50 lbs. \$2.00 100 lbs. \$3.50.

FRESH GROUND BONE-It is practically raw ground bone the only thing extracted from it being the grease, which is of no value as a fertilizer. After the grease is extracted, the bone is dried and ground in its pure state.

In 2-lb. packages (not mailable) 15c., 10-lb. packages 75c., 25-lb. packages \$1.25, in 50 to 100 lbs. 2½c. per lb.

BOWKER'S FOOD FOR FLOWERS-A fertilizer free from odor, clean to handle. Made expressly for flowers grown in the house or garden, producing a healthy, luxuriant growth and induces early and generous flowering. It can not in anyway harm the plants if applied according to directions, which accompany every package. Small package, 15c.. by mail 25c. Large packages, enough for 20 plants for six months, 25c, by mail 40c.

LEAF MOULD-It is very valuable for the growing of ferns and all plants that require a light rich soil, should be mixed with clean, sandy loam, about one-quarter of leaf mould to three-quarters of loam. It is perfectly dry and light. Per 1b. 35c., 2 lbs. 60c., by mail postpaid, 5 lbs., by express, 75c., 10 lbs. \$1.25.

YOUNG'S LAWN TOP-DRESSING — Odor-less, Convenient, Quick Acting—The increasing demand for a Lawn-dressing that is odorless, safely applied and quick in effect, has compelled us to take up this important matter and give it a close study, which we have done, and we are pleased to state that in the production of this invigorator we have produced a Lawn Fertilizer that has no equal,

being convenient, portable and clean, inducing a rapid, rich green growth and a most velvety appearance. This preparation is in every way more desirable than manuve, avoiding the unsightly litter, disagreeable odor and weed seeds, which cause an endless annoyance Should be sown broadcast in Spring or Fall, or may be applied in Midsummer without injury

Price, 10 lbs. 25c., 50 lbs. \$1.00, per barrel \$1 50, 6 barrels \$7.50.

COW MANURE-One of the very best to mix with soil in which to plant bulbs, roses and almost all kind of plants, it is thoroughly decomposed, almost odorless and ready to use-Put up in bags.

10 lbs. 25c., 25 lbs. 50c., 100 lbs. \$1.50.

Ask for Special Price on above Fertilizer by Wagon Load delivered.

MANURE FOR LAWNS-This is the best of the fertilizers for lawns, producing a thick, luxuriant growth of grass. It should be put on the lawn during the fall months. The finest lawns in St. Louis last summer were those that were topdressed with this fertilizer last fall. Per barrel \$1.50, six barrels \$7.50, per freight or express at buyer's expense.

POTTING SOIL-We have had a mixture prepared that will be suitable for most all kinds of plants. It is made up of clear sod loam with the right proportion of rotten manure, leaf mould and good sharp sand. It is finely sifted and ready for immediate use. Per bushel 75c. per barrel \$1 50.

Lawn View.

## YOUNG'S LAWN GRASS SEED

WE have taken special care that no light or slow-growing varieties be included in this mixture, so that when seed is sown, if the ground is in proper shape, it will start at once and in a few days look green. It will form a thick turf in a few week's time, has no tendency to stool or grow in clumps, as we have allowed no grasses of this nature in this mixture. It withstands the drought without turning brown, as the varieties selected are of deep rooting. Young's Lawn Seed will produce grass in a very short time of a beautiful, deep green color, and retain the same during the season. The making of permanent lawns has required a great amount of experiments to obtain perfect satisfaction, and Young's Lawn Seed is the result of our experiments; it has been tried in all kinds of soil and almost every condition, and we have yet to learn of the first unsatisfactory result obtained from sowing Young's Lawn Seed, which, being free from chaff, starts at once before the weeds.

The Quantity of Seed required.—There is no fixed rule, but a liberal sowing is always satisfactory, while a light seeding is a waste of time and usually disappointing. A beautiful lawn may be produced in a few weeks, or it may not approach perfection for two or more seasons, according to the quantity of the seed sown. We have frequently when in a hurry for a fine close turf, sown at the rate of seven bushels of 20 lbs. each to the acre with the most successful results, but in general the following quantities will produce the best results; 1 qt. to 250 square feet, 10 lbs. to 400 square feet, 5 lbs. to 2,000 square feet, 20 lbs. to 800 square feet, 20 lbs. to be some the first to the same and the rate of the same are a feet.

to 250 square feet, 1 lb. to 400 square feet, 5 lbs. to 2,000 square feet, 20 lbs. to 8,000 square feet, 100 lbs. per acre. For renovating old lawns, about one half the above quantities, on the average is required.

Price per quart, 30c, postpaid. If ordered to be sent by Express or Freight, purchaser paying the charges; quart 25c, peck \$1.00, bushel of 20 lbs. \$4.00.

## SHADY NOOK MIXTURE LAWN CRASS.

A great many lawns are beautified by trees, which when old, produce such a great amount of shade that the finer grasses will not grow. To overcome this difficulty we offer this mixture. Qt. 25c, peck \$1.00, bushel \$3.50.

## YOUNG'S DOUBLE EXTRA FANCY CLEANED KENTUCKY **BLUE CRASS SEED.**

A valuable variety for Lawns....

peck 75c. bnshel \$3.00.

## KENTUCKY BLUE CRASS SEED.

bushel \$2.00.

## YOUNC'S GOLF LINK CRASS SEED.

This is a special mixture of tough growing varieties of grasses that will stand the extreme drought of summer. This special grass seed is highly recommended by all the clubs that have used it on their golf links.

Per quart 25c, peck \$1.00, bushel of 20 lbs. \$4.00.

## CRASS AND CLOVER SEED.

If Order is to be Sent by Mail, Postage Must be Added at the Rate of 8 Cents per Pound.

ORCHARD GRASS-Valuable for either pasture or hay. Per 1b. 20c, bu. \$2,50.

RED TOP GRASS SEED-Fancy cleaned. Suitable for lawns or pasture. Per lb. 25c, pk. 75c, bu. \$2.50.

TIMOTHY EXTRA CHOICE-Per lb, 15c, pk. \$1.00.

HUNGARIAN GRASS-Valuable for forage or sodding. Per lb. 10c,

pk. 25c. SWEET VERNAL GRASS-Valuable for mixing with pasture grass es on account of its fragrant odor. Per 1b 25c.

CRIMSON CLOVER—If sown at the last of summer or early in autumn it will furnish very early green fodder. Per lb, 15c.

RED CLOVER—Per lb, 20c, 5 lbs. 75c; price per bu, on application.

WHITE CLOVER—Valuable in mixtures both for lawns and perma nent pasture. Per lb. 30c.

BERMUDA GRASS—Suitable for the South, where the winters are the lowest for fractures where the sum.

not below the freezing point; very valuable for pastures where the summers are very hot and dry. Per lb. \$1.00.

ENGLISH RYE GRASS—A very valuable grass for either pastures

or lawns. Per lb. 20c. bu. \$2.50.

Price per bushel quoted on all these varieties on application.

## INSECTICIDE PREPARATIONS.

YOUNG'S INSECT DESTROYER-Quickly destroys insects of every kind and does not injure even the most tender plants. As it is nonpoisonous, it may be used with perfect safety. Directions with every package 4.1b package 25c. ge %-1b package 25c.
SULPHO TOBACCO SOAP-Sure death to all insects on plants,

shrubs or trees. Safe to use on tender plants, is a good fertilizer, reviving the injured plant, besides killing the insects at once. Kills moths, roaches, carpet bugs, etc. Use one ounce of soap to one-half gallon of water and spray on plants. 3 oz. cake, 10c, postpaid 13c; 8 oz. cake 20c, post-

Mammoth. All Colors Mixed-Per pkt

All these Garden Requisites must be sent by Express, Purchaser paying Charges.

Ignthis list are included the newer Roses of all kinds. Those offered are of unusual value, most of them having been selected personally while growin and blooming in Europe the past season. Just as Rose growers in America have come to recognize the essentials that must be present in a novelty, so, in Europe, these same characteristics are being bred into the seedlings, and it is with confidence that we recommend the following magnificent novelties. What we have here represents the highest degree of perfection yet attained in Roses, and as such they cannot fail to be of interest to every lover of new and rare varieties. The descriptions may be relied upon as being absolutely accurate. Right here let us say that we have discarded in all our Rose departments such varieties that have not proven themselves to be thoroughly distinct and different varieties that we already offer.

New Rose, Tausendschon.

## First-Class Novelty "TAUSENDSCHON,"—A New Climbing Rose

Raised by several crossings between the well known Crimson Rambler, Tea and Polyantha Raised by several crossings between the well known Crimson Ramber, lea and Polyantia Roses. This beautiful novelty surpasses all other climbing roses of this section, both in growth foliage and beauty of blooms. The flowers appear in large clusters from the beginning of June till end of July. Each individual flower measures about 2 inches across, and is of a beautiful soft pink, same color as Ciothilde Soupert; later on changing into rosy carmine. The plant is of strong, vigorous growth, absolutely, hardy and a most excellent variety to plant wherever a strong climber is desired. Very agreeable, as it is nearly thornless. Price I year old plants 75c each; 2d size, strong plants, 50c each.

NEW ROSE "RHEA REID."

A grand new red Rose, as large as American Beauty raised by E. G. Hill& Co., fro m whom we purchased the stock. It is a strong grower, very free blooming variety, long straight stems, large and handsome foliage. The blooms are splendid, large, full and double, the buds are finely shaped, borne singly and erect on strong stems. The color is unique a very soft, intense carmine-crimson, with deeper shades in the depths of the petals, in color very like the "American Beauty." The profusion of bloom is truly marvelous, every shoot produces a flower. It is a grand acquisition to our Red Roses. It is invaluable as an outdoor bedding variety on account of its free habit, hardiness, superb color and fine double flowers. Ready March 1st. We offer this new Rose in one size only. Price 50c each.

NEW ROSE "RED KAISERIN."-Mme. Jules Crolez

The more we see of this grand Rose the better we like it. Having planted a bench of it this Spring the plants have given us grand flowers to cut all Summer on long strong stems. Kaiserin Augusta Victoria is well known and admittedly the best white Summer-blooming Rose.

In this new Rose we offer a red Kaiserin Augusta Victoria. It is similar to the white in foliage, habit, shape and size of bloom, but the color of the flowers is a beautiful cherry red. Price, 1 year old, 75c each; 2nd size, strong plants, 50c each,

#### NOVELTY ROSE, MME. CONSTANT SOUPERT

Large very full, most perfect form, brilliant yellow suffused pink, lasting a long time in per-fection. The most valuable tea rose which has been sent out for many years. Price I year old plants 50c each; 2nd size, strong plants 35c each.

#### NOVELTY ROSE, WHITE BABY RAMBLER

In this bush rose we have a true white Baby Rambier. Imported by us last year from Ger-

many. After growing it for a year we are more than pleased with it as the plants have never been out of bloom. The flowers are borne in clusters of 50 to 75 individual flowers, 1 inch in diameter and pure snow white. A bed of this Rose is like a bank of snow.

The foliage is dark glossy and finely cut. Does not grow over 12 inches in height, forming very bushy plants. For cemetery use will be of great value, being perfectly hardy. Price strong plants from 3 inch pots, 25c each; 1 year old plants 56c: 2 year old 75c each.

White Baby Rambler,

New Rose-Madame Jules Grolez.

#### NEW ROSES FROM EUROPE-Continued.

#### New, Hardy, Yellow Ever-Blooming Rose.

MADAME JENNY GILLEMOT.

A New French Rose from the well-known hybridizer, J. Pernet-Ducher, which is destined to fill a niche in Roses. A Hybrid Tea of vigorous growth, free, erect habit, fine deep green foliage and strong stems holding its buds erect. The buc's are long and pointed, beautifully formed and a rich nankeen-yellow. The flowers are large, of fine form, not too full, large petals of good substance; color, a light saffron-yellow. It is perfectly hardy and will withstand our severe winters. An ever-blooming hardy Rose of this color has been eagerly sought for many years. Price one year old plants, 75c each; 2nd size strong plants, 40c each. each.

#### A Grand Ever-Blooming Rose.

MADAME JULES GROLEZ.

(Hybrid Tea). An exceedingly free-blooming variety, with very bright, large, full, finely formed flowers; buds exquisitely beautiful. Superb and worthy of a page description. Color, a distinct and charming shade of satiry pink. This is a winner. Price one year old plants, 75c each; 2nd size strong plants, 40c each. (see cut.)

Charming, Ever-Blooming Rose.

REINE MARGARET D'ITALIE.

A new Hybrid Tea Rose of bushy growth, foliage dark green, buds long and pointed, flower large and full. Color glossy carmine-scarlet lightened with vermilion; extremely free. Very sweet. A splendid novelty. Price one year old plants, 75c each; 2nd size strong plants, 40c each.

#### Crimson-Scarlet, Hardy, Ever-Blooming Rose.

The growth is strong and upright, very vigorous, making a large, handsome bush; the foliage is broad and stout; bronzy-green in the young state, changing to dark green. The blooms are very large and beautifully formed; the petals, which are very smooth, are of great size and depth; flower very full and long, with high pointed center, color unique, being intense scarlet shaded crimson-marcon, very dark and rich, strongly fragrant. Awarded gold medal of the National Rose Society. Price one year old plants, \$1.00 each; 2nd size strong plants, 50c each. plants, 50c each.

#### A GRAND BEGONIA NOVELTY Large Flowering Begonia.

GLOIRE DE SCEAUX.

An exceedingly beautiful variety. In the number, richness and harmonious blending of colors it has no equal. The leaf is a rich dark bronze with stem and under sides of leaf of brownish The leaves are almost round and in size equal to those of a Begonia. It blooms about as profusely as Gloire de Lorraine, Rex Begonia. being completely covered from January to Maywith sprays of deep pink flowers. Whether in or out of bloom it is a beautiful house plant. Stock limited. Price 50c each.

# NEW AND RARE CLEMATIS.

The following is a select list of varieties that succeed best in our climate. Many failures in growing this type of Clematis are distinctly traceable to shallow planting. The crown of the roots should be set at least three inches below the surface of the soil.

Clematis Integrifolia Durandi.

A recent introduction of more than usual interest and merit. A cross between the small herbaceous C. integrifolia and C. Jackmanni; of semi-climbing habit, growing from four to five feet high and producing without intermission from June until late in fall showy indigo blue flowers 3 to 3½ inches in diameter; decided acquisition. Price strong 2 year old plants, 75c each.

DOUBLE WHITE CLEMATIS, DUCHESS OF EDINBURGH.—This variety is perfectly double, like a rosette. It is sweetly fragrant, hardy and vigorous. Price 2 year old plants, 75c each.

MADAME EDWARD ANDRE.-Also of the MADAME EDWARD ANDRE.—Also of the Jackmann type and is the nearest approach to a bright red that has yet appeared. The flowers are very large, usually six petaled, of a distinct, pleasing shade of carmine, and are produced in bewildering profusion

A very beautiful and satisfactory Clematis which should be grown in every garden. We highly recommend this variety. Price 2 year old plants, 75c each.

#### NEW RED CLEMATIS.

VILLE DE LYON.—Large flowering red Clematis have been offered at various times, but all have lacked not only color, but size and constitution. This variety is a bright carmine, flowers of large size, and a plant which is as free flowering and as strong a grower as the well known and popular Jackmanni. Price 2 year old plants, 75c each.

SPECIAL OFFER.-The Four New Clematis described above One Each of the Two-Year-Old Plants for \$2.50 by Express.

Red Clematis-Ville De Lyon.

#### New Canna, Louisiana,

# **NEW CARNATIONS.**

The Carnations we offer are young plants from 2-inch pots Planted out in spring they should begin blooming about July or earlier. If potted in the fall they should bloom profusely during the winter months.

#### RICH CRIMSON CARNATION HARLOWARDEN.

The best rich crimson Carnation on the market. Splendid color, long stems, large flowers and a very healthy grower; very productive. (See cut.) Price, 15c each. \$1.50 per dozen.

#### WHITE CARNATION.

GOV. WOLCOTT.

A grand white Carnation which gives every evidence of becoming a standard in its color. The flowers are pure white, measuring 3 to 3½ inches across; long, strong stems and splendid foliage. It is very healthy and vigorous, being immune against most carnation diseases. Price, 15c each, \$1.50 per dozen.

#### BRIGHT PINK CARNATION.

McKINLEY.

Plant low but a vigorous grower, throwing up stiff stems of medium length, Blooms early and constantly. The flowers are large, with smooth petals arranged to perfection, Color, clear, shining pink; very showy and attractive; clove scented. Price, 25c, \$2.00 per doz.

#### SCARLET CARNATION.

MRS. POTTER PALMER.

A superb new variety of vigorous growth and excellent habit. flowers are large, of good substance, with a strong calyx, produced on strong stems. Color. glowing scarlet of an intense fiery shade. A very distinct and beautiful color. Price, 15c each, \$1.50 per dozen.

#### **NEW CARNATION.**

FIANCEE.

The sensation of the year. Color, a lively, bright, pleasing, clear pink; a shade not approached by any other variety. Strong, healthy growth, with no superfluous grass, every break making rapid advance and producing a long stemmed flower. Extremely large, 3% inch flowers are common and larger quite frequent. Price, 15c each, \$1.50 per doz.

## WHITE CARNATION.

FRED BURKI.

A pure white seedling from Lawson that possesses all the good qualities of the parent. Flowers large, perfect and uniform, with stiff stems 20 to 30 inches long. A very free and continuous bloomer, and as a keeps it is equal to the best. Those who have seen it growing are unanimous in declaring it an ideal white carnation. Price, 20c each, \$2.00 per doz.

SPECIAL OFFER-One each of the above new carnations for 75c, postpaid.

## THREE CRAND CANNAS.

The three Cannas described below are entirely different from any other and sure to attract attention wherever seen

#### KING HUMBERT.

THE BEST OF ALL CANNAS.

Giant Flowered.

Orange Scarlet.

Bronze Leaf.

This remarkable "Medal" Canna has been the sensation of the past two years. Of all the wonderful flowering and foliage plants introduced, this one takes the lead for size, color and habit. It is a cross between the Orchid flowering and the French or Crozy type, combining the best features of both, the large flowers of one with the free blooming character of the other; the handsome leathery foliage with a strong, noble habit. It has the broadest leaves of all the new kinds. Price, 3-inch pot plants, 35c each.

#### NEW CIANT ORCHID FLOWERING CANNA. LOUISIANA.

Louisiana is a vigorous grower, producing a thick mass of glossy green foliage, each leaf edged with a narrow purple band. But its crowning glory is in its flowers; they are like beautiful orchids; size, often more than 7 inches across, and every inch a vivid scarlet. (Our artist admits there is no paint made can match it.) Imagine a plant 7 feet high, having four or five main stems, and each one covered with flowers, say 40 on a plant. You cannot conceive of anything more gorgeous. Its intense brilliancy and beauty are indescribable. The only way you can get a good idea of Louisiana is to see the plant in bloom. Price, 3 inch pot plants, 35c each.

#### **NEW CIANT CANNA.** DR. ROBT. FUNKE.

One of the finest introductions of recent years, being a bedder of exceptional One of the finest introductions of recent years, being a bedder of exceptional merits. Heavy, light green growth, averaging 3½ to 4 feet in height, and crowned with immense trusses of large four-petaled flowers, 5 inches in diameter. Color, a soft, rich orange scarlet. A noteworthy feature of this variety is, that it sheds its flowers as soon as unsightly, and therefore always presents a clean truss. As an abundant bloomer it has few equals, the heavy spikes often having four trusses in bud and bloom at the same time. These are well set above the foliage and make a brilliant display throughout the season. Price, 3-inch pot plants, 35c each plants, 35c. each.

#### SPECIAL OFFER.

One each of the above new Cannas, nice growing plants from 3-inch pots, the three varieties for \$1.00.

New Carnation-Harlowarden.

New Mum L. H. Cochet.

#### NEW DAHLIA.

(LUCIFER.)

A magificent new Orchard Flowering Dahlia. A strong, vigorous grower and very free flowering. Immense single flowers, 4½ to 6 inches in diameter; perfect form and exquisite finish. Color intense rose crimson. Beautiful and perfect.

Young plants ready March 1st. 20c each, \$2.00 per doz., postpaid.

Impatiens New.

#### NEW HYBRID IMPATIENS.

These are hybrids of I. Holstii, which was introduced a few years since from Africa, and which, like their parent, when planted in the open bor ier, form strong, bushy plants from 1½ to 2 feet high, which are covered with attractive flowers throughout the summer; in fact, when grown as pot plants, for which purpose they are admirably adapted, they may be had in bloom the year round. We offer distinct colors, as follows;

JEWEL-Crimson, carmine.

FAIRY-Pale lilac rose, shading white,

DEFIANCE-Bright fiery red.

JULIET-Soft mauve rose.

Price, 20c each. Set of 4 varieties 75c by mail, postpaid.

## NEW CHRYSANTHEMUMS.

The varieties offered below are the very latest and best introductions. These varieties were selected from all the principal exhibitions, where they won first honors. They are were selected from all the principal exhibitions, where they won hist nonors. They are supero in every way. Do not fail to give them a trial, as their marvelous beauty will astonish you. We make the price low for strong plants

To obtain "Exhibition" flowers the best culture must be given, else size, finish and the individual characteristics will be lacking. We publish a pamphlet on "How to Grow Chrysanthemums," which will be sent free to applicants.

#### MME. L. H. COCHET.

Beautiful bright rose-pink, one of the most beautiful of its color. Large and fine for all purposes. Perfects every flower; of very easy culture; grand stem and foliage; medium height; the best pink of its type that we have seen. A prize winner. (see cut.) Price, 20c each.

#### MME. E. MULNARD.

This variety is considered the best introduction of its color for a number of years. An immense Japanese of beautiful rosy mauve and sulphur yellow; as beautiful in growth and foliage as Eaton; very easy doer. Very early. One of the showiest.

Price, 20c each.

#### AMATEUR COUNCIL.

A striking novelty. A first-class reflexing red of velvety texture and large size; semi-dwarf and an early variety; splendid stem and leaf; shows the color to perfection; 4 feet; midseason. Price, 20c each.

SPECIAL OFFER-The set of 3 new varieties described above for 50 cents, postpail.

#### HYDRANGEA ABORESCENS CRANDIFLORA.

(Snowball Hydrangea.)

(Snowball Hydrangea.)

A grand addition to the summer flowering hardy shrubs. Comes into bloom just at a time when there is a scarcity of outside white flowers, along through July and August. Makes a plant much like the common Hydrangea, but blooms with purest snow white flowers, shaped much like the Snowball flower but much larger and more attractive. Nothing in hardy shrub line approaches it in freedom of bloom, duration of flower, and value as a cut flower, or as a plant for single specimens or groupings. By express, strong field grown plants, 50c each \$4.50 per dozen.

N w Fuchsla-Troppee.

#### CRAND NEW FUCHSIA TROPPEE.

This we consider one of the best varieties grown It is of upright, symmetrical habit, forming perfect pyramidal plants and beautiful large open flowers. A genuine ever bloomer. Elegantly shaped and of good substance. The finest freest blooming, double large flowering Fuchsia in cultivation; flowers enormous, borne with great freedom; short tubes and sepals of bright red color; corolla bright violet purple.

Price, 15c each, \$1.50 per doz. by mall, postpaid.

#### NEW DOUBLE FUCHSIA.

(GLOIRE DES MARCHES.)

It is nearly perfection as to free growing and habit, being strong and bushy, beginning to bloom quite early in the season and continuing very late. The tube and sepals are brilliant deep scarlet, thick and leathery in texture; the corolla is very large and double, and pure white.

Price, 15c each, \$1.50 per doz., by mail, postpaid.

LEMOINE'S CIANT HELIOTROPES.

A greatly improved form. The size of the foliage and its quality are doubled the habit of the plant is made compact and bushy instead of being scraggy and sprawling: the size of the flowers is magnified beyond belief.

# **NEW GERANIUMS** 1907 NOVELTIES.

The following List contains the 1907 Novelties of some of the foremost representative growers in England, France, Belgium and Germany, and is one of the largest collection of novelties ever assembled together in this country. Among them are some of the finest geraniums that we have ever seen, which will rank far ahead of all ordinary ones; they are extraordinary in every point that goes toward the making of the ideal geranium. In fact it is hard to realize the great advancement that has been made in geraniums during the past few years, or to form the slightest conception of the grand and beautiful acquisitions that have been recently introduced, or of the rich, effective and brilliant colors they contain without seeing these novelties.

The Four Best of the Latest Introductions. ONE OF EACH FOR 75c. PRICE 25c. EACH.

M. ANATOLE ROSELEUR-A charming shade of rose pink m. ANATULE RUSELEUK—A charming shade of rose pink with decided white eye; semi-double; large well formed flowers and trusses of immense size, habit excellent, semi-dwarf; strong grower; clean foliage; an excellent bedder; stands the sun well and is a free bloomer.

PAMELA—This will be found avery distinct and novel appearance between the property followed with a shedier of rose.

ance: large pure white center followed with a shading of rosy lake and bold outer margin of reddish scarlet; free flowering;

lake and bold outer margin of reduish statet, free howering, large trussessof vigorous habit.

LEOPOLD BOUILLE—Bright crimson magenta; shading through violet to white eye; large semi-double flowers; free bloomer strong grower, clean healthy foliage.

JULES VASSEUR—Large semi-double flowers magnificent trusses; vermilion scarlet, distinct white eye, slight violet shad-

trusses; vermilion scarlet, distinct white eye, slight violet shading on upper petals; strong robust grower.

Grand New Lady Washington Geranium.

PURITY.

This variety is unequaled in size of truss; the florets are extra large, the stem long and stiff; it flowers continually and the color is a beautiful white; large flower and truss; fine constitution.

Price 25c. each. 3 for 60c.

New Ivy Geranium, Alliance.

Hybrid Ivy Geranium.

ALLIANCE.

An exquisitely beautiful novelty, a cross between an Ivy and a Zonal Geranium, and containing all the best points of both parents. The coloris an exquisite shade of pale lilac-pink, the upper petals feathered and blotched rich crimson marcon; distinct and pleasing; foliage light green with heavy zone of darker green; certainly a magnificent and striking variety. (see cut.) Price 25c. each.

New Geranium. Duke of Bedford.

#### SET OF NEW GERANIUMS.

With the great number of Geraniums now on the market, a new variety must be particularly meritorious to command attention. The interest, however, does not diminish, as plant lovers are always eager to secure the very latest novelties in this-"the People's Flower." The following 6 varieties are undoubtedly the most distinct introductions in this line for many years. Price 20c each; one of each of the six varieties \$1.00.

EUGENE SUE-Magnificent well-formed flowers produced in enormous trusses in the greatest prufusion. The color is a most brilliant orange scarlet, base of petals touched snow white. Foliage large and of fine texture; its habit is splendid, luxuriant and branching; semi-dwarf and robust. A most desirable sort, one of the very best in this class.

PAUL CRAMPEL-A magnificent single bedding variety that promises to supercede all other scarlets, owing to its splendid habit and its ironclad constitution; dwarf and vigorous; closejointed grower, gigantic trusses; exceedingly

DUKE OF BEDFORD-Beautiful rich crimson with small white eye; a very attractive variety, flower always well formed and of large dimensions, often measuring 21/2 inches in diameter; habit perfect.

PETER HENDERSON-A magnificent representative of the Bruant race. The color is of the most superb, bright orange scarlet. Extremely large semidouble florets, produced in enormous trusses, in the greatest profusion, on long stiff stems held well above the foliage, in growth it is robust, dwarf and compact, with a splendid constitution. Unsurpassed as a bedder, and will meet all the requirements of a pot plant.

MRS. E. RAWSON-Rich glowing scarlet with slight crimson shading on upper petals; enormous trusses of immense round flowers held well above the remarkably strong and vigorous semi-dwarf, deeply zoned foliage of excellent texture. Stands the sun perfectly; is a splendid bloomer and unsurpassed as a

SNOWPROP-Pure snow-white, borne in enormous trusses; perfectly formed round flowers, held well above the beautiful foliage. A resplendent bloomer and splendid pot plant; strong, healthy, semi-dwarf grower of excellent habit. A fine bedder.

# Two New Double Ivy-Leaf-Geraniums.

The following varieties, the introduction of M. Victor Lemoine, the famous Geranium specialist of Nancy, France, are exceptionally fine varieties, and would be excellent acquisitions to any collection.

NEW IVY-LEAF GERANIUM, CEASAR FRANCK-This is unquestionably destined to become the most popular Ivy Geranium yet introduced; the color is a magnificent shade of soft rich crimson, with an exquisite shading of tender rose at the base of petals. The flowers are about as double as the Crimson Rambler rose-which they resemble-only much richer in color and finish, produced on long stems in enormous trusses. The foliage is clean waxy rich green; habit, vigorous, quick growing and pleasing, with a strong constitution. For baskets and vases it is all that could be desired, handsome, graceful and strikingly beautiful, attracting universal admiration wherever seen. Considering its general good behavior, being in keeping with its other good points, we are convinced that it is a most desirable sort. A novelty of the highest order.

25 cents each.

Hardy Phlox-Graf Von Ungerer.

Scented Jassamine.

#### **NOVELTY COLEUS**

Two Choice Varieties

GOVT BONDS-An unusually beautiful novelty with long, rather narrow leaves, bright red in the center with brown edge of golden yellow; a fine bedder.

CHAMELEON-Leaves long, pointed, and deeply notched; mature leaves bright crimson in the center with golden edges; the young leaves have maroon centers and moss green edges; very deep toothed with ong slender tips. Price 15c each; the 2 new varieties for 25c.

# New Varieties of Superb HARDY PHLOX

Among the hardy perennial plants no class is of more importance than the Phloxes, succeeding in almost any position and flowering from early in summer until late in fall. They also improve from year to year, require little care and contain a range of color not found in any other hardy plant.

The author of "A Woman's Hardy Garden" says:—"There is no flower in the garden more beautiful, more easily cultivated, or giving so much bloom as the Phlox. I certainly could never have a garden without it." Like other perennials the new varieties are most beautiful. The six varieties here offered are splendid improvements in their several colors, and should be included in every first class collection.

Price 20c. each; one each of six varieties, for \$1.00

CONSUL H. TROST (Tall)—Pure red with bright French purple eye. A distinct color among Phlox, and a choice sort.

INDEPENDENCE (Tall.)—An early-flowering pure white, forming an immense panicle; one of the best. A plant of neat, compact growth, bearing large panicles of snow-white blossoms. The best white variety for cemetery planting.

GRAF VON UNGERER-A large flower, white suffused with rosy lilac, dark crimson eye. This variety is of robust habit. Enormous flowers and trusses, individual flowers being one to one and one-half inches across. They bloom during the entire summer and are equal to Hydrangeas in majestic beauty (see cut)

CYCLONE (Very Dwarf.) White suffused with lilac; analinered eye in the form of a star. The dwarfest in our collection, never exceeding 10 inches, of good size, early. A perfect little gem.

MME. MARI KUPPENHEIM (Dwarf.)—A fine pure white The finest white in cultivation; the individual flowers are fully double the size of any other white; pure in color and a strong, clean, vigorous grower.

OTTO THALACKER (Dwarf.)—Tyrian rose with deep red eye and light halo. A variety that is sure to please. Unquestionably one of the finest in the entire list.

#### "BLUE ACERATUM." LITTLE MIDGET

A charming little plant growing only four or five inches high and covering itself with light blue flowers. Where a compact, low growing border is desired there is nothing can equal this for effectiveness. as it forms dense symetrical lines which do not require any trimming to keep them in shape. For edges of beds and borders it is invaluable, equally so for winter blooming. Price 15c each, 2 for 25c.

#### "THE EVERBLOOMING SALVIA"-ZURICH

The popularity of Salvias should make this New Continuous Blooming variety, one of the most interesting and at the same time most beautiful and useful flowering plants yet introduced. We introduced this new Salvia Zurich last spring in a limited way and can now say, after testing it thoroughly for a season, that it is in our opinion and those who have tried it, the BEST SALVIA today, and will be the one principally grown as soon as better known. A great improvement on existing sorts, being more compact, earlier and freer known. Each plantforms, when in flower, a bushy specimen 20 to 24 inches high, and is so completely hidden by the masses of spikes of scarlet bloom as to appear like a ball of fire. 15c each; \$1.50 per dozen.

# NEW SWEET SCENTED JASSAMINE "VICTORIA"

A magnificent new variety, with large double flowers; blooms profusely all Summer; large, double, waxy-white flowers of great substance, produced freely throughout the summer. We'know of no pot plant more desirable than this; the fragrance of the flower is delicious, sweet and elegant. Price 50c each; extra large plants \$1.00 by express only.

# GRAND NEW HELIOTROPE LORD ROBERTS

A dwarf grower, completely covered with large panicles of bloom of bright blue, with center of clear white. A superb variety, very vigorous in growth (see cut.) Price 15c each; 2 for 25c.

Heliotrope Lord Roberts.

Double Fringed Petunias.

## SUPERB DOUBLE FRINGED PETUNIAS.

The two fringed and laced varieties listed below are very much superior to anything ever sent out in the Petunia class. Words cannot describe the beauty of these varieties. They must be seen to be appreciated. Be sure and include these two beauties in your order. Price, 15c each, the two varieties for 25c.

WHITE SWAN-Pure glistening white, center tinted rose, PINK BEAUTV-Pink is a rare color in Double Petunias; this variety is a pretty shade of lavender pink. (see cut.)

# NEW VIOLET—GOV. HERRICK. THE LARGEST OF ALL VIOLETS.

This is the largest and most productive Violet in cultivation. It is a single flower, and while almost as large as a silver dollar it has that sweet simplicity peculiar to the violet. The color is pure rich violet blue, that does not fade. The flowers are borne on long stems 10 to 14 inches in length, and well above the foliage. Which is an unusual feature amongst violets. (see cut.) Strong plants. Price, 15c each; 2 for 25c, \$1.50 per doz,

#### MOONVINE MAXIMA

NEW MOONVINE MAXIMA—An enormously large variety, completely covering the vine with a veil of white, and extremely fragrant rampant grower. Price, 20c each, 3 for 50c, by mail, postpaid.

# THE NEWEST CHRYSANTHEMUMS

Calvat's Collection of 1907.

In this collection we offer you a set of new Mums never before offered in this country, and splendid sorts they are. Price 25c each. One each of the six varieties for \$1.00, by mail, postpaid. A pamphlet on "How to Grow Chrysanthemums" sent FREE on application.

New Mum-M. Emilie David.

**EXCELDA**—White, blushing into rose, petals tubular, spotted on tips. A curious and beautiful form. Nice dwarf grower. See cut.

LA MARSELLLAISE — An immense Japanese bloom; white, shading into soft lavendar; petals long and curling; center touched with golden yellow,

#### PRESIDENT DUBOST.

A grand red variety of enormous size; center incurving with outer petals reflexed; form beautifully rounded and with elegant foliage.

#### SISOWATH.

Soft canary yellow, with very long petals curling and interlacing, making a very deep, broad flower. A beautiful aud curious variety,

#### M. EMILIE DAVID.

An enormous incurving and curling Japanese, of soft lavender pink shadingto white, Foliage very beautiful, stems stiff, a prize winner at the fallshows. (see cut.)

#### ANGEL LAWRENT.

One of the finest white varieties of recent years, an easy variety to grow, bringing enormous blooms, crowded with, petals in beautiful reflexing form. Color very fine.

New Mum Excelda.

# The Four Beautiful Hardy Monthly Roses on Colored Plate.

Shown in Colors on the Opposite Page.

ur collection of ever-blooming Roses which we illustrate in colors this year, will, we trust. find favor with our customers. While it contains some of the most satisfactory varieties of recent introduction, it also contains sorts which made reputations for themselves as splendid bedding varieties—hardy and ever-blooming—throughout the country. As is our custom in making up collections for the Colored Plate, we have selected varieties showing marked contrasts in color combined with hardiness, vigor of growth and abundance of bloom, so that purchasers may rest assured in obtaining this collection that they procure sorts which, in the limited number contained in the collection will give them a variety unexcelled in all the prime qualities of the best garden roses.

Our Colored Plate Collections are famous throughout the country; they give universal satisfaction, as is evidenced by the number of congratulatory letters we receive annually from purchasers. Even the smallest size will, under ordinary conditions, give an abundance of bloom, but the larger sizes will, of course, bloom earlier and more profusely. We will send FREE with each collection our pamphlet on "The Garden Culture of the Rose," which gives full detailed instructions on the planting and subsequent care

# HARDY EVER-BLOOMING ROSE, "MISS KATE MOULTON"

For beauty of bud and flowers and exquisite fragrance it is not surpassed by any rose we know of, while for continuous bloom and vigorous

healthy growth when planted in the open ground, it even surpasses a geranism.

The guard petals are heavy and cupped, forming a perfect setting for the large, full double flowers. Color a soft pink, changing to a lighter shade when fully open. The stems are long, and every new shoot procuces a flower so that it is in truth ever-blooming. It has withstood the winder of the stems are long, and every new shoot procuces a flower so that it is in truth ever-blooming. It has withstood the winder of the stems are long, and every new shoot procuces a flower so that it is in truth ever-blooming. ter outdoors and may be classed among the hardy roses Price, one year size, 25c; 2 yr. 40c; 3 year size, 60c each,

## BEAUTIFUL YELLOW ROSE.

## "SOUVENIR DE PIERRE NOTTING."

This grand new Rose has been well tested in this country, showing that it is well adapted to our climate. It is of strong bushy habit, with splendid, deep green foliage, strong and healthy, so that it is almost immune against disease. The flowers are very full, large and extraordinarily lasting keeping over a week when cut. The buds are very long, of a most beautiful shape and stand proudly erect, on long straight stems. The color is yellow with very delicate Chinese pink and saffron yellow shadings; the centre of the flower is a rich golden yellow. It is delightfully fragrant. In yellow with very delicate Chinese pink and saffron yellow shadings; the centre of the nower is a rich golden yellow. At its design, the centre of the nower is a rich golden yellow. At its design, the centre of the nower is a rich golden yellow. It is abundance of blossom this grand new variety surpasses all other Roses of every type; plants of a few months' growth see never without buds or blossoms throughout the season. While the first flower buds are developing on top new growths appear below bearing another crep and this is succeeded by others. Price, one year size 2'c; 2 yr, 40c; 3 years foc each

# BEUTIFUL BEDDING ROSE, "SNOWDRIFT."

This rose has been renamed from one of the foreign varieties, and is as its name indicates, a pretty white rose. What has long been desired—a good, white, hardy ever-blooming rose—has been obtained in this grand variety. It has all the requisites of a perfect garden rose—substance, size fragrance, hardiness, vigor and profusion of bloom. We have cut several hundreds of roses from the bustes in our gardens this summer that were truly marvels of beauty. The buds are very long and full, of a beautiful clear white, the outer petals being sometimes faintly tinged with pink. It is such a very strong-growing variety that it is not unusual to see the bushes with a dozen good stems at one time. The foliage is waxy and fine, and very healthy; for some reason it does not seem to be attacked by insects. It can be classed as one of the 'easy" kinds. Price one year old 25c; 2 year 40c; 3 years 60 cents each.

# NEW ROSE, "CHERRY RIPE."

One of the handsomest Roses of recent introduction, splendid color and substance, fitted for our trying summers, when so many Roses fail for lack of these. It is a strong, bushy grower, with stout stems and thick glossy green leaves. The flowers are large and handsome, somewhat cup shaped but well falled and very sweet, as fragrant as American Beauty, which it much resembles in form. The color is rich, velvety crimson brilliantly beautiful. It blooms quickly and abundantly; in fact it is one of the freest blooming of Tea Roses. The flowers are very prettily made while the buds are exceedingly handsome. In its color it is unexcelled for outdoor culture. Price, one year old 25c; 2 yr. old 40c; 3 yr. old 60c each

SPECIAL OFFER-The full set of the 4 colored plate varieties I year old for 75c;-2year old for \$1.25-3 year old for \$2.00. The 1 and 2 year old can be sent by mail postpaid but the 3 yr. old size will have to go by express, purchaser paying charges.

# SELECTED SEED NOVELTIES FOR 1908.

Illustrated in colors on front and back of cover, all new varieties of the choicest strain and these have been thoroughly tested on our trial grounds. They are all new varieties and largest flowering.

YOUNG'S DAHLIA MIXTURE—Comprising all the select sorts, colors shown on back of cover. In size the flowers are giants in a bewildering range of colors. Our stock comes direct from the originator. Per pkt. 10c.

Leaflet on the cultural directions of Dahlias sent free on request.

OUNG'S GIANT RUFFLED PANCY MIXTURE-A remarkable strain of ruffled and frilled varieties, the flowers are so large that the broad petals seem to be gathered to the stem, causing them to be undulated and fluted from the centre to the circumference. The unusual substance of the flowers, aided by the corrugations enables them to present a bold handsome appearance. They are borne on long, stiff stems well above the foliage and contain a rich combination of colors with free blooming qualities. Per pkt. 10c.

Leaflet on the cultural directions of Pansies sent free on request

# YOUNG'S JUBILEE ASTE**R**S.

PINK BRANCHING-No. 1. Color a rich shade of pink, fine variety for cutflower, stiff stem, large open flowers. Per pkt. 10c.

PURPLE COMET-The flowers on opening are purple, changing as they extend to a darker shade. Strong growth and extremely graceful. Per pkt. 10c.

WHITE COMET-A magnificent sort fine pure white flowers, stiff, erect stems, quite superior in all respects to the old Comet Aster.

Leaflet on the cultural directions of Asters free on request.

# TWELVE FAVORITE Everblooming Roses.

This selection is made up of Tea or other monthly bloomers, and will produce a mass of Roses the entire season. The plants have been grown with special care, and the varieties are the very best for outdoor culture. This collection will keep one in Roses all summer, all perfectly hardy with light protection.

BON SILENE-It is superbin every way. Perhaps the most noted feature is the immense size and beauty of its buds. The color is deep rose, sometimes bright rosy crimson, occasionally pale light rose. Of all the Teas there are none better.

BRIDESMAID—Very large size, and of regular full form, delightfully tea-scented; color, clear rose pink. A free and constant bloomer; makes elegant buds for cutting.

THE BURBANK ROSE-The Burbank is one of the freeest flowering roses in cultivation. The flowers are double, of fine form, nearly 3 inches across. The color is a deep rose-pink, the center shading to beautiful soft rose.

GOLDEN GATE-The flowers are extra large size, very double and full, and delightfully fragrant; ground color, rich creamy white, tinged with clear rose.

METEOR-The color is rich velvety crimson, exceedingly bright and attractive. The plant is of vigorous growth and very free-flowering; a constant bloomer. Fine for summer bedding or pot culture.

PAPA GONTIER-A magnificent red Tea. A strong grower, with fine healthy foliage, the buds are large and long.

SOUVENIR DE LA MALMAISON-A noble rose; flower is extremely large and double; color, flesh white, clear and fresh. Has been considered the finest Bourbon Rose for many years.

SUNSET-One of the richest colored Roses in the Tea section; a rich golden amber or old gold, elegantly tinged and shaded with ruddy copper. The flowers and

THE BRIDE-The most popular white rose. The flowers are very large and double, on long, stiff stems. During extreme hot weather it becomes a pinkish whiteat other times a beautiful pure white.

IVORY-Sport from Golden Gate. Its extraordinary freedom, large size, heavy canes and pure color, all tend to make it valuable both for the garden or forcing under glass.

MARIE VAN HOUTTE-One of the best light yellow bedding varieties, with beautifully formed buds.

SAFRANO-Bright apricot yellow, fine bud and fragrance. You can always pick lovely roses from this plant in your garden.

PRICE-Any of the above, each 15c, 3 for 30c, \$1.00 per doz. postpaid. One each of the above 12 sorts, 1-year-old size, 25c each, \$2.50 per doz. Two-year-old plants, for immediate effect, 40c each, \$4.00 per dozen, by express only.

# 4 Choice Selected Everblooming Roses.

RICHMOND.-A grand rose for house culture and forcing, remarkably strong grower and free bloomer, producing splendid buds and flowers on fine, long stems; bright glowing scarlet crimson, exceedingly bright and beautiful; does not mildew or black-spot, and is undoubtedly one of the very best roses lately introduced.

PEACE. - The freest growing new rose of the season. Long, willowy stems bear large, solitary flowers of creamy white color. A flower of grand build, from the very first bud-form till the rose drops its petals. In

addition to its other good qualities, it is the very finest of all the summer blooming varieties.

GENERAL McARTHUR.—Dazzling crimson scarlet; one of the grandest red Roses ever offered. Buds are of ideal shape and exquisite perfume, making the variety very desirable for cut-flowers, white its clear, glossy foliage, generous bloom and brilliancy of color give it front room in the garden.

FRANZ DEEGAN .- This beautiful rose is a strong grower, throwing up heavy canes, each one crowned by a glorious flower of large size the outer petals the color of Perle des Jardins; inner petals a good orange shade, deep and rich; always blooming, beautiful buds; full deep, double flowers.

SPECIAL OFFER.-The four Choice Selected Roses, 20c each, the four for 75c postpaid; second size, 35c each, the four varieties for \$1.00; strong 2-year-old plants, 40c each; the set of four varieties for \$1.50.

# Pure White Roses.

ALL HARDY.

Persons who wish a small bed of pure white, hardy Roses, suitable for cemetery or other purposes, will find this lot just what is wanted; good, vigorous growers and constant bloomers. They are all quite hardy and very desirable for out-door culture in open ground.

BALL OF SNOW.—A truly elegant Rose, very full and double, exquisitely fragrant; pure white in color and entirely hardy. It is invaluable for cemetery or other planting where white flowers are desired, as it blooms freely all summer.

COQUETTE DES BLANCHE. - Flowers large, pure snow white, very double, full and fragrant; a strong grower and constant bloomer.

EMELIA PLANTIER. - A vigorous grower; flowers yellow, changing to white; a free bloomer. COQUETTE DES ALPS.-Pure snowy white, sometimes shaded with blush; flowers full and pretty;

blooms through the season. WHITE MAMAN COCHET.—Pure snowy white, extremely large, rounded and full and of a delicate tea fragrance.

Price, 25c each; the set of five varieties for \$1.00, by mail, postpaid. Large plants, by express only, 40c each; the set of five for \$1.50.

White Maman Cochet.

# YOUNG'S ROSES WILL GROW AND BLOOM.

Interior of one of our Rose Houses, showing the healthy, vigorous growth of the plants.

EARLY ORDERS .- All hardy plants, like roses, hardy shrubs, carnations, verbenas, etc., should be ordered early, as soon, at least, as the ground can be worked, and we would advise it a month in advance of this time, as in most cases provision can be made for them in a sunny window for a few weeks, thus allowing time to form new working roots. Those desiring more tender plants, such as coleus, begonias, etc., would do well to divide their orders and send for the latter later in the season, after all danger from frost has passed, as few can keep tender plants indoors without injury. It would be more convenient for us to fill all at one time, but we speak of this in the interest of the purchaser.

WE GROW ONLY THE BEST.— Old varieties that are inferior to their duplicates in color among the new are discarded. We have thus greatly reduced our list this season, and added a large stock of new sorts.

WHAT WE CLAIM.—We claim that we send larger and finer roses and other plants for less money than any other firm in the business; our smallest size is larger than the

plants sent out by the mailing trade throughout the country, and our cold system of growing stock makes them infinitely better.

TRUE TO LABEL.—If, through carelessness in selecting, or through plants having become mixed by accident, an order is not filled true to label, we will do our best to make the matter right when notified. Mistakes in varieties are especially vexatious, and we try in every way possible to avoid them.

### ROSES ONE OF OUR LEADING SPECIALTIES.

The rose is undoubtedly the most appreciated of all flowers, and no garden is complete without at least one bed of roses. To have success with roses always plant them in a bed devoted to roses alone; they will not only do better, but the effect is much better than when they are mixed with other plants. Always select a location where they will have plenty of sunlight and never plant under or too near trees or large shrubbery. The growing of roses is one of our leading specialties. We pay particular attention to the growing of extra large plants, and we offer all of the best hardy varieties in large field-grown plants and the more tender varieties in fine two-year old stock. We grow everything on their own roots, with the exception of a very few varieties which thrive only in budded stock.

#### THREE SIZES.

We grow our roses in three sizes. This gives purchasers the opportunity of procuring a plant of large size, which will make a show at once, or smaller plants at prices which place them within the reach of all. Our roses are graded as follows: First size are usually 15 to 20 inches high and branched; second size, 10 to 15 inches, and third size, 5 to 10 inches.

#### HOW TO GROW ROSES.

WHAT VARIETIES TO PLANT.—The Ever-Blooming or Monthly Roses are the only really constant bloomers we have. They begin to bloom early in May, and continue all through the summer and autumn months until stopped by freezing weather.

HARDY ROSES.—This section embraces the Hybrid Perpetuals, the Hardy Climbers, the Hardy Rambler group, the Memorial Rose and its hybrids, the Rugosas and various miscellaneous types that have proven their hardiness and adaptability for permanent outdoor decoration in the colder parts of the temperate zone.

EVERBLOOMING CLIMBING ROSES.—As free-blooming as the ordinary Tea Roses, and of a strong, vigorous climbing habit. In the South, where they stand the winters, nothing can compare with them for beauty of foliage and flowers. They may be kept out of doors in the North by laying them down and covering well with leaves or litter.

PREPARATION OF ROSE-BED.—Select a sunny spot, prepare your bed by digging to the depth of eighteen

PREPARATION OF ROSE-BED.—Select a sunny spot, prepare your bed by digging to the depth of eighteen inches. Any good garden mould will grow roses. After the plants have been set out, which should be early in the season, keep the soil loose by frequent shallow stirrings till the middle of June, when they should be mulched by covering the surface of the bed to a depth of an inch or so with old manure to prevent evaporation.

FERTILIZERS.—Fine, well-decomposed cow manure is the best for general purposes, and the results obtained from its use will be found to be in most respects satisfactory. Ground bone ranks next to cow manure as a fertilizer.

WINTER PROTECTION.—The ever-blooming roses require protection during the winter. A good way of protecting them is to bend the bush down and cover to the depth of three or four inches with loose earth; over this put a light covering of boards or boughs. Any mode of protection is good that will prevent sudder freezing and thawing, and does not hold moisture about the stem, causing decay. A straw covering is apt to harbor mice. Do not cover too soon; wait until the plants are well matured and severe weather is beginning; light freezing will do no harm. Uncover when the frost is leaving the ground.

INSECTS.—The most important is the Rose-Slug, a green, soft, slug-like animal, about a quarter of an inch lorg, most troublesome in June; they feed upon the upper surface of the leaf. A good remedy is white Hellebore Fowder, mixed in water and put on with a syringe; or dusted with Young's Insect Powder. To destroy Aphis or Green Fly, dust with Young's Insect Powder, or place tobacco stems on the ground around the rose.

MILDEW.—This disease is caused by the sudden changes from heat to cold. Remedy: Dust with sulphur as soon

as it appears.

FREE INSTRUCTIONS.—We will send, free of charge, to any one ordering Roses who applies for same, our pamphlet of instructions on "The Garden Culture of the Rose." This gives in a concise manner the principles of Rose culture in the garden.

IMPORTANT.-We ship all orders for plants immediately upon receipt. We will reserve plants for future shipment, but instructions to that effect MUST ACCOMPANY THE ORDER. This applies specially to plants ordered in winter.

# Forest Park Collection of Hardy Ever Blooming Roses

Pink Maman Cochet.

PINK MAMAN COCHET—A magnificent pink Rose, being a clear carmine pink. It is a very strong vigorous grower, producing buds of the very largest size and of ideal form. One of the grandest outdoor

LA FRANCE—One of the most beautiful of all roses, and is unequaled by any in its delightful fragrance. The flowers are very large, double; color is light silvery pink. It blooms continuously throughout the season. Stands first among the roses of our climate.

MADAM TESTOUT-A magnificant rose; flowers full very large, globular form; color, clear satin rose; petals bordered with tender rose, very fragrant vigorous grower. This variety resembles LaFrance, but its color is more deep, vivid and brilliant; flowers less full but are

PRESIDENT CARNOT—Large, full, double exquisitely shaped flowers, with heavy, thick, shell-like petals; buds very long and pointed like Niphetos—perfection in every line. The color is new, a delicate rosy blush shaded a trifle deeper at the center of the flower. Fragrance delicious; strong grower and free bloomer.

PRICE OF THE FOREST PARK COLLECTION. Strong plants 15c each, the set of 12 for \$1.50, postpaid: second size 25c each, the 12 for \$2.50. Extra large 2 year old plants 50c each, the set of 12 for \$5.00.

When ordering, say the "Forest Park Collection" of Ever Blooming Roses.

# A SET OF FAMOUS SOUPERT ROSES

This is a collection that will give a rose bed full of flowers all summer. Each one is especially adapted to summer blooming and which can be wintered over with protection of straw and leaves.

CLOTILDE SOUPERT-So famous has this superb variety become that it is almost unnecessary to describe it. Rose lovers the world over know it to be one of the best Roses. It is a strong dwarf grower and a truly wonderful bloomer, producing cluster after cluster of finest formed flowers. In form they are perfectly full and double and deliciously sweet.

PINK SOUPERT—This desirable new Rose is of sturdy, compact bushy hab it, and a wonderful bloomer. Flowers are various shades of pink, som etimes almost red, then again a bright Hermosa pink, and again the same bush will produce light pink flowers, suffused with lilac.

SPECIAL The four Souperts 15c each, the set of four for 50c, postpaid; second size 25c each, the set of four for 75c; large 2 year old plants, by express, 40c each, the set of four for \$1.25.

MOSELLA (Yellow Soupert)-Combines the form and size of the Tea Roses with the free flowering brauching habit of the Polyanthas, constituting a most satisfactory summer bloomer. It is quite hardy and may safely be left in the ground if protected slightly. Light yellow, and to white at edge of petals; bloom in clusters of three to five flowers.

WHITE SOUPERT-When in full bloom this grand little Rose has the appearance of a perfect ball of pure white. Flowers perfectly double and produced in large round clusters, completely covering the foliage, and are delightfully fragrant. A grand success as a pot plant or for summer borders. Its vigorous habit of growth and free-blooming qualities make it one of the most valuable plants.

The Twelve "Best" Hardy

# GARDEN ROSES

The twelve varieties listed below have been offered under this heading with a view of supplying the amateur, who is not familiar with the various varieties, and to whom a selection from the long list of roses must necessarily prove confusing, as a collection which combines as varied a range of color as can be brought together in such a number of plants with freedom of flowering, perfect form, fragrance hardiness and general excellence.

AMERICAN BEAUTY-Well known as one of the grandest and most beautiful constant blooming Roses; immense buds and flowers, rich glowing crimson, exceedingly sweet.

CHAMPION OF THE WORLD—Color, rich glossy pink, delightfully fragrant, and is such a strong vigorous grower, that it is almost impregnable against attacks of the insects which usually destroy some of our finest roses; thus it is certain to be unequalled for the garden or centery. A royalrose. It is a wonderfully prolific blooming variety. Every shoot is loaded with forcers is loaded with flowers,

**DINSMORE**—A true perpetual bloomer; begins to bloom almost as soon as planted, and continues all through the season. The flowers are extra large, very double and full and quite fragrant. Color, bright fiery scarlet passing to fine rosy crimson; very showy and handsome and one of the best roses ever introduced for general planting.

GRUSS AN TEPLITZ. The Crimson Hermosa-This magnificent ose is unquestionably the grandest hardy red garden Rose yet introduced. Of easy culture, succeeding with every one and extremely free flowering, producing in phenomenal profusion dazzling scarlet flowers of richest fragrance. The plantis astrong, robust grower; and is continually covered with flowers the whole season.

HERMOSA—We believe the Hermosa is the best known in the entire rose family, and a universal favorite. Hardy as a lilac'bush and as free flowering as the geranium, it combines everything most desirable in a rose. The flower is cupped, finely formed and full color, the most pleasing shade of pink.

KILLARNEY—The great Irish Rose. A charming Rose of robust growth and very free blooming, the flowers are large, the buds very long and pointed, petals very large and of great substance; flesh shaded white, suffused pale pink; a lovely and distinct rose of merit.

KAISERIN AUGUSTA VICTORIA-A beautiful Rose with elegant, large pointed buds and very large, full double flowers; color delicate creamy white; deliciously fragrant. The plant is a strong, healthy grower and constant bloomer, one of the choicest and most trustworthy garden Roses.

PERLE DES JARDINS—Probably better known than any other yellow Rose grown. Beautiful clear yellow distinct from all other Tea Roses. The flowers are large and of perfect form, fine in every stage of development from the smallest bud to the open flower.

C. YOUNG & SON, St. Louis, Mo. ELSBERRY, Mo., May 23, 1907.

GENTLEMEN-I want to thank you very kindly for the nice Dahlias I rec'd this week from you. I appreciate them very much.

The following vari eties are some of the most recent introductions of select, choice new Roses, which we are pleased to offer to our customers for the first time.

#### **New Hybrid** Tea Rose. ETOILE DE FRANCE.

In this new French variety we have a most valuable addition to our collection of Hardy Hybrid Tea Bedding Roses. It is a strong vigorous grower, with good dark foliage and flowers, which are full and double and as beautiful in the bud as

**GRAND NEW ROSES** in the full-blown flower, and bornelon strong, upright shoots in the greatest profusion. In color it is distinct from all Roses in this class, being of a rich velvety crimsonwith vivid cerise-red center. Strong plants 15c each; second size 25c each; two-year-old plants by express, 50c each. BEAUTIFUL NEW PINK ROSE.

MAD. ABEL CHATENEY.

This is a strong, healthy growing variety, with rich, bright foliage. A grand bedding rose, as it is a profuse and continuous bloomer, flowers of good size, very double with slightly recurved petals; elegant buds, color, rosy carmine, shaded salmon. Strong plants 15c each; second size 25c each; two-year-old plants by express only, 50c each.

# A MACNIFICENT HARDY EVER-BLOOMING ROSE.

An extraordinary free flowering Hybrid Tea Rose, branching in habit, vigorous and hardy and as free as a Tea Rose. Flowers are medium in size, well formed, globular; light rosy crimson, almost the color of Alfred Colomb. As fragrant as an American Beauty Price strong plants 20c each; 2nd size 35c; 2 year old plants 50c each.

NEW YELLOW TEA ROSE.

SOUVENIR DE PIERRE NOTTING.
From what we have seen of this new variety we believe it to be the ideal yellow bedding Rose; has exceptionally large flowers, which in form and beauty surpass that magnificent bedding Rose Maman Cochet, which is one of its parents. In color it is a deep apricot-yellow shaded with orange; rich and beautiful. Strong plants 15c. each; 2nd size 25c each; 2 year old plants 50c each.

NEW ROSE, MISS KATE MOULTON.

THE QUEEN OF ALL PINK ROSES.

This beautiful new Hybrid Tea Rose is the result of a seedling of Mad. Caroline Testout and La France crossed with Belle Slebrecht. It is in a class by itself in size of bloom and for its free blooming qualities. In color it is a beautiful light pink. Its habit is very robust, with a heavy foliage like American Beauty, and it has never known disease of any kind. A grand Rose both for forcing and outdoor garden culture. Price strong plants 20c each; 2nd size 35c each; two year old plants

#### NEW ROSE, WELLESLEY.

This splendid rose is a seedling from Liberty crossed with Bridesmaid; the flowers are extra

#### NEW ROSE-JOSEPH HILI

This new Hybrid Tea Rose is an extraordinarily strong, heavy grower, producing stiff canes and dark foliage. The bud is enormously large and long-pointed, opening into a monster bloom of the most beautiful and clear shades of pure salmon, bright pink and pure gold. Very distinct, 20c each; 2nd size 35c each; 2 year old plants 50c each.

#### **NEW ROSE CLIO.**

A really grand Rose. On the order of Baroness Rothschild. Recommended by expert growers as the finest Rose of this type. Strong vigorous grower, hand-some foliage. Flowers are flesh color, shaded in the center with rosy pink. large, of fine globular form, freely produced. Price 25c each; 2 year old plants 50c each.

SPECIAL OFFER. The set of 8 grand New Roses, as described above for \$1.50 my mail postpaid; 2nd size the 8 varieties for \$2.00; 1st size 2 year old plants by express. the 8 for \$8.50.

(Golden Sun.)

The most unique Rose in cultivation, being the first of a new race. A strong, robust grower, with straight branches and heavy, deep green foliage. The color of a fully expanded flower is extraordinary and is not found in any other variety in cultivation—a blending of reddish-gold, orange-yellow, forming a combination that is well described when the rose was named golden sun, and no description can do justice to the peerless beauty of this wonderful, new, hardy yellow Rose. It will prove hardy in all sections of the country. Wherever shown this Rose has won all first prizes. It has but one drawback to the propagator's mind and that is that it does not succeed well on its own roots, and we therefore offer it in strong low budded plants, two-year-old stock only, at 50c each; extra large, 75c. (Golden Sun.)

Rose Soleil D'Or.

# Six Choice Ever-Blooming Roses for 50c.

-Probably betterknown than any other yellow Rose grown. Beautiful clear yellow, distinct from all other Tea Roses.

LA FRANCE.-We have always given this variety the first place. It is of most superb form and as double as a Rose can be. No variety can surpass it in delicacy of color, which is silvery rose, shaded with pink, with a satiny sheen over all the petals.

PINK HERMOSA.-This is the famous old Hermosa. It is always in bloom and always beautiful. Color, a most pleasing shade of pink. Very fragrant.

SAFRANO .- An old favorite. Bright apricot vellow. changing to orange and fawn. frequently tinted with rose. Very fragrant.

GRUSS AN TEPLITZ .-One of the brightest colored Roses grown. When first opened it is dark rich crimson, quickly changing to bright scarlet shading to velvety fiery red.

THE BRIDE .- The standard pure white Rose. Of perfect form and extra large size. the buds being long and pointed, while the flower opens up beautifully and full; delightfully scented.

SPECIAL OFFER.-The set of six choice Ever-Blooming Roses for 50e by mail, postpaid; large plants, by express, the set of six for \$1.25. Extra large two year old plants, the set of six varieties for \$2.00.

#### The Famous LaFrance Roses.

If you want the best hardy ever-blooming Roses order the three LaFrance varieties. They will give you perfect satisfaction and produce hundreds of superb flowers throughout the growing season.

PINK LA FRANCE.—This is probably the most popular Rose in cultivation. Both buds and flowers are of lovely form and grand size, color fine peach blossom elegantly clouded with rosy flesh. Begins to bloom while very small, and continues bearing a great profusion of buds and flowers until stopped by freezing r. One of the loveliest and most beautiful of all Strong plants, 15c; two years old, 35c; extra weather.

WHITE LA FRANCE.—A seedling of LaFrance and quite as beautiful: extra large, full, deep, pearly white flowers, delicately shaded with soft rose; exquisitely beautiful and delightfully fragrant. Strong plants, 15c; two years old, 35c.

RED LA FRANCE.—This is a superb new Rose, belonging to the Hybrid Perpetual class and closely resembling LaFrance, but much deeper in color and a better grower; the flowers are extra large, exceedingly beautiful, very double and full color, lovely rose-pink, very deep and exquisitely shaded; a constant bloomer and recommended as one of the sweetest and best Roses for general planting. Strong plants, 15c; two years old, 35c.

One each of the three varieties in large two-year-old plants, 90c.

### THE TWO GREAT MAMAN COCHET ROSES.

If you want two of the finest hardy ever-blooming Roses for out-door cultivation, varieties that will produce hundreds of superb flowers throughout the growing season, order the two Cochet Roses. No matter where you live, they will give you perfect satisfaction. They are absolutely the best Roses in the world.

#### PINK MAMAN COCHET.

The queen of all pink garden Roses. Such beauty and exquisite form as is possessed by this variety is well-nigh marvelous. The buds are beautiful, large, full and firm, and elegantly pointed; as they expand they show great depth and richness, sometimes measuring 2½ inches from base to tip. Flowers superb when open, extra large, perfectly double and of splendid substance. Small pot plants will in the open ground quickly make large, strong bushes, and produce on long stiff stems great numbers of perfect flowers that are enchanting in fragrance and delicate brightness. Perfectly hardy in all sections of the country. The color is clear, rich pink, changing to silvery rose. As we see it, one good Rose like any of the Cochet Roses is worth a whole collection of poor ones—at any price.

#### WHITE MAMAN COCHET.

This superb variety is identical with its parent, Maman Cochet, exceptin color, which is snowy-white, sometimes faintly tinged with the slightest suggestion of pale blush. With the same freedom of bloom, magnificent form of buds and flowers and hardiness, it stands at the head of the list as the best white Rose for open-ground culture. It has the vigor of an

Price of Pink and White Maman Cochet: Strong plants, 15c each, four for 50c, postpaid; two-year-old plants, 30c each, four for \$1.00.

#### Rugosa Roses.

#### HARRISON'S YELLOW ROSE.

The old-fashioned Harrison's Yellow Rose is one of the finest, pure deep yellow, hardy Roses ever grown. Invaluable for planting in large masses, producing fine landscape effects. The foliage is particularly attractive—very dark glossy green, thick and leathery, shining as if varnished. The beautiful flowers, four inches across are produced in the wildest profusion. Strong, vigorous growers, forming usually compact symmetrical plants. Insects do not trouble them. Price: Two-year-old plants, 35c each; 3 for \$1.00—by express only.

#### The Famous "Sunset" Rose. A GRAND YELLOW ROSE.

This grand Rose is a great favorite wherever known; the color is a rich golden amber or old gold, elegantly shaded with dark ruddy crimson, resembling the beautiful tints seen in a summer sunset, hence its name; the flowers and buds are of extra large size, very full and finely formed and deliciously perfumed; it is a strong and vigorous grower and free bloomer, highly recommended both for open-ground and house culture, making it a very desirable Rose. Price: First size, 50c each, \$4.50 per doz.; 2d size, 30c each, \$3.00 per doz.; 3d size, 15c each, \$1.50 per doz.

TREE ROSE.

The Tree Roses are grafted on hardy rose stalks four to 5 feet high, are tree shaped, and when in full bloom are objects of beauty, making handsome plants for the lawn or rose border. In this shape we offer only the Hybrid Perpetual or hardy class. We have them in white, the different shades of pink, red and crimson. Fine, strong trees that will bloom nicely the first year, \$1.00 each, \$9.00 per doz. These can only be sent by express or freight.

## Baby Rambler Tree Rose.

A most attractive novelty in hardy Roses. Budded on strong, straight stems four feet high; the round, bushy Baby Rambler tops at all times a perfect mass of crimson bloom; the most florescent and striking of all the tree roses. \$1.50 each, by express.

# Rosa Rugosa.

JAPANESE ROSE.

These Japanese Roses form sturdy bushes 3 to These Japanese Roses form sturdy bushes 3 to 5 feet in height. They are perfectly hardy in the most trying places, standing well the hot sun, and thriving in dry or sandy soils. The dark, rich leathery foliage is oddly wrinkled; the large, fragrant single and semi-double flowers of both red, rose and white are produced in profusion throughout the summer. In the autumn they are followed by orange-red and scarlet heps or seed pods. Rugosa is extremely useful in rough situations and shrubbery borders, and we know of no rose that surpasses it. (See cut.)

BLANCHE DOUBLE DE COUBERT.—A fine, double sweet and pure white flowering variety, producing clusters of from 5 to 10 flowers. It is a vigorous, rampant grower, very free blooming-almost perpetual flowering. Flowers measure nearly 5 inches across and are lasting.

RUGOSA ALBA .- Crowded with clusters of single pure white flowers; foliage dark green and glossy.

RUGOSA RUBRA.-Identical with above, except in the color, which is a beautiful red.

-Two-year-old plants, 35c each. The three varieties for \$1.00.

# "BABY RAMBLER."

Everblooming Dwarf Hardy Rose.

Everblooming Dwart Hardy Kose.

The descriptive name of 'Baby'' or Dwarf Crimson Rambler seems a misnamer, yet is appropriate, for the fame of the "Crimson Rambler" belongs to it It forms compact bushes about two feet high, covered with clusters of rich, crimson-red flowers throughout the season. Perfectly hardy, it requires no winter care, and should improve each year with good culture. The coloring is brighter and more persistent than in its parent, the "Crimson Rambler." The size of the clusters and the number of flowers in each are the marvel of all beholders. As a bedding variety, to make a low, attractive hedge, to border a walk, for planting in cemeteries, or for growing in pots in the house, it stands alone and must find its way everywhere.

Price: First size, 50c each, \$5.00 per doz.; second size, 30c each, \$3.00 per doz.; third size, 15c each, \$1.50 per doz., \$10.00 per 100.

. C. Young & Sons Macon, Mo., May 23d, 1907. The three roses came in good condition and I thank you very much. Yours very truly, A. B. MILLEI MR. C. YOUNG & SONS A. B. MILLER

#### Hybrid Tea Rose Killarney.

Champion of the World—This is a free blooming, hardy Rose of great merit, introduced recently, Flowers of large size; color, a lovely, clear deep pink. One of the best of all Roses for outdoor cultivation.

Gen Mac Arthur—Dazzling crimson-scarlet. One of the grandest red Roses ever offered. Buds are of ideal shape and exquisit perfume, making the variety very desirable for cut flowers; while its clear glossy foliage, generous bloom, and brilliancy of color give it front room in the garden.

Gruss An Teplitz-This is the reddest of all roses and is a rose for everybody, succeeding under the most ordinary conditions and is destined to take rank with such old time favorites as Hermosa, Malmaison, Soupert, etc. Ia color it is of the richest scarlet imaginable, shading to a velvety crimson as the flowers mature. It is very fragrant, a free, strong grower, quite hardy, and the most profuse bloomer known to us.

Souv. DeWooton-A magnificent carmine crimson Rose. of the most deliciously scented Roses in the whole list. It is very hardy, and a constant and prolific bloomer, every shoot forming a flower bed. It is one of the most satisfactory of all ever blooming garden Roses.

Mad Schwaller-Blooms in large clusters, large globular flowers; fine salmon rose, fluely edged with violet carmine; highly perfumed; a strong, healthy grower; a grand variety.

# TWELVE GRAND HARDY

# **EVERBLOOMING** Hybrid Tea Roses.

This collection of Roses embraces the best of the Hybrid Tea type, several of them, varieties with which every lover of Roses is familiar, and all of them thoroughly tested sorts which have been found most, satisfactory for outdoor

planting.

They combine in a large degree, the hardiness of the Hybrid Perpetual class with the free flowering qualities of the Tea Roses, and withstand the winterwith little or no protection.

We appealedly recommend this collection of Roses to those who wish a supply

of extra choice flowers for cutting throughout the summer and fall months.

~~~~~~~~~~~\*

GLADSTONE, Mo, May 7, 1907

C. YOUNG & SONS, ST. LOUIS, MO.

Box of plants received in good condition and to say I am well pleased h them is putting it mildly.

\*\*\*\*\*\*\*\*\*\*\*\*\*

Many thanks for the extras included.

Yours truly,
J. C. TOLMAN.

Killarney -This beautiful Irish Rose was illustrated in colors In our Garden Book of 1906. We have distributed many thousands of plants, and the numerous reports received show that, with very few exceptions it has given universal satisfaction. Probably no Rose has ever taken such a prominent place so quickly as Killarney. It is already one of the most popular of our Garden Roses.

Kaiserin Augusta Victoria—This grand, hardy, everblooming Rose is one of the most beautiful white garden Roses; a strong healthy grower, blooming in unbroken continuity from spring until checked by frost; it is justly famous for its large, elegantly pointed buds and large full double flowers. The color is soft pearl-white, tinted with lemon in the center, Deliciously fragrant.

Helen Gould-New, hardy, ever-blooming Rose; a glorious hybrid Tea, producing in greatest profusion on long, strong stems; magnificent large flowers of perfect form and substance. The color is a warm, rosy carmine red.

La France—This superb monthly blooming Rose is too well-known for extended description, being one of the most popular roses grown. Produces buds and flowers magnificent in size, form and color, continuously throughout the summer. Wonderfully fragrant; color, silvery pink.

Mad. Abel Chateney—This is a strong, healthy growing variety, with rich, bright foliage. A grand bedding rose, as it is a profuse and continuous bloomer, flowersof good size, very double with slightly recurved petals: elegant buds, color, rosy carmine, shaded salmon.

Madam Caroline Testout-Probably no rose stands higher in public madam taronne restout—Prodadly no rose stands higher in public estimation today than La France, and when we say this elegant new rose is a close counterpart of La France, we have said enough to ensure its being planted by vast numbers of people. It is decidedly deeper and more brilliant in color and a larger flower, and is as good in other ways. The petals are large and of elegant La France form; exquisitely edged and bordered with clear silver rose.

President Carnot—A lovely color; outer petals white, center delicate flesh pink. Flowers are of the largest size and of the highest quality, and are delightfully fragrant. It is a strong vigorous grower and a very free bloomer, producing large quantities of the finest shaped buds on long stiff stems. One of the finest ever blooming roses that has ever been introduced for garden cultivation.

PRICE 15c each, the full set of 12 varieties for \$1.50 postpaid; 2d size, 25c each, the full set of 12 varieties for \$2.50. We can furnish strong two-year-old plants of any of the above roses, each, 40c, the set of 12 varieties for \$4.00 by express.

# THE TWO GREAT BEAUTIES.

#### RED AMERICAN BEAUTY.

LARGEST SWEETEST AND BEST OF ALL HARDY ROSES. This is perhaps the grandest and most beautiful Rose now known. It is a genuine hardy, ever blooming rose. For immensity in size, rich color, exquisite form and delicious fragrance it stands without an equal. It is a quick and bushy grower and a continuous bloomer, makes magnificent buds and large, deep, double flowers, and is valuable both for house and garden culture. Color is a rich, rosy-crimson, shaded and veined in the most charming fashion; fragrance is wonderfully sweet, not surpassed by any Rose we know.

SPECIAL NOTICE—The true stock of A merican Beauty Rose is both scarce and valuable. We guarantee all the plants we send out to be true to name, so that all those who have never seen this superb Rose can order with a certainty that they will receive fine plants, stocky, strong and sturdy absolutely true to name.

Strong plants, 25c, two year-old, 50 cents. LARGEST SWEETEST AND BEST OF ALL HARDY ROSES.

### WHITE AMERICAN BEAUTY.

(FRAU KARL DRUSCHKI)

This magnificent variety is undoubtedly one of the grandest hardy pure white roses ever introduced. Makes splendid buds and immense flowers 4 to 5 inches across, perfectly double and delightfully fragrant, large thick petals, very durable and handsome. Bright shining green leaves, elegantly veined; a healthy, vigorous grower, entirely hardy and a constant and abundant bloomer.

Strong plants 25c; two-year-old, 50c.

# Rambler and Climbing Roses.

CRIMSON RAMBLER.

Everybody knows this rose now, because none can help remembering it if ever a good plant in bloom meets their eye. These splendid trusses of thirty or forty flowers each, bright crimson in color and holding this color for 12 or 15 days are very striking. The foliage contrasts finely with the blooms. We see this grand climber blooming against green walls of vines and twining in evergreens and made in hedges and borders for walls, clustered at posts, along lawns or drives. Everywhere it is magnificent. Hardy everywhere. Strongest grower we have. Every garden should contain this grand rose.

| Prices for Dormant Plants, by express     | Each. | Doz.    |
|-------------------------------------------|-------|---------|
| Mammoth size, 3 years old, 4-5 feet canes |       | \$10.00 |
| Selected 2 year old, 3-4 feet canes       | .50   | 5.00    |
| Strong 2 years old, 2-3 feet canes        |       | 4.00    |
| Strong 1 year old, 1-2 feet canes         |       | 2.50    |

Price Strong Pot Grown-plants.
From 2½ inch pots, each, 15c; 6 for 75c; 12 for \$1.50, postpaid.
From 4 inch pots, each 50c; 3 for \$1.25; 12 for \$5.00.
From 5 inch pots, each 75c and \$1.09, depending on size by exp.
From 6 inch pots, each, \$1 50 and \$2 00, depending on size, by exp.

DOROTHY PERKINS—New Pink Rambler Rose. A good one. As hardy as Crimson Rambler and same habit of growth. The flowers are about 1½ inches across; are borne in clusters of from ten to thirty, and are very double: the petals are very prettily rolled back and crinkled. The color is a most beautiful shell pink and holds a long time without fading.

PHILADELPHIA CRIMSON RAMBLER-This variety is a cross between crimson Ramblers and the PHILADFLPHIA CRIMSON KAMBLER—This variety is a cross between crimson Ramblers and the hybrid rose Victor Hugo, and is identical in all respects to the crimson Rambler except the color is brighter deeper, and more intense. Second, the flowers are perfectly double to the eenter, last longer in bloom and come into flower about 10 days after the Crimson Rambler.

Price on the above two Ramblers.

Strong 3 year dormant field plants, each, 75c; 3 for \$2.00; 12 for \$8.00 by exp.

Strong 2 year dormant field plants, each, 50c; 3 for \$1.25; 12 for \$5.00 by exp.

Strong 1 year dormant field plants, each, 25c; 3 for 60c; 12 for \$2.25, prepaid.

Strong 2½ inch pot plants, each, 15c; 3 for 40c; 12 for \$1.50, prepaid.

Strong 4 inch pot plants, each 50c; 3 for \$1.25; 12 for \$5.00, prepaid.

#### 'WO OLD FAVORITES IN HARDY CLIMBING ROSES.

BALTIMORE BELLE-Your yard is not complete without this grand rose. Will grow 15 feet in one

year, and be covered with clusters of large double flowers of a pale blush color.

PRAIRIE QUEEN—A favorite with every one. If you want a rose for your porch, this is the one.
Color bright red, changing as the flower opens to deep pink.
Price 2 year old plants 35c each; 1 year old 15c each; by mail postpaid.

#### CRAND MEMORIAL ROSE, MADAME PLANTIER.

Specially Recommended for Cemetery Planting.

Among all pure white roses specially recommended for cemetary planting, there are few finer than **Madame Plantier**. It is one of the hardiest of all hardy roses and does not Winter kill even in the coldest and most exposed localities. Is a strong vigorous grower, making handsome, upright bushes, and an enormous bloomer, sure to be covered with lovely snow-white flowers every season without attention. Makes hardy, healthy, handsome bushes that will take care of themselves and give lots of snow-white blossoms every season. Price, strong plants, 20c each, 3 for 50c, 6 for \$1.00. Two year bushes, 30c each, \$2.50 per dozen.

#### TENDER CLIMBING OR PILLAR ROSES.

CLIMBING METEOR-Flowers large and of that rich. dark, velvety color seen in the Jacqueminot strong, well rooted plants, each, 15c; 6 for 50c. Two year old plants, each 40c.

MARECHAL NEIL-A rose so famous as to hardly need a description here. The most beautiful large, golden yellow grown, 15c; 2 for 25c. Two year old size, each 40c; 3 for \$1.00, by express

Rambler Roses. -The flowers are extra large, pure white and double. The most remarkable feature of this variety, is that it blooms MRS. ROBERT PEARYcontinuously the first year. Each 15c; 3 for 40c; 2 year old plants, 40c; 3 for \$1.00, by express.

MARY WASHINGTON-The flowers are pure white, quite double and fragrant, blooming in clusters and very profusely; it is hardy with slight Two years old plants, each 25c. protection. Special Offer:-One each of the above four tender climbing climbing roses for only 50c postpaid. One each in the 2 year old size for \$1.00

## MEMORIAL OR EVERGREEN ROSES.

(Rosa Wichuriana.)

Party de Manager

Creeps on the Ground Like Ivy-Dark Green Leaves-Number less Satiny White Flowers, with Golden Yellow Discs-Hardy as Grass, and will Grow in Sun and Shade.

It is difficult to conceive anything more appropriate, beautiful and enduring for covering graves and plots in cemeteries than the HARDY MEMORIAL ROSE. It forms a dense mat of very dark green, lustrous foliage and flowers in lavish profusion from the first week in July and throughout the month, and sparingly for the rest of the season. They are single pure white, with a golden yellow disc five to six inches in circumference, and have the strong fragrance of Banksia Roses

But its use is not confined to cemeteries. Planted in the garden, either as a creeping plant or trained upright to a stake, it makes the prettiest sight imaginable. It has been largely used throughout the famous park system of Boston for covering the rocky slopes, embankments and such places as it was desirable to cover with verdure. It quickly adapts itself to all conditions of growth, whether barren soil, rocky ledge or fertile garden, and no more fitting place can be found for it than running through the grass. (See cut.)

Price, nice plants, 10c each, 6 for 50c; one-year-old plants, 25c each, 6 for \$1.00.

Oklahoma City, May 6, 1907.

C. Young & Sons' Co St. Louis, Mo.

St. Louis, Mo.

GENTLEMEN.—Your plants were duly received in good condition, and are doing nicely. I want to express my appreciation of the excellence of your stock, careful packing, low prices and liberal premiums. I have ordered from a number of eastern florists, and you excel in every particular.

Very Respectfully Yours, R. A. KLEINSCHMIDT.

# COLLECTION OF TWELVE HARDY ROSES

The twelve hardy Roses named .below are unequalled in their class, combining the greatest variety of form, richness of color and freedom of bloom which it is possible to get in that number.

Many sorts have been left out, not because they are of no value, but that the sorts listed are superior in size, hardin ss, vigor, productiveness or some other characteristic that is necessary to make a good rose.

AMERICAN BEAUTY—Well known as one of the grandest and most beautiful constant blooming Roses; immense buds and flowers; rich glowing crimson, exceedingly sweet.

BALL OF SNOW-Large pure white flowers borne in great profusion, nearly as free-flowering as Ever-blooming Roses.

GENERAL JACQUEMINOT—Too well known to require lengthy description. It still holds first place among the dark red Roses, and is one of the most satisfactory to grow. A rich crimson scarlet. (See cut.)

**DUKE OF TECK**-Bright crimso scarlet, clear and distinct in color.

MAGNA CHARTA—A general favorite, prized on account of its strong, upright growth and bright, healthy foliage, as well as for its magnificent bloom. The color is beautiful bright pink, suffused with carmine.

CAROLINE TESTOUT—Brght satiny rose, with brighter center, full and globular; very free and sweet; one of the most valuable Roses in the collection.

ALFRED COLOMB—Justly celebrated as one of the very finest; extra large round flowers, very double and full; color clear cherry-red passing to bright, rich crimson; very fragrant.

PRINCE CAMILLE DE ROHAN— Much sought after because of its splendid dark crimson flowers, which are shaded so deeply as to be almost black

CHESTNUT HYBRID—Red shaded with violet. Very free flowering. Blooms large and full. Very distinct.

PAUL NEYRON—We ask special attention to this grand Rose; the flowers are immense; probably the largest and finest Rose; bright shining pink, clear and beautiful; verydouble and full; finely scented; blooms the first season and all summer.

MRS. JOHN LAING—Rich satinypink, large and full; deliciously fragrant. For freedom of bloom this grand variety is unsurpassed in its class, being nearly equal to the Monthly Roses. A grand garden Rose.

ULRICH BRUNNER—Cherry-red: a grand Rose; very free blooming. A grand Rose in every respect.

SPECIAL OFFER: Collection of twelve hardy roses, 1st size, \$5.00, 2nd size, \$8.50, 3rd size \$1.50. Single plants of any of the varieties named above, 50c, 40c and 15c each.

Rose General Jack.

# TWO=YEAR=OLD FIELD=GROWN ROSES

These roses are much larger than our two-year-old pot-grown roses, and as the season for planting them is limited, we advise our customers to order as early as possible. Our stock cannot be excelled in strong, healthy growth. The branches are from two to three feet high, each plant having from three to five canes. These are roses for which nurserymen charge from 75 cents to \$1.00 apiece. They are all fine varieties, such as Magna Charta, Duke of Edinburgh, Chestnut Hybrid, Giant of Battles, La Reine, Paul Neyron, General Jacqueminot and many others. We have put the price low, and sure that they will give more satisfaction for the amount expended on them than anything you can buy in the plant line, as they will give immediate effect. We cannot fill orders for these roses after the 15th of April.

Price, 35 cents each; three for \$1.00: \$3.00 per dozen. By Express.

Eureka Springs, Ark., April 17, 1907. C. Young & Sons Co., St. Louis, Mo. Gentlemen:—The roses came Monday and were in fine condition. I want to thank you most sincerely for the extras you sent me. Very Respectfully, Mrs. Monogan.

Mrs Robt. Foerderer.

#### **MAYOR WEAVER**

A loose Japanese incurved; of a bright rose-pink color, with glistening light reverse. Stems are stiff and upright, plant growth vigorous, and flowers easily attain a diameter of 7 inches.

#### MRS. ROBT. FOERDERER

A seedling from Marie Liger and a fine companion for Mary Mann. Nice dwarf grower with beautiful foliage, globular flower of a beautiful shade of cream and amber (see cut).

MRS. H. A. ALLEN
Deep rosy Magenta color, especially fine; very large, with broad, wide spread petals; very showy both in size and color.

# **NEW AND RARE** CHRYSANTHEMUMS.

In no class of flowers has there been so great improvement in size and form and variety of colors of flowers, as in Chrysanthemums. They are today attracting much attention, and are becoming more and more popular as new types and forms are being introduced.

On this page we offer a carefully selected list of the best of the new and rare varieties shown at the exhibitions last season. They are all very distinct and marked improvements over previously introduced sorts.

CULTURE—They may be planted at any time from early spring until July, and will make fine blooming plants. They flower at the terminal branches, hence the young plants should be pinched back when received, to cause them to make numerous branches. If extra large flowers are the proposed at the ride but on these branches heads he are desired, all the side buds on these branches should be pinched off as soon as they appear, allowing only the ter-minal bud to develop. If the plants are wanted for winter blooming, they should be lifted and potted about the first of September.

To obtain "Exhibition" flowers the best culture must be given, else size, finish and the individual characteristics will be lacking.

We publish a pamphlet on "How to Grow Chrysanthemums," which will be sent free to applicants on request.

#### ADELIA

A beautiful pure white, Japanese incurved. Stems stiff and well foliaged.

#### BEN WELLS

Grand flower, 10 inches across tremendous grower. Color a very delicate flesh.

#### CLEMENTINE TOUSSET

An enormous early white, certified certificated on October 8th. A glistening white, lasts splendidly when cut.

#### MRS. JEROME JONES

A beautiful waxy-white, with broad, incurving petals; one of the finest.

#### SAUS-SOUSI

One of the largest chrysanthemums grown, color, mahogany red, tipped with gold; very showy.

#### OPAH

A large perfect flower that attracts attention wherever shown. White, slightly suffused with pink. Blooms early and may be counted on to give nice displays as a pot plant or clump in the ground. A strong vigorous grower.

#### ROI D'ITALIA

Somewhat later than the others; a splendid large flower, compact, incurving; a rich shade of yellow,

#### MRS. MARY MANN

A seedling from Mary Liger, with perfect stem and foliage; an easydoer; November 1. With the fine globular form, large size, broad grooved petals and extra fine shade of rose pink; florets show the bright shades to its best advantage.

#### ORD HOPETOUN

A beautiful crimson, which is still scarce.

Price of twelve New and Rare Chyrsanthemums, 15c. each; set of twelve \$1.50

#### SIX BEST EXTRA EARLY CHRYSANTHEMUMS.

September Flowering CHRYSANTHEMUMS.

These are particularly desirable because they bloom early and make a grand display of flowers before the cold weather injures the blooms.

IVORY—This is one of the very best varieties for pot culture or cut flowers. Flowers pure white, of exquisite form and finish. LADY FITZWYGRAM—One of the earliest pure whites. Outer petals reflexed and center slightly incurved. Flowers latter part of

September.

YELLOW MONARCH—A yellow sport from Merry Monarch, identical except in color, which is a pleasing canary. The earliest large flowering yellow chrysanthemums to date.

CARRIE-Deep yellow, dandelion shade, blooms in September. A splendid variety for pots or outdoor planting.

GLORY OF THE PACIFIC-Beautiful clear pink; large round flowers with broad petals; immense bloomer and very showy.

PINK IVORY-Shell-pink, of the same fine form as the white variety.

Price 10c each. The set of 6 early varieties, postpaid, for only 50 cents.

#### HARDY EARLY FLOWERING POMPON BABY CHRYSANTHEMUMS

These beautilul varieties are now universally popular for out door bedding. They produce a profusion of blooms from September until late in November. All of the varieties offered are quite hardy with slight protection in the northern states. Once planted will take care of themselves. Height, 2 feet.

PRINCE OF WALES-Best white.

JULIA LAGAVERE--Very fine crimson.

GOLDEN FLEECE-Clear yellow, small flower; early and free; one

of the best for outdoor planting.

CLIMAX—Rosy pink, free and early.

JULIUS LEGRAY—Rich, dark crimson, striking in color and very free bloomer

SHEEHAN—Rich bright bronze.
Special Offer—Price 10c each, the six varieties for 50, post-

Marissa, Ills., March 19, 1907. C. Young & Sons., St. Louis, Mo. Gentlemen-I received my plants yesterday (Monday,) and was more than pleased with the extra plants, for which accept my sincere thanks. All my plants look fresh and healthy. Yours truly, Mrs. J. F. Hacker,

Photo of One of Our Greenhouses, Showing Flowers Grown for Exhibition Purposes.

# NEW LARGE VARIETIES OF MUMS

# THE GREAT PRIZE WINNERS

CLEMENTINE TOUSET-The Early Chadwick. This Chrysanthemum proved last season to be the best of all early whites, large handsome bloom of same color as W. H. Chadwick.

GOLDEN CHADWICK-A large perfectly built incurved flower of a deep lemon color. The best all-round chrysanthemum.

MRS. GEO. BEECH—A deep golden yellow sport from Mrs. Swinburne (the only yellow sport from a white variety that we have ever noticed as having this deep brilliant color) a perfectly globular incurving form of the largest size.

MISS ALICE BYRON—A mammoth, extra large white variety of most robust habit and medium height, Petals broad, firm and cupping to the center, which is full and solid. Blooms often measure ten to twelve inches in diameter by seven inches deep. Magnificent heavy foliage close up to the flower, carried erect on stout stems.

WM. DUCKHAM—Japanese incurved. One of the best introductions of recent years. Has been awarded highest honors wherever exhibited. Color, a true pink, without the least trace of purple. Stem and foliage perfect. Valuable for exhibition or commercial purposes. Perfectly double.

INTENSITY—The largest and most beautiful dark crimson-scarlet yet introduced. Looks like crimson velvet; the very shade so much desired in chrysanthemums. Flowers are of immense size on fine stiff stems. Sure to please.

Price of 6 Great Prize Winners 15c each; set of 6 for 75c postnaid.

Sturgeon, Mo., Mar. 19, 1907.

C. Young & Sons.

Dear Sirs—I received the flowers some days past and liked them very much. Only hope they will live, as I lost everything I had last spring that I bought from another florist, but one rose. Thanking you for past favors, Yours very truly, MRS. CHAS. PALMER.

# ST. LOUIS PRIZE SET OF MUMS

### The Finest Varieties With Which We Won Prizes at the St. Louis Show in November.

H. W. BUCKBEE-A bright yellow, habit dwarf, petals loosely ar-

ranged. An excellent variety. Good Keeper.

CYRUS H. McCORMICK - Vigorous grower, bearing massive flowers.

Color deep yellow, shaded with bronze red.

ESTELLE—Color pure white, very early flowering. Good grower and

dwarf habit wart nabit.
J. SHRIMPTON—Bright crimson of largest size and perfect form.
GOLDEN WEDDING—This is undoubtedly the grandest golden yel-

w variety ever introduced.

GARZA—This variety makes a fine bush plant. The flowers are white

tipped yellow, single row of broad petals, anemoned center.

I. E. LAGER—Early yellow, large, reflexing, has been grown very extensively this season.

MAJ. BONNAFFON—Soft, clear, yellow, globular flowers, crowded

MAJ. BONNAFFON.—Soft, clear, yellow, globular nowers, crowded full of petals; perfect in every way, one of the very best kinds.

MRS. HENRY ROBINSON—A variety of exceptional merit, large and well finished. An early white, blooming with us Oct. 5th.

PITCHER & MANDA—The outer petals are pure white, center is a bright, deep yellow, the two colors being sharply defined.

WILLOW BROOK—The earliest of all whites. Strong dwarf grower.

A grand variety.

WESTERN KING-It is a first rate white notable for its superb form nd substance. It is extra large, and the petals, which are somewhat pointed, are inclined to incurve.

Price, St. Louis Prize Set, 10c each, 3 for 25c; the Set of 12 varieties for 75c, postpaid.

Red Bud, III., April 30, 1907.

C. Young & Sons Co.,

Dear Sirs-Plants and trees came yesterday morning in good condition. Accept my thanks for the extras.

Yours truly,

MARY C. ZIEBOLD.

Canna Italia.

# 5 Grand Orchid Flowering Cannas.

Of the many orchid-flowered Cannas introduced

The growth of all is remarkably vigorous, attaining a height of 6 to 8 feet, while their flowers frequently measure 6 inches across.

ALLEMANIA—This splendid Canna should be in every collection, as it is of strong upright growth, bearing immense blossoms, the inside of the bloom being scarlet and dark red, while the ontside petals are scarlet, with a very broad golden yellow border.

AUSTRIA—Golden Yellow with faint markings on one petal; blooms very freely on straight, tall flower stalks. The plant is a remarkable strong grower; a small plant set out in the spring will make a monster clump six feet high by midsummer and will be surmounted by its beautiful lilly-like bloom until frost.

ITALIA—Another grand variety. Flowers of immense size, somewhat larger than Austria; color, bright golden yellow, with large, irregular orange scarlet blotch in the center of each petal. A remarkably strong grower, attaining 5 to 6 feet in height. A dozen Austrias or Italias surrounded by Mad. Crozy or Charles Henderson makes a beautiful bed.

BURBANK—The new orchid-flowered Canna. At last we have not only a clear, beautiful yellow Canna, but also a flower magnificent in size. The flowers are truly gigantic in size, the upper petals spreading fully 7 inches, and the form is really semi-double. Toward the inner part the petals show fine crimson spots; all the rest of the flower is a most beautiful, rich canary yellow. A very strong grower, with leaves having a texture like rubber.

the rest of the flower is a most beautiful, rich canary yellow. A very strong grower, with leaves having a texture like rubber.

PENNSYLVANIA—A grand new Canna of the "Orchid-Flowering" type. It is really the only pure deep scarlet in this class of Cannas. The flowers are immense in size, often measuring 6 inches and over across, with single petals 2 to 2% inches wide. Plant grows 5 to 6 feet high, with its bloom well above the handsome bright green foliage. Its brilliant coloring, tee blooming habit and vigorous growth place it in the front rank of all "Orchid-Flowering" Cannas.

PRICE—The above Cannas, each, 15c, 2 for 25c.

PRICE-The above Cannas, each, 15c, 2 for 25c, PRICE—Incapove cannas, each, 10c, 2 for 20c, 12 for \$1.25, postpaid. If ordered sent by express at buyer's expense, stronger plants will be sent at same price. May 1st we can furnish large plants from 4 in pots that will begin to bloom in a short time. Each, 25e, 6 for \$1.25, 12 for \$2.40. All by express at buyer's expense.

#### CHOICE MIXED SEEDLING CANNAS.

A very fine bed of Cannas can be grown from our A very fine bed of cannas can be grown from our seedling varieties, which will produce fine foliage and flowers in almost endless shades and colors. We offer nice strong 2 in. pot plants grown from seed of Mad. Crozy and other dwarf varieties, All new kind come from seed. 10c each, 3 for 25c, 75c per doz., postpaid.

circumference 40c each, \$3.50

per dozen. Second size bulbs, 7 to 8 inches in circumference, 25c each, \$2.00 per dozen.

Third size. to 6 inches in circumference 15c each, \$1 00 per dozen.

#### CALADIUM Fancy Leaved

These varie ties do not grow as strong as the green one, Caladium Esculentum, but they are exceedingly orn am ental. and thrive well when planted out doors, after

Caladium-Fancy Leaved.

all danger of frost is over (see cut). Large size bulbs in six distinct colors, all ready started after April. Choice Sorts, All Labeled, 15c, 3 for 40c, \$1.25 per Dozen, Postpaid.

Bed of Cannas.

# SELECT DWARF FRENCH CANNAS.

The Canna is a specialty with us, and we grow all the new and leading varieties by the acre.

A bed of well-grown Cannas is a veritable bit of the tropics, with their wide arching leaves and stiff stalks of flaming flowers

with their wide arching leaves and stiff stalks of flaming flowers glowing like torches above their noble foliage. This effective ness is not confined to only a few weeks' display, but being exuberant in growth, a bed of Cannas soon becomes attractive after planting, and each day thereafter adds to its beauty. The Canna, being a strong grower, requires deeply dug soil, well enriched with old manure. Soil with some mixture of sand is best. After planting, water sparingly for a few days until the plants have taken root; after well established and showing good leaf growth, increase the amount of water. When in full growth, during hot weather, they may be watered very freely. Set the plants 18 inches apart each way, using the taller kinds for the center and dwarf kinds for the outer edge. The most practical way to care for the roots over winter is

The most practical way to care for the roots over winter is to take up the clumps after the first killing frost, leaving some earth adhere to the roots. Place them in a dry cellar where frost will not penetrate. Do not allow the roots to become too dry, or the tubers will wither, but care should be taken that they are not too moist to allow mildewing.

The prices we quote are for strong pot-grown plants, 8 to 12 inches high, from 3-inch pots, and not dormant roots, as usually sent out. The advantage in the pot-grown plants is that they will give immediate effect, while dormant roots—especially when ordered late—will sometimes not become thoroughly established until mid-summer and after. We are confident they will give our vatrons much better results than dormant roots. summer and after. We are confident the much better results than dormant roots.

BEAUTE POITEVINE. - Brilliant crimson with scarlet shadings,

SHENANDOAH .- This fine new Canna is certainly a grand addition

SECRETAIRE CHABANNE.—Salmon-color, in this variety the color is so rich and pleasing as to be entirely distinct. It is valuable for planting in masses. Height about 4 feet.

to our list of dark foliage varieties, its beautiful pink flowers standing out in striking contrast with its rich red foliage. The plant is of a dwarf and

MARTHA WASHINGTON.—3½ feet. One of the finest pink Cannas. Flowers extra large, often measuring 5 inches across; color,

compact; very free; green foliage; 3 feet.

# YOUNG'S 10 BEST BEDDING CANNAS.

A selection of the best from sixty kinds, all good. These are all of the large flowering Crozy type, and include all the colors, such as crimson scarlet, pink, yellow, white and variegated yellow and red; green and bronze foliage, and all at a price within reach of everybody.

DUKE OF MARLBOROUGH .- The finest of the very deep crimsons; fine individual blooms in large trusses, and exceptionally free-flowering and attractive; foliage green; 4 feet.

FLORENCE VAUGHAN .- Bright, rich golden-yellow, spotted with red, of large size and perfect form, foliage green; 4 feet.

CHARLES HENDERSON .- The standard of excellence in crimson Cannas. Dark green foliage; flowers freely produced in large clusters; colors, brilliant crimson scarlet. One of the best of all the red varieties Cannas. for bedding.

MAD. CROZY.-Still the most popular of all Cannas. Flowers of the brightest crimson scarlet, with a narrow golden yellow margin remarkable free bloomer; should be included in every collection; 3½ feet

QUEEN CHARLOTTE.—A grand Canna. Color, bright orange scarlet, deeply edged bright canary yellow. Flowers are very large, with broad, well-formed petals borne in immense heads well above the foliage;

SOUV. D'ANTOINE CROZY.—This is a superb variety in every respect, and is one of the vivid scarlet, bordered with a narrow band of the deepest golden yellow, the yellow border intensifying the brilliancy of the scarlet. It is an exceedingly free bloomer. The heads of bloom are very large.

foliage very large and deep green in color; 31/2 feet high.

PRICES.—The above Cannas, each, 15c, 2 for 25c, 10 for \$1,25, postpaid. If ordered sent by express at buyer's expense, stronger plants will be sent at same price. N. B.—After May 1st, we can furnish large plants from 4-inch pots that will commence to bloom in a short time. Each 25c; 6 for \$1.25; 12 for \$2.40, all by express at buyer's expense.

compact habit.

clear rosy pink, very bright.

FOUR VALUABLE BEDDING CANNAS.

The four sorts here offered are most valuable varieties for massing where a solid color effect is desired.

**BUTTERCUP.**—Deep butter-cup yellow, almost pure; very effective; foliage deep green; 3 feet.

CRIMSON BEDDER.—One of the most showy and longest lasting flower of any Canna we grow. Brightest imaginable shade of crimson scarlet. Plant is very compact in growth, throwing up straight flower spikes with well shaped trusses of bloom. Flowers remain in perfect condition for a longer period than ordinary varieties, making it one of the most valuable for planting in masses where brilliant color is desired. PRES. MEYER.—A glorious Canna with large flowers in immense trusses; color rich cherry-carmine, producing a gorgeous effect; bronzy foliage; 4 feet.

DAVID HARUM .- Dark bronze foliage. Strong grower and one of the freest blooming Cannas we have ever seen. Flowers are of large size with well-rounded petals, good substance and not too compact. Color is a bright vermilion scarlet, dotted with crimson spots. Considered by experts to be one of the best Cannas. Grows 3 to 3½ feet.

Pot-grown, 15c each, \$1.50 per dozen; the set of four for 50c.

# GRAND DWARF CANNA, THE EXPRESS.

All who have grown the Express consider it the best crimson bedder. The large, broad-petaled flowers are produced in fine compact clusters, giving a wealth of flowers the entire season. Color, brightest scarlet crimson, a shade lighter than Philadelphia, one of its parents. It is indeed a dwarf bedder, as under the most favorable conditions it only attains a height of 2½ to 3 feet, but generally only 2 to 2½ feet, the bed being literally ablaze with flowers. Its dwarf growth and the wealth and brilliancy of its flowers are in striking contrast with the Cannas of many years ago, which grew from 6 to 8 feet high and produced insignificant and inconspicuous little flowers. We had a bed of the Express on our grounds this summer, and it was the admiration of all who saw it.

Price, strong pot-grown plants, 15c each, \$1.50 per dozen, postpaid. If ordered sent by express at buyer's expense, larger plants will be sent at same prica.

GRIGGSVILLE, ILL., April 17, 1907,

C. W. YOUNG & SONS,

St. Louis, Mo,

DEAR SIRS-Will drop you a few lines to let you know that I received the roses alright and was very much pleased with them. I am much obliged for sending them promptly.

> Yours truly. MRS. F. C. BARTLETT.

C. W. YOUNG & SONS.

St. Louis, Mo .:

DEAR SIRS-Received the plants in fine condition and am well pleased with them. Thanking you for the extra Yours very truly, plants, I remain, THOS. T. GORDON.

O'FALLON, ILL,, March 27, 1907.

# Ever-Blooming Carnation Pinks.

Next to roses, pinks rank the highest in our estimation. but are supposed by many that they can not be grown and bloomed successfully outside of a green-house, when with proper treatment, which is simple enough, they may be freely bloomed out doors during the months of August, September and October. Young plants should be procured and planted as early in the spring as possible-just as soon as the ground is in a condition to work. The soil should be quite rich, well manured with thoroughly rotted manure.

To have a beautiful bed of Pinks in the fall, the plants should be planted about 10 inches apart each way; as the plants grow they should be "stopped," that is, when the shoots of growth become six inches long they should have the points pinched out. This operation should be continued until the 1st of July. when it must be discontinued if flowers are wished in August.

## 7 NEW AND SCARCE CARNATIONS.

ROBERT CRAIG-An ideal Christmas scarlet, with enormous blooms, 3% to 3% inches liameter. A healthy grower, strong, vigorous and free.
VICTORY—Many carnation growers say it is the finest scarlet color of any carnation:

even when the flowers are aged they seem to retain their bright color. Size 3 inches and over, fine long stems.

WHITE PERFECTION—Pure white. Blooms 3 inches and over in diameter.

white Perfection—Pure white. Blooms 3 inches and over in diameter. Beautifully fringed, very fragrant, exceedingly free-blooming, early and continuous; very healthy and vigorous; stems stiff, 3 feet long and over.

ENCHANTRESS—A phenomenal success. Color, delicate blush pink, deepening towards the center. Size, 3½ inches across. Form and calyx flawless, stem long and stiff. Sure to be a favorite.

MRS. M. A. PATTEN—Variegated. Ground color white, beautifully marked with

R. Very large flowers.

PROSPERITY—Enormous in size; frequently 4 inches in diameter. Color unique.

its mostled wink deepening towards center like au Azalia. (See illustration), White mottled pink, deepening towards center like an Azalia. (See illustration),
QUEEN LOUISE—The best white yet introduced. Very large, and an excellent

SPECIAL OFFER-Set of seven Carnations listed above, only 75c. or two sets for \$1.25, postpaid.

STANDARD SET OF CARNATION PINKS.

(Please order as "The Standard Set.")

ADONIS-This variety is the largest size Red Carnation yet introduced. It is nearly 3 in. in diameter. The color is a beautiful carmine red.

APOLLO-Color a bright crimson, large flowers, long stiff stem, good grower

BOSTON MARKET—Pure white. A very early, free and continuous bloomer. Considered one of the best.

FLAMINGO—A grand carnation; deep crimson scarlet.

FLORA HILL—One of the best whites.

Carnation Prosperity and Queen Louise.

FRANCIS JOOST-Pale salmon pink; a free bloomer.

GEN. GOMEZ-Color a brilliant cardinal maroon; very free flower ing and of delightful fragrance.

G. H. CRANE-Magnificent variety; color, scarlet.

MELBA-A delicate shade of light pink, very lovely and pleasing to MRS. E. A. NELSON-Bright pink; the largest variety of its color

and a grand carnation in every way.

NELSON FISHER—Cerise pink, the largest of its color.

WHITE CLOUD—A grand pure white carnation. An early and continuous bloomer. The flowers are of large size and pure color.

PRICE-10c each, 3 for 25c; set of 12 varieties for \$1.00, postpald.

The following are the best and most distinct that have been sent out up to the present. No other foliage plant can for a moment bear comparison with them, so vivid are the colors of some varieties

FOREST PARK BEAUTY-The leaves are much larger and broader than the old varieties and more compact. Color is a bright pink, shaded with deep maroon with golden yellow as base of the leaf, with a green border on the edge. 15c each, \$1.50 per doz.

FLAMBO-Dazzling carmine, trimmed with velvety maroon.

FAITH-Ground color creamy yellow, handsomely marked with bright crimson. Dwarf and compact.

ILLUMINATION-Narrow lacerated leaves, yellow bordered with green.

MISS RETTA BIRKPATRICK-Large white, center shaded with yellow

MENOLE HAZARD-Brilliant red. The richest and brightest colored variety yet introduced.

MRS. R. B. HAYNES-Yellow, spotted with deep maroon.

DAVIS—Curiously blotched and spotted with maroon, red, yellow and green. SETTING SUN—Rich bronze crimson, bright golden edge.

SOUV. GURNSEY-A very charming combination of bright crimson, deep maroon and clear yellow.
SOUTH PARK BEAUTY-Bright golden yellow, excellent bedder.

SUNRISE-Golden yellow and maroon.

VERSCHAFFELTI-Rich velvety crimson, the best of all for bedding.

Unless noted, 10c each; 60c per doz. 100, by express, \$4.00.

C. YOUNG & SONS CO. DUNG & SONS CO.

Received flowers promptly and in good order and we think a beautiful collection. Will enclose check for amount of bill enclosed. Respectfully,
MRS. W. MCCABE.

Coleus in Variety.

White Swan.

## YOUNG'S SELECT DAHLIAS

The Dahlia is the peoples flower. It makes a more gorgeous, dazzling display than any other outdoor-grown flower. Immense bloom can be had from our improved varieties, which in size, beauty and style rival the finest house grown, single-stem chrysanthemums. We have a magnificent collection of the best sorts grown. The Dahlia is of the easiest possible culture. Plant in good soil in the full sunlight, and keep the ground well worked or mulched, and you will be repaid by showers of bloom. When the frost kills the top lift the roots and place in any cellar where they will not freeze.

Practically all of the Dahlias which we offer this season have been grown under our personal supervision. Extraordinary precautions have been taken to prevent any mixtures, and customers may rely on getting stock absolutely true to name.

NOTE.—Unless otherwise specified, all Dahlias are supplied in strong, dormant roots, and we believe our supply this season is ample to meet all demands. However, in case the demand for certain varieties exhausts our supply of roots, we will send out strong growing plants which will give equally as good results.

#### IMPROVED LARGE DOUBLE OR "SHOW" DAHLIAS

Every one a good one. Each, 15c.; doz., \$1.50; small roots or pot plants, postpaid. Large undivided field roots, while they last, each, 25c., doz., \$2.50, by express.

ETHEL.—Canary-yellow in centre, gradually shading to white at the tips; a good, large flower.

FRANK SMITH. - Intense purplishblack-maroon, tipped white. Probably the most effective of all the variegated Dahlias.

Mrs. LANGTRY.—Rich creamy-white, tipped reddish-pink.

MAGNIFICENT.—Dwarf, large, pure yellow. A fine bedder.

STRIPED BANNER.—Crimson scarlet, tipped white.

**WHITE** SWAN.—Pure white, on long stems; strong, vigorous grower. (see cut.)

## **POMPON DAHLIAS**

This class produces small, very double-quilled flowers, which are ideal for bouquet work. They grow but 21/2 feet high, very bushy and flower so freely that the blooms hide the entire plant.

Each, 15c. The Pompon set of six for 75c. Large field roots, each, 25c. set of six \$1.25, by express.

ALLIE MOUREY.—Pinkish-white, tipped deep pink.
CATHERINE.—Pure yellow. A beautiful variety.
LITTLE HERMAN.—Deep red, tipped white.

LITTLE HELEN.—White, suffused with blush; profuse and a strong grower. ROSALIE.—Lemon-yellow, tipped solferino. SUNSHINE.—Scarlet, perfect form. Fairly covers itself with flowers.

## **DECORATIVE DAHLIAS**

This is a type which in course of a few years will outrival the Cactus type. The massive, gigantic flowers are very loosely formed, have broad, long-pointed petals, and give in whole a striking appearance. In size they cannot be equaled, and for decorative purpose they are unexcelled.

Price, each 20c, the set of eight \$1.50, by mail postpaid.

EUREKA.-A deep rose color; of large size and fine form.

MISS MAY LOMAS.—Pure white, tipped rosy-carmine.

SYLVIA. -- Soft, pleasing mauve-pink, gradually changing to white in the centre.

WM. AGNEW.-Rich, dazzling carmine-red. A grand flower.

JOHN ELITCH.-Deep, rich red, a magnificent flower.

BARON SHROEDER.-French-purple with bluish shadings.

CLIFFORD W. BURTON.-A fine bright yellow.

HENRY PATRICK.—A pure white variety, large flowers on long stems; fine for cutting.

## **NEW CACTUS DAHLIAS**

Characterized by long, narrow, pointed, tubular and twisted petals of graded lengths, giving the layered flowers a very striking and attractive appearance.

Price. 20c each, the set of eight \$1.50 by mail postpaid.

BRUNHILDE.—Deep rich velvety plum-color, very large and perfect in form.

Free-blooming.

COUNTESS OF LONSDALE.—Rich salmon, tinted apricot. The freest flo-

wering Cactus Dahlia.

FLORADORA.—Wine-crimson, splendid-shaped flowers on long, wiry stems, well above the foliage.

GABRIEL.—Soft, velvety crimson petals, tipped very deeply with pure white; petals very incurved.

KRIEMHILDE. The queen of the Cactus Dahlias. Flesh delicate pink shading to white in the center.

PROGENITOR.—A pleasing shade of rich red. The form is like a chrysanthemum.

STANDARD BEARER,—A bright scarlet, clear and intense; splendid form;

a good grower.

WINSOME - Dura white incurred flower of most delicate appearance

WINSOME.—Pure white, incurved flower of most delicate appearance.

New Century Single Dahlias.

We have a choice assortment of these in rich colors, field grown roots, 15c each, \$1.50 per dozen. See cut back of cover.

Kane, Ill. May 31, 1907.

GENTLEMEN:—Many thanks for the loveley Gladiolus bulbs you sent with dahlia ordered. When I opened the box I couldn't believe it was mine. Thought there was some mistake. Gene M. Burch.

# Choicest Varieties of Geraniums

Geranium Mrs. E. G. Hill.

#### TWELVE SELECT DOUBLE CERANIUMS

There are a great many choice varieties of Double Geraniums, and the list is still growing larger by the addition of new varieties. We have decided to cut down our general list and will offer what we consider the best twelve varieties. You can make no mistake by ordering from this collection; we consider it very choice.

LA PILOTE-Large trusses of well expanded flowers of a bright scarlet, toned and flamed with a rosy salmon.

THOS. MEEHAN-Very large trusses, florets semi double, color a beautiful brilliant majenta rose. A new color in the type.

LE COLOSSE-Very large trusses, semi-double florets, color a very bright orange vermilion.

MARQUIS DE CASTELLANE-Splendidly formed flowers; double, color crry red. One of the finest and most distinct. cherry red.

SWANLEY DOUBLE WHITE - Without seeing it, one would scarcely believe the dwarf growth and free-dowering of this wonderful variety. Dense green leaves throwing up numerous trusses of the purest white at every joint, and continue to do so through the year.

VILLE DE POITIER -Semi-double Bruant; color bright vermilion scarlet, large trusses, florets large, sometimes exceeding two inches in diameter.

MME. LANDRY-Free and constant in bloom throughout the season. trusses and florets are large, color clear apricot-salmon shading to copper; with a white eye.

FLEUVE BLANC--"River of White." The first double white Bruant, obtained after long years of trial. Pure in color, elegant in form, of fine size.

MADONNA-A very compact grower, flowers very large, of an unusually good form: color a pure snow white.

ROSA BONHEUR-Flowers on long, rigid stems, forming fine trusses of bright rose color; one of the largest of this type; very effective when planted out doors. Flowers continuous.

CAPT. DRETFUS -Color a bright cherry red; trusses large and thrown high above the foliage by the long strong foot stalks. An exceedingly useful sort for bedding.

ALPHONSE RICARD—Bruant, semi-double flowers; brilliant shade of orange-red. Fine bedder.

SPECIAL OFFER:-Price 10c each, 3 for 25c; the set of 12 varieties for

Perhaps no class of plants is more generally cultivated by

Perhaps no class of plants is more generally cultivated by the American people than the Geraniums. Certainly do we find none which is adapted to so many useful purposes.

They are the most popular bedding and pot plants in cultivation. Everybody grows them because they would not know how to get along without them. There are millions of Geraniums planted each year, and the demand is still on the increase. Nothing can be more beautiful than a bed of Geraniums; it is a dazzling sight throughout the entire summer. The brighter the sunshine, the more brilliant and beautiful they become. They seem to delight in our hot, dry summers. They are equally desirable for winter blooming, but if wanted for this purpose they should be grown in pots and not allowed to bloom much during summer.

Geraniums are one of our specialties. We grow fully one hundred thousand each season, including the best new and standard varieties.

standard varieties.

#### FOUR BEAUTIFUL "BRUANT" CERANIUMS

These four splendid Geraniums are recommended as the very best of their respective colors. We were awarded the GOLD MEDAL for the four beds we planted at the World's Fair

Gold MEDAL for the rout beds we planted at the world's Pan Grounds, one bed of each variety. They were admired by every one for their distinct colors, large trusses of bloom and their strong, vigorous foliage. They are simply the best of all geraniums.

This is the best scarlet Geranium yet produced. We have tested this variety for the past year and can truly say it is the largest flower and brightest scarlet geranium we have yet largest flower and brightest scarlet geranium we have yet seen, and that it cannot be excelled for bedding purposes. The color is a deep scarlet of exquisite shade; the florets are regular in form, more than semi-double, and about two and a half inches in diameter. Trusses enormously large on long stems. Foliage and habit are all that could be desired.

#### JEAN VIAUD

The grandest double pink Geranium grown. Flowers seni-double, 2 to 2½ inches in diameter, made up into immense trusses, 12 to 15 inches in circumference. Color beaumense trusses, 12 to 15 inches in circumference. Color beau-tiful clear rosy pink, with distinct white blotch at base of petals. Of remarkably vigorous but compact shapely habit. As near perfection as a geranium can be. 15c each.

#### MRS. E. G. HILL

Florets two and a half to three inches, center of each petal is a soft, light salmon, bordered with rosy salmon, and veined deep rose, frequently forms six petals, not to be confused with the old variety of the same name, resembles a real begonia bloom more than a geranium. (see cut.) 15c each.

#### S. A. NUTT

Rich, dark crimson. The flowers are of perfect shape and large size, the trusses massive and produced in great number; close compact habit. 15c each.

The Set of Four Beautiful Bruant Geraniums for

#### FOUR CRAND SINCLE CERANIUMS

Our general list of single Varieties contains the best and most distinct older varieties. This set contains four of the grandest varieties of recent introduction. We do not hesitate to call them the best single varieties we grow. The flowers are not only the largest, but their colors are distinct and beautiful.

#### ALBERT POTTIER

Has a magnificent truss of fine, large single florets; color unapproachable, orange-scarlet, very intense. 15c each.

#### PIERRE LELANDE

Enormous trusses, with single flowers of the very largest size; a beautiful deep shade of salmon, vigorous grower. 15c

#### TELEGRAPH

Truly the finest Geranium for bedding out and for conservatory and window decoration. Mammoth size, robust habit of growth. The foliage is dark green with heavy cone, flowers single and of a deep orange cerise color. 15c each.

#### ALBION

A robust, compact grower, with good trusses and large, circular single florets. A splendid white; an improvement on Precurseur, and strongly recommended by M. Bruant as the finest of white bedders. 15c each.

The set of Four Grand Single Geraniums for 50c.

St. James, Mo., June 26, 1907.

The plants that I received a few days ago arrived in fine condition. Many thanks for those extra plants you sent me. Yours respectfully, LAWRENCE BOWMAN

## SCENTED GERANIUMS.

Are not grown for their flowers or bloom, but exclusively for the fragrance of their foliage. Indispensable for cut-flower work, button-hole bouquets, etc. We offer the following choice varieties:

 $\mathbf{LEMON}_{\bullet}\mathbf{-Small}$  leaves, growing erect; of a delicious lemon fragrance. Price, 10c each.

MRS. TAYLOR.—A distinct variety of the scented Geranium, with a strong rose fragrance; a large, deep scarlet flower. Price 10c each.

NUTMEG.—One of the most fragrant; somewhat resembles the Apple Geranium in growth and fragrance. Price, 10c each.

ROSE.—Too well known to need description. They are indispensable in the formation of bouquets. Price, 10c each.

BALM SCENTED.—Yery large; deliciously fragrant. 10c each.

APPLE-SCENTED GERANIUM.—Leaves delightfully scented like rich, luscious apples. 15c, two for 25c.

SPECIAL OFFER.—The set of six varities for 50c.

## Geraniums-Variegated Leaved Sorts.

These beautiful Geraniums are highly esteemed for their fine variegated foliage. Some of the varieties have very pretty flowers. Easy to grow, and make elegant window plants. Don't fail to include some in your order.

GOLDEN HARRY HIEOVER.—An excellent dwarf bedding golden-leaved sort, with dark bronze zone; scarlet flowers.

HAPPY THOUGHT.—Large yellow blotch in the center of the leaf, with an outer band of green; flowers rich rose.

MME. SALLEROI.—A dwarf variety rarely

over 6 inches high; foliage green, bordered white; fine for edging.

MOUNTAIN OF SNOW.—Silver edge; vigorous grower.

MRS. POLLOCK.--One of the most beautiful of golden tri-colors; bronzy-scarlet zone, golden edge, scarlet flowers. (See cut.)

15c each, \$1.50 per dozen; set of 5 for 60 cents.

Mrs. Pollock.

# 12 Best Single Geraniums.

You cannot make a mistake in ordering these. There is nothing better to be had in the whole list of sirgle Geraniums. Price, 10 cents each. The full set of 12 varities for \$1.00

APPLE BLOSSOM.—Trusses of pearly white, shaded with rose pink, resembling a mass of apple blossoms. (See cut.) 10c each.

ALICE OF VINCENNES.—The ground color is rosy pink, heavily veined and bordered with intense scarlet, center white; a very brilliant combination of colors. 10c each.

COLUMBIA.-A magnificent new Geranium of an entirely new shade. Florets large and round, a beautiful cardinal with a white eye. 10c each.

GLARE OF THE GARDEN.—The flowers are borne in enormous trusses, often measuring from 5 to 7 inches in diameter, and are of the most brilliant shade of scarlet. 10c each.

M. A. BLANC.—A most distinct and pleasing shade of salmon, with a light shading in the center; trusses are very large and composed of an immense number of florets. 10c each.

MME. J. CIBIEL.—Immense round, perfect flower in enormous trusses; center a bright aurora salmon, with white eye and bordered with broad flesh-white border. A grand, distinct and beautiful variety. Ite each.

M. P. MORLAN.-A very free-blooming variety, producing enormous trusses of large flowers; rich rosy salmon. 10c each.

PRECURSEUR.—A splendid, good, pure white single flowering geranium of vigorous growth and free blooming. 10c each.

QUI VIVE.—Has a magnificent truss of fine large single florets; colorun approachable, orange-scarlet, very intense; fine for massing. 10c each.

QUEEN OF THE WEST.—The best bedding Geranium in cultivation; grows freely and blooms in the greatest profusion, light glowing scarlet; in fine trusses. 10c each.

VAN DAEL.-Bruant type. Center bright silvery rose, bordered white; single, large trusses. 10c each.

MRS. E. G. HILL. - Beautiful salmon; a fine large flower.

#### LARGE GERANIUMS FOR BEDDING.

There is always a great demand for large Geraniums that will give immediate results when bedded out. To meet this demand we have grown a fine stock of the best varieties, of standard colors, in 4-inch pots. These plants will be 8 to 10 inches high, well branched and, set with buds and flowers. When preparing a bed for them always avoid an over-rich soil. The soil should be in good condition and fertile, but must not be loaded with either chemical or animal fertilizers. Too much water during the hot weather produces a rank growth and reduces the quantity of bloom. Water sparingly, in the evening.

The plants are very fine, but are too large to be sent by mail, hence must be sent by express. We allow you to suggest the colors you prefer; we select the varieties. We would suggest the use of only one or two colors for best effect.

Price 15 cents each, 8 for \$1.00, by express, charges not prepaid.

# Four Grand Double-Flowered, Ivy-Leafed Geraniums for 50 Cents.

These splendid Ivy Geraniums recommended as the very best of their respective colors and most desirable for general planting.

LA ROSIERE.—A soft, satinyrose-tint flower, perfectly circular and very double. 15c each.

SOUV. DE CHAS. TURNER.—A wonderful stride in this lovely class, producing gigantic trusses 6 to 8 Inches across, pips 2½ to 3 inches over, deep pink shade, feathered maroon in upper petals. Finest English variety introduced. 15c each.

DOUBLE WHITE IVY GERANIUM, JOAN OF ARC.—This is one of the most beautiful plants it has ever been our privilege to offer. The flowers are perfectly double, white as snow, and literally cover the plants when in bloom. 15c each.

WILLY.—Bright orange scarlet, a grand color; flower large and beautifully formed. Good strong grower. 15c each.

SPECIAL OFFER.—The set of four varieties for 50c, by mail, postpaid. Large plants in bud or bloom 20c each, the set of four for 75c, by express only.

#### PELARGONIUMS OR LADY WASHINGTON GERANIUMS.

NEW DOUBLE WHITE PELARGONIUM, MRS. ROBERT SANIFORD.—This is a grand double white variety; one of the finest novelties and always very scarce; the flowers are extra large, perfectly double and beautifully laced and ruffled; the color is glistening snow white; exceedingly beautiful. 20 cents.

KINGSTON BEAUTY.-Large black blotches on upper petals, which have fiery red edge, surrounded with broad white band, with bright sed spot in center.

LORD SALISBURY.—White, richly blotched and marbled with rose; immense trusses of large, fine flowers. Each 20c. SPECIAL OFFER.—20c each, the three varieties for 50c.

Abutilon Souvenir de Bonn.

Abutilon Souvenir de Bonn.

around, and is as easily grown as a Coleus, simply requiring warm temperature to develop its full beauty (see cut.)

Price 25c each.

#### AZALEAS

Our Azaleas are an especially fine lot in all sizes, in shades of pink, crimson, rose color, white, pink and white variegated. There is nothing equaling Azaleas for flowering in the house. (Must

bink and white variegated. There is nothing equating Azareas to be sent by express.)

Extra large size, 26 inches diameter, in bud or bloom, \$2.50 each.

First size, 18 inches diameter, in bud or bloom, \$1.50 each.

Second size, 14 inches diameter, in bud or bloom, \$1 00 each.

#### **ACERATUM**

PRINCESS PAULINE:—A most distinct variety of dwarf, compact habit, rarely exceeding five inhes in height, its peculiarity being that both colors blue and white, are comblined in the same flower. (see cut.) Each, 10c; \$1.00 per dozen.

STELLA GURNEY—A short, compact grower and extremely free blooming, and color is in tense blue. It can be used as a border around geraniums. Each 10c; \$1.00 per dozen.

MEXICANUM VARIEGATUM—This variety has beautiful variegated foliage, green with a narrow edge of white. 10c each; \$1.00 per dozen.

Kansas City, Mo., April 9, '07,

C. Young & Sons Co.

C. YOUNG & SONS CO.
St. Louis, Mo.
GENTLEMEN:—I received the three crates of roses Saturday and they were in fine shape. I voice the sentiment of every member of the club, when I say, they were the finest plants I ever saw. I wish to thank you especially for your generosity in sending so many fine premiums, and if I ever visit St. Louis, I will make it a point to hunt you up, for I want to shake hands with men, that really do more than they claim. Wishing you a prosperous year, I remain,

Yours truly, M. M. BENNET, 2637 Bellefontaine Ave Kansas City, Mo.

Acalypha Sanderiana.

Azalea.

Begonia-Pres. Carnot

Begonia Purity.

Begonia-Manicata Aurea.

PRESIDENT CARNOT - Strong growing variety of stiff, upright habit, foliage deep green, underside purplish red; flowers beautiful coral red (seecut.)

RUBRA—A dark, glossy green leaves and scarlet flowers borne in abundance.

THURSTONI-The leaves are rich, THURSTONI—The leaves are rich, purplish red, while the face or upper side is a bronzy green, shaded with crimson and olive. Flowers rosy white, in large clusters, well above the foliage (see cut.) Price of the above Begonia, 15c each; the set of ten \$1.25, postpaid. Large plants by express, 25c each: the set of ten for \$2.00.

#### NEW BECONIA

Manicata Aurea.

MANICATA AUREA-Large glossy leaves beautifully blotched with creamy white, with carmine etchings in the mature leaves, flowers delicate bluish white on long stems See cut. 25c each.

# New Trailing Begonia Marjorie Daw.

This Begonia is distinct from all other
Begonias, for instead of growing upright it
droops. It bears great clusters of large shining
pink flowers that droop from long stems, making a beautiful sight. For single specimen pot
plants or for baskets and vases Marjorie Daw is proving
one of the best plant introductions in years. Price 25c each.

TUBEROUS ROOTED BECONIAS Probably no class of plants is attracting more attention today than these. They have long been considered a valtoday than these. They have long been considered a valuable class of flowering plants in Europe, but have only recently become popular in America. The flowers embrace all the shades of color from pure white to dark crimson; also yellow, orange and salmon. We offer only the very best quality of large blooming bulbs, double and ingle; four distinct colors of each.

DOUBLE VARIETIES

Weoffer these in the following colors: Red, Pink, Yellow and White. Price, 15c each; 4 bulbs, one of each, for 50 cents, postpaid.

SINGLE VARIETIES We offer these in the following four colors: Rose, Red, Yellow and white. Price, 10c each; four bulbs, one of each color, for 30 cents, postpaid. 12 bulbs for \$1.00 by mail

Price started plants from 4 inch pots, 25c each by express only

Begonia Thurston.

Begonia Rubra.

Begonio-Double Tuberose

Edina, Mo., June 14, 1907. Dear Sirs:—We wish to inform you that we received our roses and geraniums in good order a few weeks ago, they are growing nicely, and also accept our thanks for your "gratis" plants and oblige. Yours Respectfully, Mrs. WM. WINGEN.

Marshall, Ills, Mar. 1, 1907. C. Young & Sons Co. Kind Sirs:—Received my plants and seed. in excellent order, and are verythankful for my Pink Maman Cochet Rose, and, thanking you for your early reply, and still remain your customer. MRS. F. D. GALLAGHER,

# Begonia Rex or Ornamental Leaf Varieties.

Begonia-Louise Closson.

This class of plants is grown for their large, handsome leaves, which are banded and flaked with silvery white brilliant greens and reds, many having a metalic lustre. Very desirable for house culture, as they thrive where there is little direct sunlight. Price 20c. each, three distinct varieties, 50c.

#### COBAEA SCANDENS.

(Cups and Saucers Vine.

A beautiful climber, of rapid growth, large purple cupand-saucer-shaped flowers. For covering arbors, trellises, etc., it is unsurpassed. 15 cts. each; \$1.50 per doz.

#### CROTONS.

Nothing can excel the beauty and richness of coloring Nothing can excel the beauty and richness of coloring that is found in this class of plants. They are beautiful as pot plants for the conservatory, making handsome specimens for decorative and exhibition purposes, and are now used extensively as bedding plants, for which purpose they are exceptionally well adapted. They should be planted in full sun in a position where they can be liberally supplied with water, which develops the most wonderful colorings in the foliage. (see cut.) Price 30 to 50 cts. each; \$3.00 to \$5.00 per doz., proceedings to rice. according to size.

#### CALLA LILLIES.

WHITE CALLA, (Or Lily of the Nile)—An old favorite plant, which should be found in every collection. It grows freely and produces, large, pure white blossoms during the winter and spring. (see cut.) They require a very rich soil and should always be watered when they are fairly established; strong plants, each 35c.

SPOTTED CALLA (Richardia Alba Maculata) always ornamental, even when not in flower, the dark green leaves being beautifully spotted with white; in other respects the plant is the same as the old favorite white Calla, except being of smaller habit. It flowers abundantly in the garden during the summer months. (see cut.) Started plants, 25c each.

**BLACK CALLA**—Deep green foliage, handsomely marked. Rich velvety black flowers of immense size. An odd and beautiful plant for house culture. (see cut.) Started plants, 25c each.

GOLDEN YELLOW CALLA (Richardia Elliottiana)—Entirely distinct and unlike all other forms of yellow Callas; it has the same habit of growth as the ordinary white variety, with flowers of same size and shape, but of a rich, clear, lustrous golden-yellow color; the foliage is dark green, with a number of translucent creamy-white spots, which add much to its beauty. Strong bulbs, 50 cts.

White Calla Lily.

## **New Codfrey Ever Blooming Dwarf** Calla Lily.

Undoubtedly the finest thing ever sent out in the calla line, and quite indispensable. Compared with the ordinary calla, it gives three blooms to one; is snow-white and perfect in form; blooms on very small plants. Price fine growing plants, 25c each; 3 for 65c.

#### CYCLAMEN.

(Alpine] Violet.)

The Cyclamen is principally adapted for window culture, and will give more flowers with less trouble than almost any plant we are acquainted with. The colors are usually white, tipped at the base with rosy purple (see cut). Strong plants in bloom from 4 inch pots, 35c each.

#### MARGUERITE MONTHLY CARNATIONS.

A new race of monthly Carnations which is of the greatest value for summer blooming. They bloom freely all summer, and the flowers are mostly all double; they are all elegantly fringed and deliciously fragrant. Price, mixed colors only, 10c each; \$1.00 per dozen.

#### TRADESCANTIA MULTICOLOR.

A trailing plant of great beauty, and largely used for covering walls in greenhouses or for growing along the edges of the benches. The foliage is variegated—green, purple, carmine, white and crimson. One of the most valuable plants in our list. 15 cents each; \$1.50 per dozen (see cut).

Plants received this time in good condition. Many thanks for the nice large plants sent me.

Very respectfully,

MRS. SAMUEL SLOAN, Edwardsville, Ill.

R. R., No. 2.

Croton.

Spotted Calla Lily

Cyclamen.

Tradescantia Multicolor.

# Choice Hybrid Gloxinias.

This is a most charming class of summer flowering bulbs that are as easily grown and cared for as many of our most common flowers. They of our most common flowers. They will bloom in six or eight weeks from the time the dry bulbs are planted, and will continue for fully three months. The usual season of blooming is from June till September. They should be grown in a moderately shady situation, as the bright can have a street with the street of the street o moderately shady situation, as the bright sun burns their foliage when wet, making brown spots appear. Keep the bulbs in pots, in the house or on the veranda, or in boxes or little frames outside, and you will have them in bloom all summer. They are certainly one of the most magnificent not plants grown. Their nificent pot plants grown. Their large, velvety green leaves are sur-mounted with a cluster of lovely trumpet-shaped flowers of the most exqusite coloring. Start the bulb in a warm place early in the spring, and when it is through blooming in the autumn it should be dried off perfectly dry and the pot stored in a warm cellar.

#### CAPE JESSAMINE.

#### (Gardenia Florida.)

This grand variety is shown in the adjoining cut, which is far from doing it justice. It is invaluable on account of its sweetly fragrant double white flowers; the most valuable of all Jessamines; large, glossy foliage. Price, 50c. (large plants); 2d size, 25c each.

# New and Beautiful Fuchias.

There is no greater charm to the eye than these when in full bloom, if partially shaded, and they will even bear the entire shade; they will bloom all summer. On account of their graceful habit, they are very desirable for wire stands or window culture. The following list is a selection of the best varieties in habits of growth, distinct shades of color and both single and double flowers

CHARMING-Entirely distinct from any other variety. The flowers are of an intense rich carmine (see cut)

rich carmine (see cut).

MRS. MARSHALL—White tube and sepals, bright, rosy scarlet corolla, flowers large and bold, free bloomer and grower, single.

PHENOMENAL—Extra large, double purple corolla. Crimson sepals.

TRILOBA—This is the best of all the double white varieties. It blooms continually all through the summer. Of a very dwarf and compact habit.

Price, 15c each, the set of 4 for 50c, postpaid. Extra large plants by express, 25c each.

New Dwarf Justicia

#### LEMON VERBENA.

(Alvosa Citrodora.)

A universal favorite, and invaluable for its fragrant leaves. Very useful for boquets. Price, 15c

#### NEW JASMINE-CRAND DUKE

This Jasmine is very easily grown, even small plants bear a profusion of very double creamy-white flowers, having a delicious perfume. It is a magnificent plant, and will become one of the most valuable and popular pot plants when it becomes better known. Price, 15c and 25c.

#### FERN DISHES.

Fern Dishes filled with best varieties, well estab lished, carefully packed and shipped by express to any point. These are very popular.
Prices-6 in. pan, 75c; 7 in., \$1.00; 8 in. \$1.25.

#### SPECIAL OFFER.

We will send by express (purchaser to pay the charges) 12 choice and distinct varieties of Ferns, one strong plant of each for \$1.00.

#### New Dwarf Justicia "Velutina."

Every one knows the tall, lanky, straggling habit of the old Justicia Rosea. This new sort, which is now grown so extensively by Parisian Florists, begins to bloom when the plant has only three or four leaves, and is never out of flower afterward. If pinched back occasionally it makes a very dwarf, stocky plant, frequently covered with 20 to 50 large pink flower heads, lasting a long time. The foliage is highly ornamental, being heavy in texture and very velvety. 15c each. Larger sizes 25c to 50c each. The foliage is highly sizes, 25c to 50c each.

Cape Jessamine.

Dracaena Indiivisa.

A beautiful Palm-like plant. Foliage is very gracefully arranged and contrasts nicely with other foliage and flowering plants. It is a rapid grower and is not affected by either storm, sunshine or drought; doing equally well indoors or in the open ground. Very extensively used as a center plant for vases. baskets and window boxes.

Price, large plants 50c, second size, 25c.

Norfolk Island Pine.

Rubber Plant.

Asparagus Plumosus.

# Decorative Plants and Palms.

We raise these in large quantities. Three large greenhouses are constantly filled with all sizes. We ship every

year many thousands to all parts of the country. The quality of our stock is unexcelled.

Besides the sizes we list we have choice and larger plants, running in prices from \$2.00, \$3.00, \$5.00 and up to \$10.00. The same applies to Boston, Piersoni, Scotti and Elegantissima Ferns listed below.

#### DECORATIVE PLANTS.

FICUS ELASTICA-(India Rubber Tree.) The large shining green leaves endure the dry air of a living room as well or better than any other plant. This is why everybody likes it. Our plants are very choice. Plants I foot high, each, 60c, 18 inches high, each, \$1.00, 2 feet high, \$1.35, 2½ feet high, \$1.70, 3 feet high, \$2.00. Prices on Rubber trees are by express only.

NORFOLK ISLAND PINE—(Araucaria Excelsa.) This beautiful house plant resembles the pine somewhat in appearance, though much finer in texture. Plants 12 inches high, each, \$1.50, 14 inches, \$2.00.

PANDANUS VEITCHII—Leaves are light green, beautifully marked with broad stripes of pure white and gracefully curved. Each, 50c; large plants, 15 inches high, each, \$1.00.

#### PALMS.

ARECA LUTESCENS—One of the most decorative plants, always graceful and artistic. Plants 10 inches high, each, 25c, 15 inches high, each, 50c, 2 feet high, \$1.50, by express.

KENTIA PALM—The most popular parlor palm we grow. Hardy and rugged under all kinds of treatment. Plants 10 inches high, each, 50c, 19 inches high, each, 75c, 2 feet high, \$2.00, by express.

LATANIA BARBONICA—Of easy culture and rapid growth. Large broad fanshaped, glossy, dark green leaves, 10 inches high, 25c, 15 inches high, 50c, 20 inches high, \$1.00, by express.

PHOENIX RECLINATA—(Date Palm.) One of the hardiest of palms, with dark green feathery foliage, of strong growth, especially valuable for outdoor decoration in summer, as it stands sun and wind without damage. 3-inch pots, each, 25c, 4-inch pots, each, 50c, 5-inch pots, each, \$1.00. by express.

#### SPECIAL LOW OFFER.

1 Large Fern, 2 Kentias, 1 Dracena Terminalis, 1 Auracaria, and 1 Rubber Plant; strong plants from 5 inch pots for immediate effect, the six plants by express only at pur-chaser's expense for \$3.50.

#### ASPARAGUS PLUMOSUS

\*\*ASPARAGUS PLUMOSUS

\*\*Lace Fern.\*\* A pretty variety introduced from South America. It is a plant for all places and all purposes. It is a magnificent decorative pot plant. Its bright green, beautifully arched, extremely fine and delicate plume-like foliage calls forth words of praise and admiration from all who see it. Price, strong 3-inch pot plants, 20 cents; larger plants, 50 cents each.

ASPARAGUS SPRENGERII. Amost desirable new species, especially useful to grow as a pot plant for decorative purposes, or for planting in suspended baskets. The fronds are frequently four feet long and of the most graceful drooping habit. Fine for cutting, for bouquets, etc., retaining its freshness a long time after being cut. Price, 3-inch pot plants, 20 cents; 3 for 50 cents. postpaid. Large plants by ex-press, for immediate effect, from 4-inch pots, 40

#### COCOA WEDDELIANA

This beautiful palm is the most elegant and graceful of all the small palms. Small plants of cocoas are very useful for the center of fern dishes, also for dining table decoration. They are of slow growth and therefore keep in shape for a long period. 12 to 18 inches high, each 40c THE BRILLIANT LEOPARD PLANT.

Phoenix Palms.

Leopard Plant.

Farfuglum Grande is a decorative plant of the highest order. Its beautiful snowy foliage, ease of culture and general adaptability for growing in the house or window garden should make it one of the most popular plants in cultivation. The leaves are large, thick and leathery, of a rich, dark, glossy green, and handsomely illumined with showy yellow blotches of various torms and sizes. Strong plants. 25c each.

Perryville, Mo., April 30, 1907.

MESSRS. C, YOUNG, SONS & CO.,

Dear Sirs—I received the roses you recently sent in good condition. They are growing nicely. Thanking you for your kindness, I remain As ever.

MRS. JOE. HUBER.

Cocoa Weddelian.

Standard Bay Laurel.

New Forn, Scotti.

Box Tree.

#### STANDARD BAY LAUREL TREE

(Laurus Nobilis.)

For decorative purposes these stately evergreen plants can not be excelled. Fine specimens. Standard forms, 44-in. stem, 30-in. head, \$10.00 each. 48-in. stem, 40-in. head, \$15.00 each.

#### BOX TREE.

These are perfectly hardy, and will stand outdoors all winter without any protection. Valuable for outdoor decoration on porches, etc. Fine specimens, about 43 inches high in pyramid form, each, \$2.50 (see cut.)

#### NEPHROLEPIS WHITMANII.

Combining all the graceful pluminess and charm of Elegantissima. with additional features of shape, size and growth that give it distinguishment and added commercial value. Whitmanii is of dwarfer growth, but equalizes matters by compactness, and a wider, stockier shape. The fronds, although even more fine-cut, are more erect; and have proved less liable to revert to the original Boston type. 25c. By express, 3-inch pots, 40c; 6-inch pots, \$1.00.

#### NEW FERN NEPHROLEPIS BARROWSII.

In this new variety we have a dense compact form of the Piersoni Fern, in which the fronds are not only shorter and broader but the plants grow bushier. Price, 2-inch pots, 25c. each; 3-inch pots, 40c. each; 4-inch pots, 60c. each; 5-inch pots, 75c. each; 6-inch pots, \$1.25 each.

#### "MIKADO" FERN BALL.

Fern Roots about the size of a pencil, woven outside and around a ball of moss. These roots produce beautiful sprays of ferns from eyes, or buds, at nearly every inch of their length. Thus the whole surface soon becomes covered with fern sprays. We offer two sizes, 8-in. dormant balls, each, 75e; 3 for \$2.00; all prepaid. 5-in. in diameter, each, 50c.; 3 for \$1.35.

#### THE BOSTON FERN.

(Nephrolepis Exaltata.)

This is one of the finest and best Ferns for growing in pots. vases and baskets; will do well planted in a shady border during summer, and when lifted and taken indoors makes a splendid window and house plant during winter. The beautiful fronds grow two to three feet long, and arch o er in a most graceful manner. Very popular wherever known-Price strong plants, 15c.; larger, 25c.; specimens, 50c.; larger specimens, \$1.00 and \$2.00 each.

#### NEWPORT PARLOR FERN.

(Nephrolepis Scottii) (see cut.)

A new and very beautiful variety of the above; grows more compact and erect; has shorter and narrower fronds, and more of them, and many persons consider it more beautiful. Strong plants 15c., 20c. and 30c. each, postpaid. Extra size, 50c., 75c. and \$1.00 each, by express.

#### SANSEVERIA ZEALANICA.

An ideal decorative plant; will stand more hardship and more abuse than any other house plant of which we know. Leaves thick and of leathery texture, not affected by gas, dust or heat. Grows to a length of three to four feet, and is beautifully striped crosswise of leaves with broad white variegations on a dark green ground. 15c.; 2 for 25c..

#### CYPERUS ALTERNIFOLIUS.

An ornamental grass throwing up stems about two feet high, surmounted at the top with a whorl of leaves, diverging horizontally, giving it a very curious appearance. Splendid for the center of vases or as a water plant. Price, 15c. and 25c. each.

Japanese Fern Ball.

Cyperus Alternifolius.

#### Gladiolus.

# Young's Gladiolus Bulbs.

#### LARGE FLOWERING VARIETIES

The demand for Gladiolus has become so great that we are now devoting a large acreage to their culture. The varieties we grow constitute the very finest that can be produced. Our stock has been carefully selected, the markings and size of flower being the first consideration. This enables us to send out collections which consist of the very choicest varieties in their particular color. The bulbs we offer are strong, vigorous growing, the flowers are very large and of perfect form. IThe combination of markings are almost endless, and such as will be found in few other collections sent out. We quote them at such a ressonable price that they are within the reach of all,

#### **CULTURAL DIRECTIONS**

Gladiolus constitute one of the finest features of the flower garden during the summer and autumn months for a diversity of color and general effect either in masses or planted in clumps for border decoration. They are also of easy culture and will thrive in any ordinary deeply dug garden soil to which is added a liberal supply of well decayed stable manure. A succession of bloom may be had from July to October by planting at intervals from April to June. Plant six inches apart in beds or double row and three inches deep.

In the fall before frost the bulbs should be taken up, gradually dry them, and after cleaning put into a paper bag and place out of reach of frost, for planting again the following spring.

#### GLADIOLUS AMERICA

In color it is a soft lavender pink, very light, almost a tinted white, spikes two and three feet long, very large spreading blooms, and luxuriant dark green foliage. It is evidently a favor ite with florists already, bringing more than any other variety in the New York cut flower market. When cut it lasts in water a week or more, the blossoms retaining their vigor and delicate color ing to the last.

Price each, 15c; dozen \$1.50.

#### **CLADIOLUS WHITE LADY**

This is the only really "pure white" large flowering Gladiolus, and also one of the finest varieties we have ever seen. The flowers are large size with wavy petals, which relieves much of the stiffness seen in most Gladiolus. The flowers are set on the spike evenly, and all face one way, making a very handsome appearance. Splendid as a cut flower, it can be kept for a long time in water without wilting. The White Lady should not be compared with the variety Snow White, which latter usually shows a strong reddish cast and as a matter of fact should not be classed as a pure white. Each 25c; \$2.00 per doz.

CHOICE VARIETIES

EXTRA FINE LIGHT PINK GLADIOLUS—This is a very choice variety. Color is a beautiful

light pink edged and striped with white. Flowers are very large and very free bloomer.

For solid beds of one variety we recommend this variety as the best and most attractive. Price, 5c each; 40c per dozen.

GROFF'S HYBRIDS-This collection consists of some of the largest and most beautiful shades, from the palest pink to the deepest red. 5 cents; 50 cents peridozen. LEMOINEI-Fine and rare sort in the finest shades, 5 cents;

50 cents per dozen.

RED OF VARIOUS SHADES-5c, 35 pr doz. LIGHT SHADES-5c, 30c per dozen.

MIXED, ALL SHADES-5c, 30c per doz.;

\$2.00 per 100. By express at buyer's expense.

#### SUPERB DOUBLE HOLLYHOCKS

FOUR FINEST.

Colors yellow, crimson, white and pink. Strong over winter plants, to bloom this season. Price 20c each; 8 for 50c; \$2.00 per

#### HIBISCUS SINENSIS

Strong growing tropical plants with handsome glossy foliage and large, brilliant, showy flowers. In a warm, sunny window they make fine decorative plants and bloom profusely. If planted in the open ground during the summer they make a gorgeous display with their enormous, bright-colored flowers.

Grandiflora—Rich, glossy foliage-blooming profusely through the sum-mer, literally covering the plant with scatlet-crimson flowers.

Miniatus Semi Plenus-Semi-double flowers of brilliant vermilion scarlet: petals waved and recurved.

Sub-Violaceous-Flowers enormous. emi-double, clear carmine, tinted with

violet; an unusually free bloomer.

Peachblow—An improvement over other Hibiscus in size of flower, freedom of bloom and strong growing qualities. Flowers double; of a rich shade of clear pink, with small, deep crimson center; an entirely new and most beautiful shad-ing; four to five inches in diameter-blooms freely even on small plants (see cut. Price 10c each; large plants by express, 25c each.

Double Hollyhocks.

Hibiscus, Peachblow.

Excelsior Springs, Mo., 6-12-07. "GENTLEMEN: -Plants received in good shape, all O. K. Many thanks for extra plants. Well pleased. VOULS J. M. TEMPERLY.

#### IVY.

ENGLISH, OR PARLOR IVY-One of the very few good climbing plants for the house. 2½ inch pots, 10c; 3 inch pots, 15 to 18 inch tops. 20c. Strong, heavy plants from 4 inch pots, by express, 30c.

#### **GERMAN IVY**

A fine, quick growing trailing plant that is unsurpassed for use in hanging baskets and urns, where delicate green foliage is needed. 10c each; 60e per dozen,

# HELIOTROPES.

Well known and popular plants highly prized for the delightful fragrance of their flowers. It is admirably adapted for bedding in the summer, or for pot culture, as they will bloom freely throughout the year if given plenty of heat. They require a sunny location, as they do not do well when grown in the shade. Very desirable for house culture, a single plant filling the whole room with perfume.

JERSEY BELLE—Fine, prominent truss, flowers large and of great substance, and an excellent bedder and pot plant. For planting in masses we have seen none to equal it.

PURPLE AND GOLD—A French variety of great beauty; foliage is a bright, golden yellow, very pronounced and marked slightly with a delicate green. In bloom it is exquisitly beautiful.

MINA-Color not very dark or light-medium. Its value is its habit and freeness

OUEEN OF VIOLETS—Its color is of the deepest violet-purple, with large, almost pure white center. 10c each, 3 for 25c. Your selection.

#### JASAMINES

A desirable class of shrubs and vines. Noted for the delightful fragrance of their pretty flowers. They are all hardy in the South, but should be treated like the Hydrangea in the North and wintered in the cellar.

MAID OF ORLEANS - A very attractive sort, with good sized double flowers: looming profusely all summer. Small plants 15c each; large size flowering blooming profusely all summer. plants 35c.

GRANDIFLORA—(Catalonian Jasamine)—Flowers pure white, star-shaped, of exquisite fragrance. Small plants, 15c each; large size flowering plants, 35c. GRACILLIMUM—Beautiful pure white flowers, born in clusters. Delightfully fragrant. It blooms from October to February. Small Plants 15c each; large size flowering plants, 35c.

#### MARGUERITE OR PARIS DAISY

WHITE—A ray of white petals around a yellow disc, blooms winter and summer; fine for bedding or pot culture; flowers like the field daisy in size and appearence; a good winter bloomer.

Prices, large plants in bloom, 25c; small size, 10c.

#### **NEW MARGUERITE**

QUEEN ALEXANDRA—The single-flowering Paris Daisy has long been a favorite. not only as a cut flower, but also as a decerative pot plant during the winter-months, and we predict for this pretty form even greater popularity. The pure white flowers are from 21/2 to 3 inches in diameter, the greater percentage coming full double, not unlike an diameter, the greater percentage coming full double, not unlike an anemone-flowered Japanese Chrysanthemum. 15c each; 2 for 25c by

# Impatiens Sultana

One of the prettiest and most satisfactory house plants for winter blooming as well as a charming feature of the summer garden. These plants commence blooming when very small, are seldom out of bloom, and when at their best display a gorgeous profusion of intense carmine-rose flowers against a rounded background of glossy green leaves. 10c.

# WEEPING LANTANA.

A grand plant for basket and vases. May be used to good advantage in connection with other plants, but is more effective when used alone where its bright colored bloom forms a perfect mound of flowers. A fine plant for winter flowering in pots or small hanging baskets. Flowers delicate rosy lilæ, borne freely all over the plant from the base of each leafy stalk. 10c each; 3 for 25c.

# **HYDRANGEAS**

We know of no plant that is more useful as a decorative pot or tub plant for the porch or veranda than the graceful Hydrangea. Their immense close panicles of bloom are wonderfully showy; being of easy culture they increase in size and beauty from year to year, beginning to bloom early in the spring and continuing throughout the entire sum. mer. A well grown specimen is a beautiful sight, remaining in bloom a long time. They should be wintered in a cool cellar and a little freezing will not injure them.

MONSTROSA-A valuable new

variety claimed to be an improvement on the Japanese Otaska, the flowers being almost double the size; and its free blooming qualities are unequaled by any plant we know of. The color at first is a deep rich pink, gradually changing to almost white. Panicles have been measured 12 inches in length by 8 to 10 inches through. A beautiful variety, 10c each.

OTASKA-A Japanese variety, used extensively for Easter decorations. They are also pecularly effective when grown as large specimens in tubs for the decoration of the lawn in summer. Flowers are large, bright pink tinted with blue. Bloom profusely. A fine decorative plant. 10c each.

Strong pot plants from 6 and 7-inch pots -- which will make fine blooming specimens, \$1.00 each, (Must be sent by express.)

#### MADEIRA VINE

A beautiful rapid growing vine with dense foliage. Grows well anywhere, but succeeds best in sunny, well sheltered location. Strong tubers, 5c each; 40c per dozen.

Jerseyville, Ills., April 13, 1907. C. Young & Sons., St. Louis, Mo., Dear Sirs: -The plants came safe and are very fine. I thank you for the prompt delivery and very much indeed for the extra Rose plants. Will remember your kindness. Respectfully, Mrs. Albert Foster, 9 Short St.

FEAGL—Short stalks, long spikes and large flowers; select bulbs of enormous size. Price by mail, 7c each; 50c per dozen. Price by express 5c each; 30c per dozen; \$2.00 per 100.

per 180. Second Size Bulbs—All flowering, often sold by so-called "Bargain Stores" under the name "first-class." 6 for 15c; dozen 25c, postpaid: by express, 6 for 12c; dozen 20c; per 100, \$1.00.

A wonderful new single tuberosel that blooms continuously from early in July until it is stopped by frost. Un-like any other tuberose it flowers the like any other tuberose it flowers the year after from the same bulb, the young roots also producing flower stems. In this way it forms large clumps, frequently having fifteen to twenty large spikes in full bloom at one time. The immense spikes of bloom are borne in great profusion and the transfers and fragment for made. kept fresh and fragrant for weeks when placed in vases of water. Our bulbs are two years old, extra large size and will be sure to bloom in great profusion this season. Each, 7c; 4 for

25c; doz. 60c, postpaid.

Group of Lantanas.

variegated foliage. Price, 10c; 3 for 25c.

A fine, hardy house plant, leaves large, dark, glossy green, distinct yellow dots all overthem; will keep in any room; hardy in the Southern States. 25c each. (see cut.)

#### LANTANAS

Showy bedding and basket plants that are being used more extensively than ever before. They are in bloom continuously from spring until frost cuts them down in the fall.

ALBA PERFECTA—Pure white, very fine, 10c.

CALIFORNIA—Color, pure yellow; very dwarf and bushy; abundant bloomer, 10c.

MICHAEL SCHMIDT—The flowers fresh and sparkling; of a brilliant yellow, passing into

purple vermilion.

HARKEIT'S PERFECTA-A new variety, orange and crimson flowers and golden and

#### MANETTIA BICOLOR

The Beauthui New Ulimbing Plant—This is the most beautiful and desirable of all vines, as it can be grown either in the house or garden equally as well. In the house it can be trained about a window, forming a wreath of most brilliant bloom both summer and winter. The flowers are from an inch to an inch and a half in length, of a most intense scarlet, shading into flame, tipped with bright golden yellow, and are covered with a thick scarlet moss. Price, 15c each, 2 for 25c. Extra large plants by express, 25c. The Beautiful New Climbing Plant-This is the most beautiful and desirable of all vines

March 17th, 1907, Byrnesville, Jeff. Co., Mo., C. Young & Sons Co., St. Louis, Mo.-The plants received yesterday in perfect order, am well pleased with them. Many thanks for the extra ·lants. I hope they will do good for me. Respectfully Yours, MRS. JOHN THOMPSON.

Excelsior Pearl Tuberose Bulbs.

Golden Tree

RED, WHITE AND BLUE MOONFLOWERS.

The Three Varieties for 50c, postpaid. Extra Large Plants, the Set of Three for \$1.00

Moonflower, Red (Ipomwa Mexicana Palmato.)

-From Buenos Ayres. A red morning glory, with
a large, tuberous root, bearing rich, violet-crimson
flowers; a beauty. To be treated like a dahlia.
Each 20c. extra large 35c.

Moonflower, White (Ivomæ Grandistora.)—
There are few plants, that are as satisfactory as this. One lady says that it was traned on strings to a balcony 25 feet high and 40 feet wide, and that from August to November it was covered nightly with its white, moon-like flowers, from 5 to 6 inches in diameter. It has also a rich jessamine-like odor at night. It is called Moonflower from its rare peculiarity of blooming best at night, although it also expands its flowers on dull days. It grows everywhere where there are old trees, walls or strings to cling to (see cut). Each, 20c; 6 for \$1.00; extra large plants 35c.

Moonflower, Blue, or the Giant Morning Glory (Ipomæa Learit).—This makes a splended companion to plant with the white Moonflower. It is equally rapid in growth and free flowering, blooming in the morning or on dull days. The flowers are the most intense violet-blue, with reddish-purple rays, and are 6 inches across. Each 20c; extra large plants, 35c.

#### MONTBRETIAS.

One of the brightest and best of Summer flowering bulbs, one which will be more generally used when its merits become known. Plant in clumps of six to twelve in may or June. They greatly resemble the Gladioli in growth and produce beautiful spikes of star shaped flowers in various shades of orange, yellow and red. Mixed variety 3 for 10c; 30c per doz. \$2.00 per 100 postpaid.

#### LILLY OF THE VALLEY.

The sweetest, prettiest, most delicate and modest flower that grows. Perfectly hardy. Succeeds best in moist, shady situation. Plant about six inches apart and two inches deep. Will some cover the ground with its bright glossy green foliage, producing in early spring an abundance of pretty, little, fragrant white flowers. Well adapted to flowering in pots in winter remaining in perfect condition a long time. It succeeds best in partially shade and may be planted in the wild garden with good effect. It is especially appropriate for planting irregular putches along the borders of wooded drives. The Lilly-of-the-Valley is one of the few flowers we seldom tire of. 5c each; 30c perdoz; \$2.00 per 100. Deduct 25c per 100 if sent by express.

#### SMILAX.

A very graceful climber, possessing the rare qualities of delicate and dense foliage and vining habit, admirably adapting it to climbing or drooping. It is fine as a parlor or window plant. 10c.

#### THE PASSION FLOWER.

This is a Magnificent Climbing Vine, grows 8 to 10 feet the first season; begins to bloom at once, while quite small, and continues loaded with its splended flowers the whole season, from June to November. Handsome glossy green foliage and enormous flowers, as beautiful as they are large—over five inches across—and showing a well defined raised cross in centre, surrounded by a beautiful halo of fine sky-blue rays, underlaid with beautiful rose-pink and white petrls—altogether, a rare and splended flower, delightfully fragrant. Too much cannot be said in its praise, It is a fine plant easy to grow and sure to bloom. The most splended passion flower in existence, and one which there is no trouble to have in perfection. Price. strong plants, 15c. each; 2 for 25c; larger size, 25c. postpaid.

#### PLUMBAGO.

Capensis—A plant worthy of more general cultivation; producing large trusses of delicate azure blue flowers. Excellent for bedding out in summer or growing in pots for single specimen plants. Price 15c. each, large plants by express 25c. & 50c. each.

#### VINCA MAJOR VARIEGATA.

More of this used for baskets and vases than there is of any other two basket plants. Beautifully variegated green and white foliage, and strong trailing habit of growth. 10c. each; 10 for 50c. 4 inch pot plant 25c. each.

Leadwood, Mo. May 18, 1907.

W. J. Koger.

Messrs C. Young and Sons. St. Louis, Mo.

Gentlemen:—I wish to thank you for your care in selecting such a nice plants and the care in crating them. I shall certainly recommend lovers of flowers to you,

Yours truly

Lily of Valley.

Otaheite Orange.

# l emon Ponderosa

Or American Wonder.

This Lemon is as useful as the or-dinary Lemon and is so large that well developed specimen is equal to five or six common Lemons. flowers resemble those of the Orange free in shape, are pure white with yellow stameus. They make shapely little trees in a short time, and grow and bloom and bear fruit in almost and bloom and bear iruit in aimos, any position. May be kept in sunny window all winter, and on porch or in the garden in summer. Fruit is of in the garden in summer. Fruit is of fine quality with a very thin rind for so large a lemon. 15c each. Larger plants by express, 50c.

#### OTAHEITE ORANGE

The best orange for potculture. Plants dwarf and symmetrical in form. Flowers freely with adelightful Orange fragrance. Fruit edible; about half the size of ordinary or anges. A grand plant for winter culture; scarcely ever without some display of blossoms or fruit. each, 4 for 50c. Large spec plants, by express, 50c. Large specimen

# Hardy Lilies.

ALL STRICTLY FIRST SIZE-

ALL STRICTLY FIRST SIZE—
Especially adapted to planting in borders between shrubs, etc. Because of the great popularity of this most beautiful of all bulbous plants, hundreds of kinds have been offered to the pubic in small and inferior bulbs, such have shriveled and died before attempting to start into life, all of which discouraged the many friends of this flower divine. Experience has taught us something about Lilles during the last thirty years, and with each new catalogue we go over cur tist, rejecting every variety which has not the size, substance, and lasting qualities necessary to a strong plant. Bulbs chosen from this list will produce a Lily Bed which will not be a disappointment.

All prices are postpaid unless otherwise mentioned.

AURATUM, GOLD BANDED—Justly famous as the most beautiful and fragrant of Lilies: flowers white, dotted crimson, with a clear, broad, golden band running through the center of each petal. First size bulbs, each 20c, 3 for 50c; dozen \$1.60. By express at purchaser's exeach petal. First pense, 25 for \$2.00.

SPECIOSUM ALBUM, WHITE—Pure white, with beautiful recurved petals, very fragrant. This with the Rubrum and Melpomone, belongs to the Speciosum Section. First size bulbs, each 20c 3 for 50c; dozen \$1.60; by express at purchaser's expense, 25 for \$2.25.

SPECIOSUM RUBRUM, CRIMSON BANDED-Flowers are white, with a deep rosy or crimson band on each petal, with deeper colored spots between. They are five to six inches in diameter, very fragramt, and have all the hardiness of the Speciosum class. First size bulbs, each 20c; 3 for 50c; dozen \$1.60; by express at purchaser's expense, 25 for \$2.00.

SPECIOSUM MELPOMONE-Flowers frosted white, spotted. clouded and bearded with pinkish crimson. First size, each 20c; dozen \$1.60; by express. Extra size, each 35; dozen, \$2.50 by express.

SPECIOSUM MAGNIFICUM (New)-It may be described as an improved Rubrum, taller and more robust grower, with larger, deeper colored flowers borne in greater profusion. Everybody should plant this grand hardy Lily. Each 20c, doz. \$2.00 by express.

TIGRINUM (Single Tiger Lily)-Very hardy native Lily; orange-red, spotted with purple black. Is very pretty and bears 8 to 20 flowers. Each, 10c; dozen \$1.00.

TIGRINUM FLORE PLENO-The well known double "Tiger Lily," grows from 4 to 6 feet high and bears an immense number of bright orange flowers. Each, 12c; doz. \$1.25.

The flowers are very large size like an Amaryllis, novel form and of snowy whiteness, and are also exceedingly fragrant. Asía

pot plant it is grand, and as a garden bulb treated like a Gladiolus it is one of the choicest of all flowers. Strong flowering bulbs, 20c each, 3 for 5oc; dozen \$1.75.

Extremely handsome summerflowering bulbs, growing about 2 feet high, pro-ducing large, gorgeous flowers, exquisducing large, gorgeous flowers, exquis-itely spotted; they flower very freely through the summer.

CONCHI FLORA-Rich Yellow, spot-

SPECIOSA-Scarlet.

GRANDIFLORA ALBA-White, with red spots

Price of any of the apove, 5c each; 4oc per dozen.

Glasgow, Mo., May 24, 1907. C. YOUNG & SONS., Dear Sirs:—I received my second shipment of plants this morning in fine shape, and I am well pleased with them. I am a thousand times obliged to you for re-filling my order, and for extra plant, which I appreciate very much, with many thanks.
Yours truly. MRS. F. A. ROSE.
I II want any more plants. I will surely remember you.

Ismene Calathina.

Tigridias or Shell Flower.

Petunias-Single and Double,

## VIOLETS

Of all the delightful perfumes, that of the Violet is the most delicate and pleasing. Violets are now one of our most fashionable flowers, and deservedly so. They delight in a moist, shady location, and with proper care will bloom profusely during spring and also during autumn. If wanted for winter blooming, they should be lifted in autumn and grown in a frame or in pots in a cool room, as they will not stand much fire heat. They are generally considered hardy, although in the Northern States a covering of leaves, etc., is very beneficial. No collection is complete without a few Violets. We offer only a few of the choicest varieties.

Variegated Ground lvy.

#### VARIEGATED GROUND IVY.

A thrifty and rapid grower and a fine acquisition to our list of basket or vase plants. It has light green leaves, bordered with pure white. Hardy, excellent for Rockery (see cut.) Price, 10c'each; \$1.00 per dozen.

IMPERIAL — This is the freest double-flowering violet that we know of. It is entirely free from disease of any kind. Color a deep violet purple; deliciously fragrant; flowers are borne on long stems. Young plants 20c.

LAFRANCE—An exceedingly large-flowering variety of the California strain. Color a dark violet purple, very fragrant; the flowers are borne on very long stems. Young plants, price 15c each.

PRINCESS OF WALES—Another large flowering single variety, a shade lighter in color than LaFrance, but equally as fragrant. Young plants, price 15c each.

each.
SPECIAL OFFER—
The full set of three varieties, 40c.

# Young's Superb Double Fringed Petunias.

For many years we have made a specialty of Double Petunias, growing about five thousand seedlings annually, from which we select the choicest for propagation. We have discarded the plain edged sorts, as the fringed and laced varieties listed below are very much superior.

COMEDY-Bright amaranth-red, edged pure white.

**DELICATA**—White, delicately suffused with violet-rose and veined purple.

EUREKA-A beautiful deep crimson-pink.

LOVELY-White suffused rose, shading deeper toward the edge,

MAGNIFICENT-Bright rose-magenta mottled with white.

SNOWBALL-Finely fringed white.

Price-15c each; \$1.50 per doz. Set of 6 varieties for 75c.

#### PETUNIAS-SINCLE

CALIFORNIA RUFFLED GIANTS.

Flowers of extraordinary size and substance, and with very deep throats. They are ruffled, fluted and fringed, and are not surpassed in colors by any other strain, ranging from deepest purple to pure white. Some are solid colors, while others are blotched, striped and veined with many combinations of colors that are truly interesting. This class deserves a place in every collection, A bed of this strain of Petunia planted by us at the World's Fair Grounds was awarded a Gold Medal. Price 15c each; \$1.50 per dozen.

#### Young's High Grade Pansy Plants.

Pansies may be successfully grown from seed started early in the spring, but a longer period of blooming and much better results in every way may be obtained by ordering plants that are already well established, from seed sown during the autumn and early winter.

For best results they should be planted in deep, rich, moist soil. If fine, large flowers are wanted throughout the summer, plantin a partially shaded situation, where they will be protected from the hot mid-day sun. It is also advisable to pick off all flowers when fully developed, as they will bloom more freely, and during a longer period, if allowed to remain on the plant and develope seeds, which will exhaust the plant.

We offer plants grown from a mixture of the best and most distinct high-grade, named varieties. Produced from the best seed that money will buy. The plants are well established, and will bloom soon after planting.

Price, fine plants, 5c each; 50c per dozen.

Pansy-Victoria.

Ottumwa, Iowa, April 20, 1907. C. Young Sons Co., St. Louis, Mo., Gentlemen-Roses &c., arrived via Adams Express last evening in fine shape. Thank you very much for 4 roses and 1 plumbago, gratis. We put them all out last night and they attracted considerable attention from people passing by. One neighbor, T. J. Hall, was over this morning before breakfast to learn where we bought, borrowed your catalogue, says he has bought roses from several different places, but never saw such stock as I received from you. He will probably send you a small order at once.

Yours truly,
I. T. LYNCH.

# SALVIA .—SCARLET SACE.

Salvias are among our most valuable and showy bedding plants. The Splendens type, or Scarlet Sage as they are commonly called, are a blaze of brilliant scarlet throughout the summer and fall. They are all of the easiest culture.

Splendens—One of the finest of all bedding plants, being completely covered in autumn with long spikes of dazzling scarlet flowers, remaining in bloom until cut down by frost.

A RAGNEAU—Early flowering; does not grow over 15 to 18 inches tall and blooms as soon as it becomes well rooted and continues until frost.

Ball of Fire—The most compact, earliest and one of the freest flowering of this brilliant bedding plant; grows 20 to 24 inches high, with upright spikes of brilliant scarlet.

New Bonfire—Neat compact grower, intense flery crimson flowers, making 'a sheet

New Bonfire—Neat compact grower, intense flery crimson flowers, making 'a sheet of brilliant bloom long after other flowers are gone.

Price 10c each; \$1.00 per dozen, your selection.

New Mammoth Verbenas.

## Young's Collection of Large Flowering Verbenas.

Next to the geranium, the verbena is the most popular and useful of our bedding plants. The collection we offer below is as fine a collection as could be found on this continent, containing the

found on this continent, containing the most brilliant colors and some right fragrant varieties. In order to keep the plants in the best of blooming condition, cut all faded flowers off and even a severe trimming or clipping tends only to strengthen the plants and keep them in better shape for late flowering. The colors range through the brightest and most beautiful shades of scarlet, purple, crimson, pink, blue, white, etc.

## Vinca or Madagascar Perriwinkle.

This is the most attractive plant, blooming the entire summer season, forming a handsome shrub two feet in height

and diameter, see cut.

Color, rose, white, and white with crimson center.

10c each; \$1.00 per dozen.

#### Ruselia Juncea.

This is one of the most beautiful as well as graceful plants in cultivation. It is a native of Mexico. It has very fine, slender drooping foliage, and produces an abundance of beautiful scarlet tube-like little flowers. A very showy pot plant. Price, 15c.

FROHNA, Mo., April 16, 1907.

C. Young & Sons Co., St. Louis, Mo., Gents;—Received roses, plants, bulbs, Saturday in good condition, and I am also very thankful for them extras

you sent.

I am taking orders for plants, etc., and those extras you always send I keep for my trouble. Yours truly by the Willy P. I. F. WINTER.

Russelia Juncea.

Vinca.

# Flowering and Ornamental Plants.

Relow we offer a list of Garden and Greenhouse Favorites, plants so well and favorably known that extended descriptions seem superflous, yet, would space permit, we would gladly give full descriptions because all are worthy of special mention.

Alternauthera-Red, yellow. 50c per doz., \$4.00 per 100.

Acalypha Sanderil-Long chenille-like, cylindrical flowers, very ornamental. 15c each, \$1.50 per doz.

Vinca Major Variegata-Large plants. 30c each, \$3.00 per doz.

Vinca-(Summer flowering). Rose and white. 10c each, \$1.00 per doz

Zinnias-Assorted colors. (Ready May 1st.) 10c each: \$1.00 per doz.

Frank Trelease.

Nymphaea Odorata Rosea.

# Water Plants and Aquatics.

ROOTS\_

The cultivation of Aquatics is of the simplest. Their reqirements are sunshine, water and plenty of rich soil. They are divided into two distinct classes hardy and tender. The former may be planted in ponds or sluggish streams, from early in the spring until August, and under the same conditions as our native Water Lily, will grow luxuriously and flower profusely the entire season. Provide the same conditions in artificial ponds or tanks, and the results will be equally satisfactory. Plant the tender varieties at the approach of warm weather and when the water is warm. The plants can be grown in pots, where protection can be afforded them until safe to transfer to summer quarters. The after

treatment is the same as for the hardy varieties. When grown in tubs only the moderate growers should be selected. In storing in tubs through the winter they should be kept where it is not warm enough to excite growth or so cold as to freeze.

FRANK TRELEASE—This superb tender night blooming water lily surpasses all other red varieties by the brilliancy and depth of the rich glowing dark crimson of its flowers, 9 to 10 inches in diameter; glossy dark bronzy red, resembling in color the foliage of the Black Beauty Canna (see cut.) \$1.00 each.

MARLIANCEA CHROMATELLA—A very free and vigorous grower; flowers 4 to 6 inches across, bright yellow color; leaves deep green, beautifully blotched with brown. A free and continuous bloomer, 50 cents each

cents each PARROI'S FEATHER—An aquatic hanging plant. Planted in water-tight hanging basket, so water can be kept standing on the surface of the soil it will trail down over the sides in a most charming manner. In a tank or lake it prefers shallow water. Price, 15c each; \$1.50 per dozen.

NYMPHAEA FLAVA—This is a true water lily, with yellow flowers and a delicate perfume. Its leaves are beautifully variegated with brown. It is a very desirable variety either for pond, tub or aquarium 30 cents each.

cents each.

NYMPHAEA ODORATA SULPHUREA—A handsome yellow-flowod four native variety. Price \$1.00 each.

ered form of our native variety. Price \$1.00 each.

NYMPHAEA ODORATA ROSEA (Cape Cod Water Lily)—This is the famous pink water lily of Cape Cod. It possesses all the desirable qualities of the white-flowered species—hardiness, freedom of bloom and delicious fragrance. Price 50c each (see cut.)

nencious iragrance. Frice 30c each (see cut.)

NYMPHAEA ODORATA—The well known Water Lily, famous for the fragrance of its beautiful white flowers, which attain a size of five or six inches across. A free-bloomer; a strong, sure grower, of the easiest cultivation. A tub or half-barrelmay be utilized to grow it in, if you do not have a pond or pool of water. Plant the roots in muck or loam, covering the latter with about two inches of sand or fine gravel, to hold them in position. The root should be barely covered. Give plenty of snnshine. Strong roots, 20c each; 3 for 50c; 7 for \$1.00.

#### THE WATER HYACINTH

A curious plant of great beauty. Has smooth round green leaves, to which are mustached a puffed, bladder-like stalk, by which means the plant is enabled to float

on the surface of the water until the roots secure themselves firmly in the soil below. The flowers come in beautiful long spikes, and each flower is the size of a silver dollar; color a lovely shade of lilac-rose tinted azure blue, with the center rich, golden yellow. Beautiful. Plant in tubs or bowls, and give plenty of sun. Strong plants, 15c each; 4 for 50c; 9 for \$1.00.

WATER POPPY—Small oval leaves and showy flowers of bright lemon color, standing a few inches out of the water, and producing freely all summer. Easily grown in a shallow tub or pan. Price, 20c each.

# Select Hardy Climbers

Hardy climbers are now recognized as indispensable for the covering of porches, arbors, walls, fences, etc. They grow quickly, soon covering with a living green that is far more beautiful than any artificial structure, and affording grateful shade during the hot summer days. Without climbing vines many homes, which are now so much admired, would present a sad and unprotected picture during our hot summers. Hardy climbers are the most desirable because when once planted they require little or  $n_0$ attention and will increase in size and beauty from year to year. The following varieties are the most popular. They are all perfectly hardy, of very easy culture in almost any soil or location, and may be relied upon to produce the desired effect.

#### **AMPELOPSIS VEITCHII**

(Sometimes called "Boston Ivy" and "Japan Ivy.")

Entirely hardy in the most exposed places, attaining a height of 20 to 30 feet in two or three years, clinging to stones, brick or wood work with the greatest tenacity. It is a great protection to houses, as the leaves, lapping over each other like slates on a roof, effectually prevent rain from penetrating the walls. For covering dead trees, gate posts, boundary walls, etc., it has no equal. In the summer the foliage is a rich shade of green, but in the fall it assumes the most gorgeous tints of scarlet, crimson and orange. Truly a grand sight. The most valuable vine cultivated.

Price, extra strong, pot-grown 1 to 2 feet. 25° each; \$2.50 per dozen. Third size extra strong, pot-grown, 6 to 9 inches, 15c each; \$1.50 per dozen.

#### AMPELOPSIS QUINQUIFOLIA

"Virginia Creeper"—The Virginia Creeper is one of our finest climbers. Its flowers have no beauty, but it is a beautiful ornamental cli...bing vine, from the brilliant scarlet and orange which its leaves assume in the autumn. The plant is of very rapid growth in any kind of soil, often growing several feet in a single season. The vine is perfectly hardy, withstanding our severest winters, and will succeed everywhere. For covering dead trees, gate posts, and for growing up at porches, it is a fine vine. Field grown 3-year-old plants 25c; 5 for \$1.00, postpaid.

Honeysuckle.

#### CINNAMON VINE

A most beautiful and satisfactory hardy climber for covering trellises, piazzas, screens or anything on which the vines can twine; it grows from 15 to 30 feet high, and when the roots become large and established the vine attains a much grater leave. come large and established the vine attains a much greater length. The leaves are green, thick and glossy, always clean, healthy and free from insects. The white flowers are borne in clusters and, while insignificant, they emit a most delightful cinnamon-like perfume. The roots are thoroughly hardy, remain in the ground for years, increasing in size and vigor, but the vine dies down every winter, shooting up with great rapidity in the spring. Price, extra large 2-year-old roots, 10c each \$1.00 per dozen; strong 1-year-old roots, 5c each, 50c dozen; strong 1-year-old roots, 5c each, 50c per dozen.

## **BIGNONIA** (Trumpet Creeper)

"Trumpet Vine" - Another good, old-fash-ioned hardy climber, with clusters of large trumpet shaped, crimson-orange flowers. Will grow in almost any soil and under most trying conditions. We offer the large flowering Grandiflora variety, 2-year-old field grown. 35c

#### MADEIRA OR MIGNONETTE VINE

A rapid-growing vine, covering a large space A rapid-growing vine, covering a large space in a short time. Fleshy heart-shaped leaves of a light green, and numerous racemes of eathery flowers of delicious fragrance. A beautiful and popular vine. Protect with litter in this latitude. See each, 40c per dozen, by mail, 10c per dozen extra.

Leaflet on "Cultivation of Hardy Climb ing Plants" free on application.

Ampelopsis Veitchii.

Cinnamon Vine.

# BEAUTIFUL HARDY CLIMBING VINES

#### CLEMATIS

weath of bloom makes them the grandest embellishments to the porch, known.

In this superb family of hardy climbers, many of the varieties have flowers 5 to 7 inches in diameter. They are grand for pillars and trellises, pegged down for bedding and for running over rockwork, old trees and stumps. They delight in rich soil, and a sunny situation and are perfectly head. stumps. They delight in rich tion, and are perfectly hardy.

(Japanese Virgin's Bower.)

This handsome hardy climber is one of the choicest and most satisfactory climbing flowering plants. Of strong, rapid growth, with small, dense cheerful green foliage, and pure white, deliciously fragrant flowers which appear in the greatest profusion in August, followed by silvery, feathery seed-pods, which makes an attractive appearance. The plant succeeds in almost any position; not only is it well adapted to run up all amy position, not only is it were adapted to the main and kinds of supports, but is just as useful fer planting among rock-work, sloping banks, covering graves, or, in fact, any position where a graceful vine is desired.

Strong plants 15c each; per dozen \$1.58; \$10. per 100
Extra strong plants 25c each; per dozen \$2.50;
\$15.00 per 100.

#### LARCE-FLOWERING CLEMATIS.

The following two varieties that succeed best in our climate. Many failures in growing this type of Clematis are distinctly traceable to shallow planting. We are careful to send out only perfectly healthy stock, but cannot entertain any complaint on this class of plants.

Clematis Jackmannii.

Clematis Henryii.

Clematis Paniculati.

CLEMATIS JACKMANII-The best known and most valued variety. The flowers when fully expanded, are from four to six inches in diameter; intense vielet purple, with a rich velvety appearance, and distinctly velned. Flowers continuouly from July until late fall. We sell more Jackmanii than all others combined. Price, strong, 2-year-old plants, 50 cents each.

HENRYII-Flowers of this variety are exceptionally large, color beautifully creamy white; strong vigorous grower and perpetual bloomer. An excellent variety for cemetery planting, and a fine companion for Jackmanii. Price, strong two-year-old plants, 50c each.

NOTICE-On account of the brittleness of the bark on Clematis, it cracks very easily, and many people believe the plant is permanently injured when such is not the case. We receive many letters on this subject. We examine all plants carefully to see that they are in good growing condition, and we do not agree to replace them.

# Chinese Wistaria

This is one of the most popular of our hardy vines, growing very rapidly, climbing to a height of 50 feet or more; when in bloom is truly magnificent. It flowers in early spring in long drooping racemes, resembling in size and shape a bunch of grapes (see cut.)

SINENSIS (Chinese Glycene)-The favorite variety, producing thousands of pendulous clusters of delicat e violet-blue blossoms, richly perfumed. Each, 50c.

SINENSIS ALBA-Of similar habit to Sinensis, with pure white flowers. A lovely climber

MAGNIFICA-Blue flowering. A beautiful variety and free bloomer; grows freely in any place Each. 50c.

# Honeysuckles

For real home vines, to be near you, climbing over your windows and doorways, there is nothing prettier, than fine, sweet-scented Honeysuckles; the follage is pretty, neat and clean, the flowers almost continuous, and their fragrance delicious. The varieties described below are the very best.

HALLIANA (Hall's Evergreen.)-Probably more generally known than any other variety. Foliage is deep green and almost evergreen through the winter. Flowers are very fragrant, yellow and white and bloom profusely throughout the summer. 25 cents each. Exta large plants, 50c each.

NEW HECKROTTI HONEYSUCK CE - A beautiful new and distinct Honeysuckle; a vigorous nd continuous bloomer, remaining in bloom all summer; flowers clear rose, sometimes a reddish rown color, yellow at the base; very sweet and fragrant. Large plants 50c each.

SCARLET TRUMPET OR CORAL-Very strong rapid grower, producing beautiful scarlet flow ers all summer; foliage very fine, thick and heavy. 25c each, large plants 50c each.

MONTHLY FRAGRANT OR DUTCH-A fine rapid growing variety, flowers large and very fra grant, color red and yellow, a constant bloomer. 25c each; extra large plants, 50c each.

Monett, Mo., March 29, 1907.

C. YOUNG & SONS CO.,

St. Louis, Mo.

DEAR SIRS:—I received my seeds in good condition and am well pleased with them.

Thank you for the extra plant and seeds.

Yours truly,

MISS HAZEL LINDSTROM, R. F. D. No. 1.

Wistaria.

## HARDY PLANTS==Herbaceous Perennials.

Under this class is included all hardy plants, the foliage of which dies to the ground each winter. Every spring a new and stronger growth of foliage may be expected.

A collection of hardy plants is always very interesting, and their ease of culture makes it possible for all to enjoy their beauty. There is no other class of plants in cultivation that is so well adapted to MAKE YOUR HOME GROUNDS BEAUTIFUL. Their culture need not interfere in the least with that of bedding plants, or anything else, as they are always most appropriately planted in the border; where, after planting, they require but little attention. Some of the varieties, when grown in quantity, afford a continuous and invaluable supply of cut flowers, especially in the early autumn. The great advantage these possess over annual plants is that when once planted they require little or no attention and increase in size and beauty from year to year. It is advisable to plant along a fence or border line where they need not be disturbed

Achilles, The Pearl.

#### ACHILLEA PEARL

One of the very very best white flowered plants for the border, perfectly hardy. The flowers are borne in the greatest profusion all summer, on strong erect stems. Pure white in color. 15c each; 1.50 per doz.

#### **AQUILEGIA**

(Columbine.)

The distinct clean-cut foliage and delicate arrangement of colors in the flower of Columbine, make it one of the showiest and most desirable of the hardy garden plants; especially suited for rockwork, at the base! of foundation walls, and under trees (see cut.) 15c each: \$1.50 per dozen.

#### COREOPSIS LANCEOLATA

A beautiful hardy border plant: grows 15 to 18 incheshigh, and produces its bright. golden-yellow flowers in great profusion the entire season. It makes a handsome vase flower when cut. 10c; 3 for 25 (see cut )

Aquilegia.

Showy plants, and this is the best of the class, beautiful, broad ovate leaves, with large, lily-like, pure white; fragrant flowers in large clusters (see cut.) Price, 20c each, six for \$1.00.

#### HARDY HIBISCUS

CRIMSON EYE-This magnifient Hibiscus is unequalled among hardy plants for gorgeous beauty. It is a robust grower with dark red stems and foliage. The flowers are immense in size, often measuring twenty inches in circumference. The color is of the purest white, with a large spot of deep velvety-crimson in center of each flower, 20c, 3

#### DIELYTRA SPECTABILIS

Bleeding Heart.

These pretty spring bloomers, with their graceful drooping sprays of heart-shaped pink and white flowers, are very ornamental, and bloom freely early in the season. The plants being hardy, increase in size and bloom from year to year, and should have a place in every garden. Price 20c each, (see cut.)

The most majestic of all hardy herbaceous, plants, always attracting attention. Should be in ever y garden or door-yard, no matter how small. For planting in masses by itself or as a background for lower growing plants, the Hollyhock cannot be dispensed with—an old fashion-

pensed with—an old fashion-ed plant coming in general use again. We offer only the finest double varieties in white, pink, crimson and yellow. Price 15c each, 4 for 50 cents.

Coreopsis Lanceolata Grandiflora.

Funkia Alba, White Day Lily.

#### **NEW ALLEGHENY FRINGED** HOLLYHOCKS.

A decided improvement on the common variety. The flowers are semi-double, beautiers are semi-double, beauti-fully fringed and resembling crushed silk in texture. They are early and perpetual bloomers. This is a decided novelty that can be depended on to give satisfaction. Price 20c each, 4 for 60c.

Dielytra Spectabilis (Bleeding Heart.)

Hybrid Hibiscus.

# HARDY PLANTS HARDY CARDEN PINKS

These are among the old favorites, easy to grow, once planted they are there to stay and continue to increase in beauty as the years go by. Everyone loves the old fashioned garden pink; it is of graceful habit, delicate color and sweet clove scented blossoms. They are very desirable for edging beds of shrubbery, making old fashioned gardens and formal work. The foliage is almost evergreen, making them one of the most desirable edging plants.

HER MAJESTY-This is the best large, perfectly double white Pink grown. Very fragrant. Quite hardy, and especially adapted for cemetery planting These are among the old favorites, easy

ed for cemetery planting
JULIETTE -White, laced crimson.

MARY GRAY-Reddish purple, narrow white lacing.
OLD FASHIONED-Deep pink, very

SOUV. DE SALE -- Soft rosy pink, very

WHITE RESERVE-Pure white, frin-15c. each; \$1.50 per doz.

This is one of the most desirable hardy climbing plants, attractive both in flower climbing plants, attractive both in Hower and foliage, producing clusters of large flowers the entire summer. As a cut flower it is very valuable. As a porch climber or for covering fences it is invaluable and should be in every garden. It is perfectly and will endure our severest winters. Price, 15c. each: \$1.50 perdoz.

The Rudbeckias would be hard to dispense with. They do much to keep the garden bright during the hot days of summer. They are all large showy plants, attaining a height of 6 to 8 feet in any ordinary garden soil. The flowers are borne on long stems, making them very valuable for cutting. Planted in single clumps or massed with shubbery they are very attractive.

GOLDEN GLOW-This is one of the most popular hardy plants now grown which is a very strong and robust grower, attaining a height of 5 to 6 feet, producing a mass of double yellow flowers resembling the Cactus Dahlia. It blooms through the entire months of August and September. It makes a gorgeous display either planted in clumps or mixed with shrubbery or other hardy plants. 15 cents; \$1.50 per dozen. Field grown, 25 cents each: \$2.50 per dozen. (see cut.)

#### YUCCA FILAMENTOSA

(Spanish Bayonet). A low-growing, hardy evergreen plant with long, narrow leaves, almost tropical in appearance. The flower stalk is from 2 to 4 feet high, and rises from the center. It bears a profusion of creamy-white, bell-shaped flowers, will thrive in fhe poorest soil. (see cut.) Each 25c. large plants, 50c.

#### BURBANK'S NEW SHASTA DAISY.

A fine new herbaceous plant that is just now attracting much attention. It is of very easy culture, soon forming large clumps which are a perfect mass of large single pure white flowers, frequently  $3\frac{1}{2}$  to 4 inches across; fine for cutting. Price, 10 cents; strong plants, 25 cents (see cut.)

#### **HELIANTHUS MULTIFLORUS.**

HARDY DOUBLE YELLOW DAHLIA.—Also called "Perennial Sunflower." A very useful and popular perfectly hardy perennial, literally covering itself during the greater part of the summer with large perfectly double, golden-yellow, dahlia-like flowers. Each, extra size 15c: \$1.50 per dozen.

#### LEMON-COLORED LILY.

A pretty hardy, herbaceous plant, with long narrow leaves; flower stalks two to three feet high, with a crown of beautiful lemon colored flowers three to four inches in diameter that are delightfully fragrant. Price, 25c each.

COLDEN GLOW

Hardy Scotch or May Pinks.

Shasta Daisies.

Yucca Filamentos

# Hardy Perennial Phlox

Hardy Phlox.

#### TRITOMA PFITZERII. Ever-Blooming "RED-HOT POKER PLANT."

This new variety is a marvelous improvement over the old well-known "Red Hot Poker" plant. It is a very free blooming sort, flowering continuously throughout the season. The flowers are large spikes of brilliant flame color, with long stalks gracefully poised above the rich green foliage. A bed of this in bloom is a grand sight. The roots should be dug up before hard frost and kept in sand in the cellar during winter. (see cut.) Price, 25 cents.

This is one of the most easily grown hardy perennials, and the large number of beautiful varieties now offered makes it especially desirable. These noble flowers are not only beautiful as individuals, but the cheerful appearance of our gardens during the autumn months is much indebted to them. The ease with which they are cultivated, their entire hardiness, and the extended time of blooming, combined with the varied and charming colors, make them especially valuable for planting in groups on the lawn or in the open border. They are also admirably adapted for cemetery planting, also for a low screen to hide an old fence or other unsightly objects. The dwarf growing varieties are fine as a single specimen on the lawn. single specimen on the lawn.

CULTURE.—They succeed in almost any soil or situation. To produce the best results they should have a rich, rather moist soil allowing each plant to have from 2 to 3 feet of space in which to develop. They will usually commence to bloom in early summer and exhaust themselves early in the fall; but if the tips are pinched out once or twice in the early summer, the bloom may be delayed until frost.

They will continue to thrive for several years, with little attention; but more vigorous growth, and consequently larger and better blooms may be had if the old clumps are taken up every two or three years and divided. This should be done in the fall, after blooming.

# Twelve Choicest Hardy Phlox

For the benefit of those of our patrons who are not fully acquainted with the different varieties and colors of Hardy Phlox, we have prepared below a collection of varieties, embracing the most distinct colors. We can highly recommend this collection to our patrons, as we are confident it will give complete satisfaction.

MA Attraction White with large crimson-carmine center.

Attraction. White with large crimson-carmine center.

Baron von Burkhart, An effective shade of bright rosy magenta.

Coquelleot. Best pure scarlet with crimson-red eye.

Fiancee. A fine late-flowering pure white.

Henry Murger. Pure white with large crimson center; very free flowering. Fiancee. A fine late-flowering pure white.

Henry Murger. Pure white with large crimson center; very free flowering.

Iris. Very large flowers, perfectly formed, bluish violet with large blue center.

Graf von Hochberg. Reddish-carmine, dark eye. Very striking and

handsome,

Jas. Bennett. Large, perfect flowers; flesh pink with large compact

flower heads. Crimson eye.

Jas. Galloway. Bright magenta, with crimson eye,
Lecard. Rosy.carmine, splashed white in center.

Peachblow. Delicate pink, with white markings, deep rose eye. A fine

large flower.

The Queen. Pure white, large flowers; very dwarf.

Price, 15c. each; 3 for 40c.; 6 for 75c.; \$1.50 per dozen. postpaid,

#### STOKESIA.

Stokes' Aster—This is one of our most charming and beautiful native plants. The plant grows from 18 to 24 inches high bearing freely from July until frost, its handsome lavender-blue Centaurea-like bloslavender-blue Centaurea-like blossoms, each measuring from 3 to 4 inches across. It is of the easiest culture, succeeding in any open sunny position, and is not only desirable as a single plant in the mixed hardy border, but can be used with fine effect in masses or beds of any like II is a masseless retire clear. size. Like many other native plants which are neglected at home, this is grown in considerable quantities in Europe to supply the demand for blue cut-flowers in the autumn. No gar-den, large or small, should be with-out it. As a single specimen or group in the hardy border it makes for itself a place that cannot be filled by any

a place that cannot be filed by any other hardy plant.

We have no hesitation in saying that Stokesia is one of the most valuable and desirable hardy plants offered. Strong plants 20c. each; 2 for 35c.

#### HARDY VIOLETS.

Double Russian - Fine large double deep purple flowers of exquisite fragrance. 10c each; \$1.00 per dozen.

Stokesia Cyanea (Cornflower Aster).

FESTUS, March 25, 1907.

Tritoma Pfitzerii.

C. YOUNG & SONS CO.

DEAR SIRS

DEAR SIRE:
Those plants and bulbs I ordered from you about two weeks ago I received the 23d of this month in fine condition by express. I thank you very much for those extra bulbs you sent to pay for express charges, surely more than I expected.

Obligingly, MRS. AARON MOORE, Fe MRS. AARON MOORE, Festus, Mo.

German Iris or Fleur-de-Lis (I. Germanica).

#### PEONIES.

#### Double Herbaceous.

That Herbaceous Peonies are as fine and effective in their way as Rhododendrons or Roses is now being generally recognized. They are hardier and more easily cultivated than either of their rivals, and are being used in the same way for bold displays of color. Their flowers are very lasting; some of them are finely finished and exquisitely colored. Plant in deep, rich, well-prepared soil, covering the buds but an inch or two. Do not expect too much of them the first They are a little slow in establishing We offer three distinct sorts, themselves. white, double red and double rose. Price, 25c each, postpaid, or 12 for \$2.50. Extra large roots, by express, only 35c; 3 for \$1.00.

## PLUMBAGO LARPENTA.

(Lead Wort.)

A low growing, hardy plant, used a great deal for border to beds of hardy perennial plants and edging to walks. Blooms freely until frost with rich deep blue flowers. A beautiful little plant. 15c, \$1.50 per dozen.

#### SEDUM (Stone-Crop). Dwarf Varieties.

Suitable for the rockery, carpet bedding, etc. ACRE (GOLDEN MOSS) .- Much used for covering graves; foliage green, flowers bright yellow.

LYDIUM GLAUCUM.-Small glaucous green foliage and pink flowers.

## HARDY JAPANESE IRIS.

We consider the Japanese Iris the most magnificent summer blooming plant grown. They commence blooming about the middle of June and continue 5 to 6 weeks. Many of the flowers measure 7 to 9 inches across, and are of indescribable and charming hues. They grow in almost any soil, but produce the largest and finest flowers in a moist soil well enriched with rotten manure. We have positively the finest collection we have ever seen anywhere. At the prices quoted we send splendid, clumps.

#### Select Double-Named Iris.

These magnificent double varieties are robust growers; flowers of enormous size and of the most brilliant, attractive and distinct colors.

BLUE DANUBE .- Deep indigo blue; violet

GOLD BOUND .- Pure white, one of the best. SEA GULL.-White, shaded light blue toward center. SPOTTED BEAUTY.-Wavy, double silky white, spotted.

## Select Single-Named Iris.

We here offer two single varieties of rare merit. The flowers are exceptionally large and very gorgeous in colors.

APOLLO.—Pure white, pink center.
ONDINE.—White, shaded light blue toward center.
Price of above named, 20c each; any 3 for 50c.

Select Unnamed Japan Iris.

Price, 15c each, \$1.50 per dozen.

GERMAN IRIS (I. Germanica).

The German Iris is one of the most desirable early spring flowering plants. The flowers are of large size and exquisite colors. No garden is complete without a collection of these beautiful "Flags." We offer the following choice sorts:

ALVELREA.—Upright petals light blue, falls brilliant purple,

blue flaked and feathered.

CANDIAMUS.—Light lavender, falls reddish purple. HONORABLE.—Intense yellow, falls a beautiful bronze.

MADAM CHEREAU.—Pure white, edged with azure blue; falls deep white with blue penciling.

NECLECTA.—Uprights fine blue, falls deep blue; large flower. PEARL.—Very light lavender, falls deep lavender.

QUEEN OF THE GYPSIES .- Dusky light bronze, falls purplish red.

STENOPHYLLA .- Self color, light blue shaded darker.

SOUVENIR.-Uprights brilliant yellow; falls freely veined network of yellow buff and purple.

PARKMANI.—Uprights pure lemon; falls white veined purple.
FRAGRANCE.—White, edged with blue; falls white with blue

INNOCENCE.—White, edged with blue.
Price: Any of the above, 15c each; \$1.50 per dozen.

MIXED GERMAN IRIS .- 10c each; \$1.00 per dozen.

#### DIANTHUS.

NAPOLEON III. - Everblooming hardy Mule Pink. This charming hardy pink is by no means new, but only during the past few years have we had sufficient stock of it to enable us to offer it in our Garden Book, and as a result many thousand plants have been distributed, and the favorable comments received from pleased customers justifies us in believing that of all the hardy plants sent out in recent years none has ever given more satisfaction than this everblooming Dianthus. The smallest plant set out in the spring will form a compact clump, not over 10 inches in height, which from the middle of June until severe freezing weather is a mass of full double, brilliant, blood-crimson, delightfully clove-scented flowers. 35c each, \$3.50 per dozen.

DELPHINUM FORMOSUM.

PERENNIAL LARKSPUR .- One of the handsomest and most satisfactory of all the hardy herbaceous plants, and should be planted extensively, even in the smallest garden; the long spikes of bright blue flowers are produced continually from June until frost. Each 15c, 2 for 25c.

VINCA MINOR CERULEA. BLUE MYRTLE.-Grows close to the ground; invaluable for carpeting the ground in shady places. Largely used for covering graves, for which purpose no plant is so well adapted. Price, 10c each; \$1.00 per doz. THYMUS.

GOLDEN THYME.—A pretty golden variegated variety, which is evergreen and showy at all seasons. 15c each, \$1.50 per dozen.

# HARDY ORNAMENTAL

For single specimens, beds or groups on the lawn, nothing gives a finer effect than these; they are now largely used in prominent positions in many gardens, public parks, etc. In the fall the grass may be cut and utilized for the winter protection of tender plants and roses. The plumes which these grasses produce are large and beautiful, having a feathery appearance, and are used for interior decoration. Absolutely hardy.

ERIANTHUS RAVENNAE (PLUME GRASS OR HARDY PAMPAS).-Grows from 9 to 12 feet high, frequently throwing up from 30 to 50 flower spikes. It closely resembles the Pampas Grass; 25 cents each, \$2.50 per dozen, clumps 50 cents each.

EULALIA GRACILLIMA UNIVITATTA (JAPAN RUSH).-Of graceful habit, with very narrow foliage, of a bright green color with a silvery midrib. 25 cents each, \$2.50 per dozen, clumps 50 cents each.

EULALIA JAPONICA VARIEGATA.-A very ornamental variety,

EULALIA JAPONICA VARIEGATA.—A very ornamental variety, long, narrow leaves, striped green, white and often pink or yellow. Flower stalks from 4 to 6 feet. 25c each, \$2.50 per dozen, clumps 50c each.

ZEBRINA (ZEBRA GRASS).—The long blades of this variety are marked with broad yellow bands across the leaf. It makes a very attractive specimen plant for the lawn. 25c each, \$2.50 per doz., clumps 50c each.

PHALARIS ARUNDINACEA VARIEGATA (VARIEGATED RIBBON GRASS, OR GARDENER'S GARTERS),—Large variegated foliage, an excellent grass for bordering large beds. 10c each, \$1 per doz.

# MAGNOLIAS.

Of all the early spring flowering trees this one stands first. Its large and beautiful flowers, their fragrance, richness of foliage and tropical aspect places the Magnolia as the queen of flowering trees. Plant in spring, choosing a location that is sheltered and not exposed to full sunshine. They thrive best in moderately moist soil,

MAGNOLIA SOULANGEANA.-A Chinese species which, while shrub-like in its young growth, attains the size of a tree in time. Its flowers, which are produced early in spring, are cup-shaped, 3 to 5 inches in diameter, and are white inside, flushed with purple outside. Strong heavy plants, \$2,00 each.

MAGNOLIA STELLATA .- Dwarf and bushy. It blooms earlier than any other variety, and its semi-double, white, star-like flowers are delicate and fragrant. A striking novelty where early bloom is desirable; \$2.00.

MAGNOLIA PURPUREA.-Deep purple, pink in throat; a dwarf bushy variety that blooms at intervals all summer. \$2.00 each.

MAGNOLIA LENNEI. - A superb variety with large foliage and deep purple flowers

MAGNOLIA ALBA SUPERBA .-- A highly-prized species on account of its large white flowers, which open about the middle of April, Fine, bushy plants, about 3 feet high, \$3.50

Hardy Hydrangea, from Life.

#### HYDRANGEA PANICULATA GRANDIFLORA.

The Grandest and Most Beautiful of All Hardy Flowering Shrubs for Planting in the Door-Vard and Lawn

Hydrangea Grandiflora is undoubtedly the randest and most beautiful of all the Hardy Flowering Schrubs for the door-yard and lawn. The photograph herewith is taken from a plant on our own grounds, and gives some idea of its magnificent beauty. The flowers are rich creamy white coanging to pink, and borne in immense clusters magnificent beauty. white cranging to pink, and bother in immedia-clusters, more than a foot long; it blooms in August, the first and every succeeding year, and continues in bloom for months. Entirely hardy, no trouble to grow, does well everywhere. If no trouble to grow. does well everywhere. If you have not got it don't fail to order it now. We have a large stock of strong, healthy plants in different sizes and prices as offered below.

TREATMENT

grow and thrive in all ordinary situations.

#### TREE HYDRANGEA.

We have a fine stock of this popular shrub grown in tree form. These make very beautiful trees for the lawn. Price of nice, large trees, 75c. Extra large, \$1.00.

C. YOUNG & SONS

Jonesboro, Ill., May S, 1907.

Sirs-Plants received in good shape; well pleased and hope to give you a large order soon. Respectfully.

MRS. GEO. STEVENS.

C. YOUNG & SONS,

Brinttown, Okla., Nov. 24, 1907

Dear Sirs:-The plants arrived in fine condition; many thanks for the extra and your prompt delivery.

Very truly,

BESSIE LOWRIMORE.

For the well-arranged yard, shrubbery is indispensable, for it has all the artistic advantages and all the practical ones as well. The first cost is the only cost, and the shrubbery greatly increasing in size and beauty year after year, makes an investment which yields an annual dividend of loveliness not to be computed in any ordinary way.

What a pleasure with a garden where early spring is ushered in with myriads of beautiful flowering shrubs.

The rule for planting shrubs should be the same as those given for the planting of hardy plants. Always planting in groups, the taller varieties should be planted to the rear and lower varieties to the front. When planted in the border bed some berbaceous plants should always be placed with them for best effect.

NOTE.-The prices quoted here on shrubbery are for good, strong plants, with a good supply of fibrous roots, and are well worth the price quoted. One of our 35-cent plants will give a better effect and in less time than two or three smaller plants and such that are usually sold at 15c to 25c.

#### REPLACING TREES AND SHRUBS.

Some persons so neglect or badly plant their trees as to cause their loss, still they believe the nurseryman should be responsible and replace them. We desire to say that if our suggestions for planting, pruning and cultivating are followed, little or no loss will result. But we can not be held responsible for unfavorable seasons or other causes beyond man's control, and the purchaser must take the same risk that we do in that respect. We guarantee trees to be healthy, fully up to grade, true to name, and carefully packed, but we do not insure their living after having passed out of our hands and care.

Althea.

## ALTHEA

A fine tall growing shrub, that once planted, is good for a lifetime. Blooms when but a small plant but eventually reaches the size of a small tree. Always a symmetrical, upright grower, well clothed, with a dark green foliage, and bears every year without fail, a profusion of large, showy double flowers that closely resemble Hollyhocks in shape and colors, but often larger in size. They bloom from midsummer until frost, at a time when few other shrubs are in bloom.

DOUBLE WHITE-Continuous bloomer, 25 to 35 cents each.

DOUBLE PURPLE -Continuous bloomer. 25 to 35 cents each.

BANNER ALTHEA (Rose of Sharon.) - The finest and most beautiful variety ever introduced. The flowers are as large as good sized roses and very double; the color is pale rosy pink, elegantly striped with rich crimson. Price 25c each, extra large plants 50c each.

PINK BEAUTY-Large single violet red flowers, very showy. 35 cents.

## CORNUS

Independent of their flowers, which in some cases are very pretty, the Shrubby Dogwoods are valued for handsome bright-colored bark now so much prized for winter relief and contrast with evergreens. If cut back to the ground every spring the young shoots will be brighter and more abundant.

CORNUS SIBIRICA-Grows from 8 to 10 feet high, forming an attractive Shrub with blood-red branches. 25 cents each.

CORNUS KOUSA-The blood-red bark shows beautifully against the snow in winter. The large yellow flower-clusters are very abundant and appear early in spring. Extra large 50c.

## CALYCANTHUS

The Calycanthus is one of the most desirable shrubs. The wood is fragrant, foliage rich, flowers of a rare chocolate color, having a peculiar, agreeable odor. They blossom in June and at intervals afterwards.

FLORIDUS-A native species, growing 6 to 8 feet high, with double purple, very fragrant flowers. 35 cents. Extra large, 50c. CERCIS CANADENSIS

JUDAS TREE, OR RED BED-Very showy and beautiful when in bloom. All the branches and twigs are covered with a mass of small pink flowers early in the spring before the leaves appear. Plants 4 to 5 feet high. 50 cents each.

# CYDONIA

JAPONICA (Fire Bush)—Dark green foliage and showy, deep scarlet flowers of good size, produced singly or in masses along the branches, and often at intervals during the summer. Glossy, dark foliage with reddish tints. Large deep scarlet flowers in abundance followed by large fruit. This is one of the best hedge plants. Blossoms in May. Height 5 to 6 feet. 35 cents. Extra large 50c. Fine specimens 75 cents.

## BERBERIS THUNBERCII

A unique and charming Japanese form that fits a dozen or more needs in landscape gardening. Low, dense and neat in habit, with a profusion of hite flowers in May. In autumn it is all aglow with scarlet leaves and berries, and all through winter the bright fruit clings to its branches. Strong white flowers in May. plants, 25c each. \$2.50 per dozen. Extra large 35c. Fine specimens 50c each.

Moselle, March 16, 1907. DEAR SIRS:—The plants which I otdered received. I am very much pleased with them. Many thanks for the extra ones.

L. J. FOSTER.

Yellville, Ark., April 6, 1907. C. YOUNG & SONS, St. Louis, Mo. DEAR SIRS:—I received the plants and grass seed all in good condition. I am well pleased with them. Many thanks for the nice extras. Yours truly.

MRS. S. W. WOODS.

# HARDY SHRUBS.

Deutzia Lemoineli.

#### DEUTZIAS.

The flowers of the Deutzias are tassel-like and clustered into thick wreaths along their drooping branches in June. These shrubs are hardy, vigorous, adapted to all soils and remarkable for grace, beauty and prodigal bloom. The taller forms are valuable for specimens, low ones for bordering, grouping or planting near the house.

GRACILIS—May or June. One of the most useful of all low growing shrubs. It forms a round, dense bush, and is covered with snow white flowers of much beauty good for shady places. Height, 3 feet. 35 cents.

PRIDE OF ROCHESTER—A choice new sort that excels in vigor, size of flowers, length of panicles and freedom of bloom. The flowers are double, white, tinged outside with pink, and open a week earlier than those of other sorts. Height, 6 feet, 35 cents. Extra large, 50 cents.

#### **FORSYTHIA**

(Golden Bell)

Distinct for their early flowering, when the bushes are hidden by immense quantities of yellow blossoms pushed out before the leaves appear. Easy of cultivation in any fair soil.

Syringa Grandiflora (Mock Orange)

VIRIDISSIMA—Foliage deep, shining green; flowers bright yellow. A fine hardy shrub and one of the earliest to flower in spring. Height, 8 feet. 35 cents. Extra large 50 cents.

#### KERRIA.

Fine old shrubs with bright green bark and large, double yellow flowers from May to September. They are valuable for specimens or massing.

JAPONICA—A graceful shrub with double yellow flowers from June to October. Height 4 to 5 feet. 35 cents. Extra large 50 cents.

VARIEGATA—A dwarf variety with small green foliage, edged with white: one of the prettiest dwarf shrubs. Height 3 to 4 feet. Very attractive as specimen plants or in the foreground of large groups of shrubbery. 35 cents.

#### RHUS COTINUS

(Purple Fringe).

A conspicuous spreading shrub or small tree with large leaves. These are overhung in mid-summer by cloud-like masses of very light mist-like flowers—having the appearance of smoke at a distance. Strong 2 and 3 year old plants, 35 cents.

#### NIGRA AUREA.

(Golden Elder)

Has bright leaves of a clear, constant golden yellow and is valuable for enlivening shrubberies. 35 cents. Extra large 50 cents.

#### PHILADELPHUS or SYRINGA.

(Mock Orange)

A grand old favorite shrub. The Syringa should be in every yard. Covered with sweet-scented white flowers in June resembling those of the apple tree. Large, 3 to 4 foot bushes, each 35 cents. Extra large plants 50 cents.

#### VIBURNUM.

(The Snowball)

Masses of Snowballs give for spring the same showy effect produced by Hydrangeas in fall. They are all large, hardy, quick-growing shrubs valuable for screens, groups and specimens. The more showy species carry their flowers in great white balls.

STERILIS (Common Snowball)—Attains a height of 10 to 12 feet. Blooms in latter part of May. Used extensively for decorating. Flowers pure white, large balls frequently borne in clusters of five or six, 35 cents. Extra large 50 cents.

PLICATUM (Japan Snowball)—This Japanese variety of the old fashioned Snowball is one of the most valuable of our hardy shrubs. It forms an erect, compact shrub, 6 to 8 feet high; blooms in June and for a long time is a solid mass of white the plants being completely covered from the ground to the top of the branches with large balls of flowers white as snow. The foliage in early summer is an olive green, turning to a very dark green later in the season. 35 cents. Extra large 50 cents.

**DENTATUM** (Arrowwood)—Upright-bushy shrub, with coarse dentate leaves; white flowers in long, glabrous cymes, 3 to 4 feet, very bushy, 50 cents each.

IRONTON, April 4, 1907.

C. Young & Sons Co.

The plants arrived safely, and in excellent condition, for which I am very much obliged.

Respectfully,

ctfully, D. A. PILLEY.

#### HYPERICUM MOSERIANUM.

Forms a bush 2 to 2% feet high, of slender, well branched stems, producing its bright golden yellow flowers all summer. Old and dead wood should be trimmed out early in the spring to make room for new growth. 35 cents each.

#### CHOICE LILACS.

While everybody loves the old-fashioned, common, single white and blue Lilacs, everybody don't know there are other varieties much their superior. We offer the lovely Persian Lilacs, with two other beautiful named varieties, which we highly recommend, and know they will be greatly admired by all who grow them. They are of easy culture and thrive in almost any place, producing large panicles of lovely sweet-scented blossoms, of different colors and shades. Don't fail to include some Lilacs in your order, and tell your neighbors to order with you.

PERSIAN ALBA—The Persian Lilacs are borne in larger and more graceful clusters or panicles. The flowers of this variety are pure white; large truss. A very fine variety. Field-grown plants, 35 cents each.

PERSIAN RUBRA—A magnificent variety. Flowers and trusses much larger and finer than the common Lilac. Foliage small, and growth slender. Price field-grown plants, 35 cents each.

MARIE LEGRAY—The finest new Lilac yet introduced. A white Lilac of great beauty; blooms in dense masses, with large, compact trusses of the purest pearly white flowers. A grand variety. Field grown, 50 cents each

CHARLES X—Another grand new variety, with very large panicles of magnificent, compact clusters of dark purplish-red flowers produced in great profusion. Be sure to include this in your order. Field-grown, 50 cents each.

#### BEAUTIFUL SPIREAS.

These graceful drooping shrubs every one should plant, as they are of the easiest culture and very desirable in a collection of shrubs, and also as a specimen plant on a lawn. They embrace such a range of foliage, color of flowers, and habit of growth. Of very dwarf habit, attaining a heigth of 4 to 5 feet. We offer field-grown plants only.

ANTHONY WATERER—In our estimation one of the best flowering hardy plants. Makes a dwarf bush 18 inches high covered from spring till late in the fall with large heads of crimson flowers. Perfectly hardy. Grand for border to taller growing shrubs or single specimen plants for the lawn or for groups. 35 cents. Extra large 50 cents.

PRUNIFOLIA (Bridal Wreath)—Carries its clear, white, double flowers in thick wreaths along leaflets, wand-like branches, giving a solid white effect in May. The small glossy leaves appear later and color to rich red in fall. One of the best and earliest blooming kinds. 35 cents. Extra large 50 cents.

VAN HOUTTEI-By many landscape gardeners this is given first place in the whole category of shrubs. Its dense drifts of white flower-wreaths are singularly graceful, and its autumn foliage is bright. Blooms in June, covering the bush with a mass of white cluster flowers. 35 cents. Extra large 50 cents.

REEVESIANA—A slightly drooping shrub covered in May with clusters of white flowers almost covering the branches. 35 cents. Extra large 50 cents.

S. BUMALDA-Light rose flowers. Bushes 1 to 2 feet, each 35 cents and 50 cents.

Purple-Leaved Plum.

# HARDY PLANTS.

#### WEIGELIAS.

Beautiful shrubs that bloom in June and July. The flowers are produced in so great profusion as almost entirely to hide the foliage. They are very desirable for the border or for grouping, and as specimen plants for the lawn,

CANDIDA .- A vigorous, erect grower, flowers pure white, borne all through the summer months. One of the most free-blooming of all Weigelias. 35 cents; extra large, 50 cents.

ROSEA VARIEGATA .-- One of the most conspicuous shrubs that we cultivate. Leaves beautifully margined creamy white, flowers pink. It is a dwarf grower and admirably adapted to small lawns or gardens. Makes a very ornametal adapted to small lawns or gardens. M hedge. 35 cents; extra large, 50 cents.

EVA RATHKE.—A vigorous, erect growing variety. A very profuse bloomer and continues to produce its dark carmine red flowers during the entire summer. This is a comparatively new variety and one of the best Wiegelias ever introduced. 50 cents. (see cut.)

.-This variety is too well known to need any description. It has been a favorite shrub in our gardens for many years, and when in full bloom there are few of our flowering shrubs to equal it. The flowers, which are rose-colored, are produced in such profusion as to completely cover the bush. Flowers in May and June. 35 cents; extra large, 50

FLORIBUNDA.—Very free-flowering, vigorous growing ub. Flowers brownish crimson in bud, changing to bright crimson when open. 50 cents.

PRUNUS TRILOBA (DOUBLE-FLOWERED PLUM). -Native of China A very desirable addition to hardy shrubs. Flowers double, of a delicate pink, upwards of an inch in diameter, thickly set on the long, slender branches; flowers in May. Strong bushes, 2 to 3 feet, each 35c.

Weigelia Eva Rathke.

#### PRUNUS.

P. PISSARDI (PURPLE-LEAVED PLUM) .- The finest purple-P. PISSARDI (PURPLE-LEAVED FLUM).—The mest purple-leaved small tree or shrub, growing to a height of 12 to 15 feet. The young branches are a very dark purple; the leaves when young are lustrous crimson, changing to a dark purple, and retain this beautiful tint till they drop later in autumn. No other leaved tree or shrub retains its color like this. The tree is covered early in the spring with small, single white flowers, which appear before the leaves. It transplants easily, and should be in every year. Trees 2 to 3 feet high, each 35c; large plants, 50c.

#### TAMARIX.

Shrubs of strong but slender, upright growth; clothed with foliage as light and feathery as that of the asparagus. Their delicate fringing flowers are usually some warm shade of pink or red and very ornamental at the back of shrubbery borders.

Price 35c, large plants 50c each.

## ORNAMENTAL WEEPING TREES.

Weeping Mulberry.

TEA'S WEEPING MULBERRY. - This most beautiful weeping tree of recent introduction, wholly unlike anything heretofore introduced. The slender branches grow downward. parallel with the stem, forming an umbrellalike shape. All who have seen it agree that in light, airy gracefulness, delicacy of form and motion, it is without a rival. It undoubtedly takes the foremost place among weeping trees. It has beautiful foliage, is hardy, enduring the cold of the North and the heat of the South, safe and easy to transplant. Admirably adapted for ornamenting small or large grounds, or for cemetery planting. Trees 6 to 8 feet, with 3-year-old heads, each \$2.50, 3 for \$7.00, 12 for \$25.00. (see cut.)

KILMARNOCK WEEPING WILLOW .--Grafted five or six feet high. It forms without any trimming, an exceedingly graceful tree with glossy foliage and perfect umbrella head; unique in form. Vigorous and thriving in all soils. Two-year-old heads, \$1.00 each.

CUT-LEAVED WEEPING BIRCH .-- A tree of wonderful grace and beauty. The bark is silvery white, the leaves delicately cut. A favorite tree for lawn groups, specimens and cemetery planting. Five to seven feet, each \$1.50.

ROSE ACACIA (WEEPING LOCUST) .-Grafted 4 to 6 feet high. Bears beautiful pink flowers in clusters. \$1.50 each.

## CALIFORNIA PRIVET FOR HEDGES.

Privet Hedge.

Privet Hedge.

CALIFORNIA PRIVET.—Beautify your surroundings. Remove the unsightly fence. Increase the value of your property by planting a California Privet Hedge. It will do almost as well on poor soil as on good, in all situations and under all conditions. It is a vigorous grower, with leaves of a good rich shade of green, almost an evergreen, the new leaves putting forth as the old ones fall. It can be pruned at any time, and the more you prune it the better it will look and the better hedge will be formed. Insects never attack it, and it never grows dull, but holds its beautiful green foliage throughout the season. It can be planted in a single row, plants 8 to 12 inches apart, but we recommend for a more compact hedge to plant a double row. Plant 8 inches apart, that is 3 plants to every 2 feet of hedge. We have a fine stock of well branched trees to offer at the following prices: 2 to 3 feet, well branched, 75c per doz. \$5.00 per 100. Extra strong, 3 to 4 feet, \$1.00 per doz., \$7.00 per 100.

Leaflet on Privet Hedges free on request.

Norway Maple.

Sycamore.

# Shade and Ornamental Trees.

The judicious planting of ornamental trees and shrubs on the home grounds enhances the value of real estate more than an equal amount of money invested in any other way. The best time to plant deciduous trees is during the fall and spring menths. In planting make the hole wide enough so that when the tree is set you can spread out the roofs, always avoiding as much as possible twisting and crowding the roots. Set the tree about the tame depth as it was in the nursery, which can easily be seen from the stain on the bark. Work the soil in carefully about the roots, leaving no cavities or air spaces, and pack the soil firmly. During dry seasons frequent surring of the soil is a valuable means of retaining moisture. Be careful to see that they do not suffer from; want of water during the first season; soak the ground thoroughly when it needs it.

We shall be pleased to quote prices to any one desiring different sizes of stock in larger quantities than offered herein. In sending list state definitely the number of each variety and size wanted.

These prices on Fruit Trees and Ornamental and Shade Trees are F.O.B. railtead station or express; office at St. Louis, purchaser paying transportation from there. All St. Louis city orders we deliver free if the order amounts to \$5.00. No premiums allowed with trees, but we make no charge for packing.

SILVER MAPLE.—This variety is a very fast grower, producing shade in a short time. It requires to be pruned every season to keep it from breaking down in sudden wind storms. Extra selected trees, 1½ to 2 inches in diameter and 12 to 14 feet high, \$1.50 to \$2 €0 each; second size, 1 to 1½ inch in diameter, \$1.25 each.

NORWAY MAPLE.—The foliage of this variety is of a darker green than the Silver Maple and much slower in growth; wood hard and not easily broken; trees well headed; 9 to 10 feet, 1 to 1% inch in diameter, \$1.50 each.

CAROLINA POPLAR.—A rapid grower, with small leaves, easily pruned. Extra selected, straight trees, 1½ to 2 inches in diameter, 12 feet high, \$2.00 each; second size, about 2½ to 3 inches in diameter, \$2.00.

LOMBARDY POPLAR.—Grows erect and tall. Extra selected, straight trees, 10 to 12 feet high, \$1.25 each; 2 to 24 inches in diameter, \$2.00 each.

TULIP.-Large, stately tree; grows rapidly and bears a profusion of tulip-shaped yellow flowers: 5 to 6 feet. \$1.00 each.

**SWEET GUM.**—A handsome, hardy, rapid growing tree; valuable either for street or lawn; 5 to 6 feet, \$1.50 each.

YC AMORE.—A variety that will generally thrive when other varieties of trees fail, being well; adapted to smoky atmosphere, on account that it sheds its bark every season; grows rapidly, leaves very large, of a light green color. Selected nursery-grown trees, 2 to 2½ inches, \$2.00 each. Second size, 1½ to 2 inches, \$1.50 each.

AMERICAN LINDEN.-A rapid grower, large size, beautiful native tree with large leaves and fragrant flowers. Seven to eight feet, \$1.25 each.

ASH, EUROPEAN MOUNTAIN.—A tree of medium size, having pinnate leaves and bearing clusters of orange-colored berries from midsummer until frost. Five to seven feet, \$1.25 each.

CATALPA BUNGEI (UMBRELLA TREE).—A small species that grows 8 to 10 feet high, forming a tree clothed with a dense mass of large heart-shaped leaves, Among our hardy trees there are few more effective as foliage plants for park or lawn. It is grafted on a stock of one of the tree species 5 to 6 feet high. It makes a handsome standard tree, with a very dense and symmetrical head; \$2.00.

# EVERGREENS.

This is a class of indispensable trees for parks, public and private grounds, possessing varied forms of growth and coloring of foliage and adapted to a variety of soils. They are particularly valuable for ornamental planting and are always objects of beauty summer and winter alike, giving special charm to our landscape when deciduous trees are leafiless.

In transplanting Evergreens great precaution has to be taken never to let the roots dry out at any time.

ARBOR VITAE, AMERICAN.—One of the finest Evergreens for hedges. It grows rapidly and soon forms a most beautiful hedge. Fine specimens, \$1.00.

ARBOR VITAE GLOBOSA.—Dwarf growing species; globular habit of growth; a medium shade of green and does well on any well-drained soil; 18 to 24 inches. \$1.00.

IRISH JUNIPER.—A valuable Evergreen for the Colonial style of gardening. Grows rapid and uniform, requiring little or no trimming. Size 30 to 36 inches high, see cut \$1.00.

WHITE PINE.-It forms a large, straight tree, unquestionably hardy. Size 30 to 36 inches high, \$1.00.

NORWAY SPRUCE. -A very popular Evergreen. Attractive and a rapid grower; 30 to 36 inches high, \$1.00 each.

AUSTRIAN PINE.—This variety grows very irregular, perfectly hardy and rapid growing; 2 to 3 feet, \$1.00.

SCOTCH.—Same as above, but needles shorter; also very useful for all purposes: 2 to 3 feet \$1.00.

Irish Juniper.

# OUR FRUIT DEPARTMENT

ALL STOCK INSPECTED BY STATE INSPECTOR

Strawberry Glen Mary.

#### SMALL FRUITS OF SPECIAL MERIT

The list of Small Fruits offered on this and the next page is not extensive, but we are confident the varieties all possess great merit. We think our patrons will appreciate the list we offer, and would rather select what they want from it than from a long list containing many varieties of only ordinary merit. The following varieties have been grown very extensively by berry growers, and have proven to be the very best standard sorts.

#### STRAWBERRIES

Strawberries will succeed in any soil that is adapted to ordinary farm or garden crops. Soil should be thoroughly prepared to a good depth, well drained and enriched. Vegetable manure (muck, rotten turf, wood soil, ashes, etc.), is the best. For field culture set in rows three and a half feet apart, fifteen to eighteen inches in rows; for garden fifteen inches apart each way, leaving pathway every third row. To produce fine, large fuit, keep in hills, pinching runners off as soon as they appear. Ground should always be kept clean and well cultivated. In winter a covering of leaves, straw or some kind of litter will protect the plants. Do not cover them until ground is frozen or so deep as to smother the plants, and remove covering before growth starts in spring. Mulching will keep the fruit clean and the soil in good condition through the fruiting season.

The blossoms of those marked (p) are destitute of stamens, and are termed pistillate, and unless a row of perfect flowering variety is planted at intervals not exceeding about a rod, they will produce imperfect fruit and but little of it, but when properly fertilized, as a rule, they are more prolific than those with perfect flowers.

From our extensive collection we have selected the varieties offered as the best for general use, and if planted out any time before May 5th, will, under proper conditions, fruit some the present year.

#### STRAWBERRIES-General Collection

AROMA—The largest strawberry that we have ever fruited, enormously productive, berries very large, bright red, exquisite quality, ripens late.

BUBACH No. 5—P. Fruit large and handsome, roundish, conical, bright scarlet, moderate firm, desirable for home use, season early to medium.

CORSICAN—Conspictious for its size, shape, color and quality, color crimson, flesh moderately firm, and quality extra good.

**KLONDYKE**—Large, roundish, conical form, color bright scarlet; fair quality, season medium; vigorous grower and productive,

EXCELSIOR—One of the very best of its class, very productive, and yielding berries which are large, firm, high colored and of fair quality,

GLEN MARY—An extraordinary large size, color a dark glossy crimson, fairly firm and of excellent quality,

MARSHALL-Unsurpassed for table use and noted everywhere for its fine quality.

MONITOR—The berries are all of large size. The fruit is of a bright, shiny red, uniformly large, firm and attractive, of excellent flavor; early.

**NEW YORK**—This is the best and largest new variety. It is a robust grower, berries measuring over 7 inches in circumference, color a crimson scarlet, dark; the flavor is deliciously rich and melting.

SENATOR DUNLAP—The best berry for the family table or home market. Quality unsurpassed, the size will average large; berries nearly round, bright crimson.

VIRGINIA-P. One of the very best berries, and seems to succeed nearly everywhere, producing in profusion large dark colored berries of uniform size.

NEW HOME—A well-tested variety, that is giving remarkable satisfaction as a large, handsome productive berry for market or home use. Berries extra large.

GANDY—A reliable late variety, berries bright crimson, very uniform in size and shape, large and firm, plants vigorous and healthy.

Pot-grown plants, 60c per dozen, \$3.00 per 100. These plants cannot be sent by mail.

Layer plants, 25c for 12, \$1.50 per 100.

If wanted by mail add 25c per 100 for postage. Mailed free (if wanted) at the dozen rate.

#### **SELECT COOSEBERRIES**

DOWNING—A large handsome fruit; green in color when ripe; extra fine quality. Immense cropper and always in demand at good prices. Never middews. Bush a strong upright grower. One of the best. 15c each; \$1.50 per dozen.

HOUGHTON—Berries medium size, wonderfully productive; of spreading growth, literally covered with berries of fine quality. Pale red when ripe. Always free from mildew. Price, same as the above.

RED JACKET—Of American origin, possessing all the good qualities of the English type, and withstauding our severe climatic conditions with impunity. A wonderful cropper, with clean, healthy foliage. Price, 25c each; \$2.50 per dozen.

If Gooseberries are wanted by mail, add 25 cents per dozen for postage.

Please send in your orders for small fruits early, for by so doing you will be better satisfied.

Gooseberry Downing.

# RASPBERRIES.

Will do well on any soil that will produce a good corn crop. Land should be thoroughly prepared and well enriched; ground bone is one of the best fertilizers. Keep well cultivated and free from weeds and suckers. As soon as they have done bearing, cut out the old wood to give more vigor to the young canes. Plant in rows five feet apart, three feet apart in rows

## BLACK RASPBERRIES

**CUMBERLAND**—The business black cap. Fruit very large, wonderfully productive and absolutely hardy; early.

GREGG-Reliable, hardy; the very largest and most productive black cap.

MUNGER (Black Cap)—Single specimens measure one inch in diameter. Brings highest market price. Resembles Gregg, better flavor, excels in size.

KANSAS—A remarkably, good second early: black cap.

Price 10c each, 12 for 7oc.

If ordered to be sent by mail, add 10c per dozen for postage.

## RED RASPBERRIES

**COLUMBIAN**—New; deep purplish red; sweet and highly flavored; extra strong canes; wonderfully productive; berry large.

CUTHBERT—One of the best, most profitable berries for general planting; upright very hardy, prolific; fruit brilliant red, juicy, excellent quality.

THE KING-The great extra early red berry. Fruit large, bright red, good quality.

Price 15c each, 12 for \$1.00.

If ordered to be sent by mail, add 10c per dozen for postage.

# HARDY GRAPE VINES

# BEST VARIETIES FOR FAMILY USE.

There is scarcely a yard so small, either in country or city, that room for from one to a dozen or more grape vines cannot be found. They do admirably well trained up the side of any building, or along the garden fence, occupying but little room and furnishing an abundance of the healthiest of fruits. Make the soil mellow, and plant the vines somewhat deeper than they stood in the nursery. Plant about eight feet apart, by the fence or building. For vineyards, make rows eight feet apart, six to ten feet in rows.

'AGAWAN-Rogers No. 15. Old, reliable, large, red, one of the very best, ripens early.

**BRIGHTON**—A fine dark red sort; very early; large, compact bunches; berries medium to large, very sweet, of high flavor.

**CAMPBELL'S EARLY**—Strong grower, large healthy foliage, productive, good keeper and shipper; ripens with Moore's early; bunch and berry large; glossy black.

EMPIRE STATE—White, bunch medium, long, compact; berries medium; quality best; ripens early.

MOORE'S EARLY—Two weeks earlier than the Concord, which it resembles, as to color, etc.

MOORE'S DIAMOND—One of the very best. Fruit white, changing to yellow tinge when ripe: very juicy.

MARTHA-One of the best greenish, white grapes. A good grower and of easy culture.

WYOMING RED-Ared grape resembling the Delaware in color and flavor, but much larger.

WILDER—The finest of all the black grapes-Good grower, very productive, berries medium in size, bunches large.

**CONCORD**—Universally popular, succeeds everywhere, purplish black. Very productive.

**DELAWARE**-Bunch small, compact, light red, very sweet and delicious flavor.

NIAGARA—Hardy, strong and vigorous grower. Berries are greenish white, semi transparent, slightly ambered in the sun. Skin thin and tough, very sweet.

**WORDEN**-Black, handsome, compact bunch. Ripens earlier than the Concord.

SALEM—A strong vigorous vine, a hybrid between a native and a Black Hamburg; berries large, Catawba color, thin skin, free from hard pulp, very sweet and sprightly: ripens first of September.

GREEN'S EARLY—A grand extra early, whitegrape. Bunch and berry medium to large, fine quality.

MERRIMACK-Large berry, jet black.

SPECIAL OFFER-Strong two-year-old plants, 20c each; 3 for 50c, \$2.00 per doz.

# New Red Currant Perfection

An introduction that promises to eclipse all other varieties. It is the result of a cross between Fay's Prolific and White Grape, and combines the size and color of the former with the high quality and productiveness of the latter, a strong combination which is certain to place it at the head of Red Currants. Was awarded the Barry Gold Medal at the Pan-American Exposition, as well as the only Gold Medal at the St. Louis Exposition. Price 35c each, 3 for \$1.00.

## CURRANTS

Hardy, easily cultivated, standing neglect, well and liberally responding to cultivation and generous treatment; indispensible for table use, jellies, etc.; no garden is complete without them.

POMONA-Medium size. clear bright red, excellent quality, hangs long time after ripe.
FAY'S PROLIFIC-Color rich red; the lead-

ing variety for home use.

CHERRY—Deep red.
WHITE GRAPE—Best white variety.

Price 15c each, 12 for \$1.00.

If ordered to be sent by mail, add 10c per dozen for postage,

# Blackberries.

Should be planted in rows six to seven fee apart, three to five feet in a row. Keep ground light and rich. Pinch the canes back when they have reached four feet in height.

ELDORADO—New, very hardy, no core. Very sweet, with the flavor of the wild berry. Prolific and of a good size.

RATBUN—Strong grower, hardy, having endured 20 degrees below zero and producing a good crop. Forms a neat compact bush, producing its immense fruit abundantly.

EARLY HARVEST-The best early. Fruit black, productive.

MESEREAU (New)—Immense size, extremely hardy and productive. Unites size of Wilson with hardiness of Snyder. Mammoth size fruit of sparkling black, which it retains long after picking; sweet, rich, melting.

Price 10c each, 12 for 75c.

If ordered to be sent by mail, add 10c per dozen for postage.

Please send in your order for small fruits early, for by so doing you will be better satisfied.

Palmyra, April 25th, 1907.

My plants have just come and I want to tell you how pleased I am, and thank you so much for sending me so many more than I paid for. They came in nice order. I am much pleased.

Yours Respectfully,

MRS. SARAH J. LEE.

#### Apple, Ben Davis,

## CRAB APPLES.

HYSLOP-A rapid stiff grower and a great bearer of the most beautiful fruit we ever grew; bright, glossy yellow, shaded with bright red; a mild, clear tart, surpassing all other crabs known for all culinary purposes, and fair to eat from the hand. October and November.

Please send in your order for Small Fruits early, for by so doing you will be better satisfied.

DARDENNE, Mo., March 13, '07.

DEAR SIRS—The trees I ordered from you arrived in fine condition some days ago. I thank you very much for the two quince trees very respectfully. C. YOUNG & SONS CO.

# TEN SELECT VARIETIES OF PEACHES.

Peach, Crawford's Early.

#### SEVEN SELECT VARIETIES OF PLUMS.

Space will not permit us to offer a long list of Plums. With many years of experience in their culture, and the advise of others of even greater experience, we have selected the four varieties that will best meet the varied requirement of soil and climate of the many states, from all of which we receive orders. For hardiness, early and prolific bearing, genuine table and market qualities, they easily excel.

5 to 7 feet 40c each; \$4.00 per dozen.

FRENCH DAMSON—A hardy annual bearer, very productive. Fruit medium, dark. coppery color. October.

6 REEN GAGE—Large, oval, pale green; flesh juicy and rich; one of the best.

of the best GERMAN PRUNE-One of the most valuable and widely known varieties. Our strain produces fruit nearly one-third larger than most strains. Fruit long, peculiarly swollen on one side. Skin purple, with a thick blue bloom. Flesh green, firm, sweet pleasant flavor.

a thick blue bloom. Hesh green, nrm, sweet pleasant navor, LOMBARD—Fruit of medium size, roundishoval; skin violetred, paler the shade. Flesh deep yellow, juicy, and very pleasant flavor. Tree usually quite vigorous and hardy, and succeeding well in light soils. An early and prolific bearer.

NEWMAN—Medium, violet red, juicy, good, hardy and productive, the leading markst variety. Aponet

NEWMAN—Medium, violet red, juicy, good, hardy and productive, the leading market variety. August.
RED JUNE—Recommended as "by all odds the best Japanese plum, ripening before Abundance." One of the vigorous, upright growers; productive fair size, vermilion red, pleasant quality. Ripens a week before Abundance.

WILD GOOSE-Large. rich, crimson, beautiful, Flesh soft, rich, melting, delicious, with a full, fruity flavor. Tree a strong grower-prolific. This variety is among plums what the Ben Davis is among apples. July.

There are many excellent varieties of Peaches, but most of them are adapted to only a limited portion of the country. With the aid of experienced orchardists we have selected the following varieties as being adapted to a wide range of country, and valuable for home and market orchards. They are all vigorous, healthy growers, and early and prolific bearers. They are, without doubt, the best ten varieties in cultiva-

Alwastrim Peaches when planting. The stem should be reduced one third and the side branches cut back to one bud.

5 to 6 feet, 30c each; \$3.00 per dozen.

CARPENTER CLING-Fruit of the largest size, heart-shaped, Skin yellow and amber, with bright red blush. Flesh very firm and juicy, with a delicious flavor.

CARMAN-Large, resembles the Elberta in shape; color, creamy white or pale yellow with deep blush; skin very tough, flesh tender, ffne flavor and quite juicy.

CHAMPION-Very large; handsome, creamy white, with red cheek sweet, rich, juicy; freestone. Hardy and productive. Middle of July.

CRAWFORD'S EARLY-Large, oblong, yellow, with a fine red cheek; flesh yellow, melting, sweet and excellent. Tree vigorous and productive. One of the best market varieties. First to middle of August.

CRAWFORD'S LATE-Very large, roundish; yellow with a fine dark red cheek; flesh deep yellow; juicy and melting with rich vinous flavor. Middle to last of August.

ELBERTA-An exceedingly large, high-colored yellow peach; a cross between Crawford's and Chinese Cling; juicy, well flavored; one of the finest yellow freestone peaches in existence. Ripens in August.

GREENSBORO-The largest and most beautifully colored of all the early varieties. Double the size of Alexander, ripening at the same time. Flesh, white, juicy and good. July.

SIUMP THE WORLD-Red and white, handsome, good size and fair quality. Very productive. End of September.

TRIUMPH-Large, yellow nearly covered with red; flesh bright yellow, free when fully ripe, and of excellent flavor. Ripens in August.

TURNER-The Turner is valuable on account of its early ripening and fine quality. It is of full medium size and of fine red color. The bush is very hardy.

# The New Strawberry

## "Bridgeton Beauty."

In June 1906 when the Strawberry season was about over, Mr. Meyer of Bridgeton, invited us to call and see a strawberry that he had originated which he had called Bridgeton Beauty. Though so late we found the crop just in its prime, a sight worth going many miles to see. The berries were enormous in size and the crop was a sight to behold. The berries were a fine form, of a rich dark color, and solid to the very center. Quality excellent. The plant though not so rank as the Marshall, is a strong grower, hardy, showing no signs of rust; and a strong staminate variety. The Bridgeton in our opinion, is the best thing in the Strawberry line ever put upon the market. It is as productive and large as the Bubach, and certainly a better family variety in every way. Two of its strongest recommendations, 1st, it colors all over at once; 2nd that there are as many fine berries in the middle of the bed as there are on the outside. Price, layer plants, postpaid, 50c per dozen, \$4.00 per hundred. Pot grown plants, \$1.00 per dozen, \$6.00 per hundred, by express only, purchaser paying charges.

New Strawberries.- 'Bridgeton Beauty,''

#### SPECIAL OFFER
